# **BRIEF PROFILE OF DIRECTORS**

Shri Jai Prakash Dwivedi (58) [DIN: 09508849], took charge as Chairman-cum-Managing Director, WCL on 01st February, 2024. Prior to that, he was working as Director (Technical) of our company since 04th February, 2022. Besides that, he is also holding the position as Nominee Director, Government of India on the Board of Singareni Collieries Company Limited.

Shri Dwivedi has over 3 decades of experience in forefront of operations. His vast experience includes both mega level opencast as well as underground coal mines at different subsidiaries of Coal India Limited. He started his carrier in Coal India Limited in 1986 as a mining engineer after completing his graduation in mining engineering from IIT-BHU, Varanasi. He has served for 28 years in SECL, 4 years in ECL and 3 years in NCL. He completed his PG Diploma in Marketing Management in 1999 and has undergone various international exposure through different programmes organized abroad viz: Advance Management Training on Automation System at Russia, Growth-oriented leadership in emerging global environment at China & France, in Implementation of continuous miner technology at South Africa and has participated in World's Premier Mineral Exploration & Mining Convention in Toronto, Canada. He has vast experience in all types of coal mining technologies, in opencast and in underground mines with modern technologies like Longwall mining, Continuous Miners and also in conventional underground mines with caving & stowing methods. He was instrumental in introduction of Continuous Miner (CM) at Jhanira underground mines of ECL, similarly introduction of Surface miners at Nigahi OCP of NCL and commissioning of 24/96 Dragline at Amlohri OCP, NCL. With his variety of experience, remarkable footprints have been marked by registering positive growth in production at all the places he worked including WCL which has also recorded the highest ever coal production and OBR since joining in WCL. His efforts have always been recognised and he was conferred with the 'Best Engineer Award' by the Institution of Engineers and Best Area General Manager - individual excellence award by CIL.

Shri Anil Kumar Singh (58) [DIN: 09625129], is Director (Technical) of our Company since 14th May, 2022. Shri Anil Kumar Singh completed his B. Tech (Mining) with Honours from Indian School of Mines, Dhanbad in 1985 and joined WCL/ SECL, a subsidiary of Coal India Limited in July 1985. He worked in Underground Mines of SECL for more than 17 years till October 2002 in various capacities including Colliery Manager at Delwadih, Bijuri, Surakachar 5/6, Viveknagar etc. Shri Anil Kumar Singh joined MCL in November 2002 and worked in various capacities till March 2022. He worked at MCL HQ for 6 years as GM(S&R), GM (Environment & Forest), GM (Production) and TS to D(T)P&P. He also worked as Area General Manager, Lakhanpur Area, Bharatpur Area and Basundhara Area. During his tenure in Lakhanpur, the Area achieved the highest ever Coal production to the tune of 28.5 MT and achieved Coal production target in all the three years. He has been associated with various infrastructure development activities like construction of SILO loading system, Pipe belt conveyor, 1st non-coking Coal washery of MCL with a capacity of 10 MTY, dedicated Road construction for Coal Transportation, Employees accommodation in Multi Storey Buildings (G+8) etc. Shri Anil Kumar Singh has attended Advance Management Programme in 2011 at IICM, Ranchi and then visited highly mechanized coal mines & manufacturing units of Mining equipments in China. He also attended one week training programme in 2015 at IIM Kolkata and visited Frankfurt School of Management, Germany; St. Gallen's, Switzerland and Essec, Paris, France. Shri Anil Kumar Singh is a Life member of Mining Geological & Metallurgical Institute of India (MGMI) and Life member of the Indian Society for Training & Development. He also holds the post of Chairman of Nagpur Branch of MGMI. Shri Anil Kumar Singh joined WCL as GM (Co-ordination) on 21.03.2022 and assumed charge of Director (Technical), WCL on 14.05.2022.

Shri Bikram Ghosh (54) [DIN: 10579181], is Director (Finance) of our company since 27th March, 2024. Prior to joining WCL, he was General Manager (Finance), BCCL. He holds a Master Degree in Commerce

(M.Com - Management) from University of Burdwan in the year 1992. He completed his professional Degree ICMA in the year 1992 and Sri. B. Ghosh is also an Associate Member of Institute of Cost Accountants of India. Shri Ghosh is a results-driven and strategic Finance Professional with a proven track record of leading financial operations, driving growth, over a period of 28 years. He has a vast knowledge and wide experience in Procurement, Contracts, Accounts, Taxation, Fund, Cost Management and payment technology. He is known for his strong leadership skills and ability to build high-performing finance teams. In addition to his professional achievements, he is actively involved in various community initiatives. Shri Ghosh is also entrusted with additional charge for the post of Director (Personnel) w.e.f. 01.08.2024.

Shri Sudarshan Bhagat (39) [DIN: 10066880], Deputy Secretary, Ministry of Coal is a Government Nominee Director on the Board of Western Coalfields Limited with effect from 22nd February, 2023. Shri Bhagat is an Indian Ordnance Factory Service officer. He is an Engineer in Electronic and Communication Engineering from Malviya National Institute of Technology (MNIT). Prior to his posting as Deputy Secretary, Ministry of Coal, he worked as Joint Director in the Department of Defence Production, Ministry of Defence and also Worked as Manager at Ordnance Factory Kanpur.

Shri Mukesh Choudhary (53) [DIN: 07532479], Director (Marketing), Coal India Ltd. is a Government Nominee Director on the Board of Western Coalfields Limited with effect from 27th January, 2023. Shri Mukesh Choudhary took over as Director (Marketing), Coal India Limited (CIL), the state-owned Maharatna coal mining behemoth on and from 23rd December 2022(A/N). Prior to taking up the reins of the CIL marketing division's top slot, he was Deputy Director General, Department of Defence Production, Ministry of Defence. An Officer of Indian Ordnance Factory Services (IOFS) 1996 batch, Mr. Choudhary is a Mechanical Engineering (Honours) graduate from Engineering College Kota. He also holds Master of Financial Analysis (MFA) and MBA degrees. Importantly for CIL, Mr. Choudhary is well versed in the finer nuances of country's coal demand supply chain and marketing system on the back of his six and half year exposure as Director (Coal Production and Despatches) in the Ministry of Coal where his functions included monitoring coal supplies, transport logistics and marketing policies. He also served on the boards of government-owned coal companies like MCL, SECL, NLTPL, NCL, SCCL and CMDPI. At a time when CIL's coal supplies have peaked to record high levels, especially to the major coal-consuming power sector, and coal demand is expected to shoot up, spurred by the increased electricity generation in the country, Mr. Choudhary's experience will help in tackling the challenging issues.

Shri Bhag Chand Agarwal (65) [DIN: 00431182], joined as an Independent Director on the Board of Company w.e.f. 01/11/2021. He is B. Com (Honors) from University of Rajasthan and a Fellow member of the Institute of Chartered Accountants of India. He is having specialized knowledge and expertise in the fields of Tax Planning, Company Law matters, Finance & Business. He is also holding the directorship position in Imperial Dyeing Limited. Prior to joining WCL as an Independent Director, he was holding directorships in Sriram Textiles Pvt. Ltd, Steel City Properties Pvt. Ltd. And BRR Agro Farms Pvt. Ltd. He is also a social worker connected with educational and tribal organizations.

Shri Kantilal Chaturbhai Patel (64) [DIN: 06610367], joined as an Independent Director on the Board of Company w.e.f 01/11/2021. He is holding a degree in Commerce alongwith Law. He is having expertise in the fields of management, training and development. He is a sports lover and actively engaged with hockey and basketball games. He is also associated with various social organizations and prior to joining WCL as an Independent Director, he was holding directorship in GSRTC, Government of Gujarat.

**Shri Balram Nandwani (57) [DIN: 00356119],** joined as an Independent Director on the Board of Company w.e.f 01/11/2021. He is post graduate in Commerce and having Fellow membership of the Institute of Chartered Accountants of India. He is having vast experience in the fields of Accounting, Auditing, Indian Taxation, Laws, Administration and Corporate Governance apart from good understanding of governance models of PSUs, Universities and NGOs. He is associated with various trusts working in the field of social, cultural and spiritual activities like National Treasurer of Swadeshi Jagran Foundation, New Delhi, Shri Madhav Jan SewaNyas, Mata ChanderKantaSamritiSewaNyas. Besides that, he is also associated with various academic institutions like I.B. Post graduate college, I.B. Public school (CBSE affiliated), Shriram Shiksha Sadan, Panipat. Earlier, he has worked on formulation of introducing accounting reforms and improvement in Financial reporting at local bodies, bringing accounting standards in line International Public Sector Accounting Standards Board while acting as member of Committee on Public and Government Financial Management constituted by ICAI.

Shri Binod Bihari Dash (66) [DIN: 01826362], joined as an Independent Director on the Board of Company w.e.f 01/11/2021. He is a law graduate with post-graduation in Science. He is an Educationist, Industrialist, sports person and Sports Organizer of national repute (National level Badminton player). He is also a Documentary & Telefilm producer. He is Honorary Secretary of Odisha Private Engineering College Association (OPECA), Member of Mo College, Ravenshaw University and a member of Policy Planning Body & Fee Structure Committee, Govt. of Odisha. He is also associated with various Industry Associations, as a member of Confederation of Indian Industry (CII), Educational Promotional Society of India, (EPSI) The Indus Entrepreneurs, past Honorary Secretary and Vice President Utkal Chamber of Commerce & Industries Ltd (UCCIL), member Rotary club of Cuttack. He is contributing in the field of sports as President of Orissa Association for Rowing & Sculling and as member of Odisha Council of Sports, Govt. Of Odisha, He was the past Vice President of Odisha State Badminton Association and Basketball Association of Odisha.

Shri S S Gupta (55), PCOM, Central Railway joined as Permanent Invitee on the Board of Company w.e.f. 11/10/2023. He has taken over as the Principal Chief Operations Manager, Central Railway on 05.09.2023. He is a 1992 batch officer of the Indian Railway Traffic Service, has an extensive experience in various aspects of Railway operations having worked on Western Railway, South East Central Railway, Northern Railway and Central Railway in various capacities including Chief Freight Transportation Manager, Central Railway, Chief Passenger Transportation Manager, Central & Western Railway, Chief Commercial Manager (Freight Marketing) & Chief Transportation Planning Manager, Central Railway, Chief Public Relations Officer, Western Railway. He has also worked as Chief Transportation Manager (Petroleum), Central Railway (Western Region), Sr. Divisional Commercial Manager, South Eastern Railway, Kolkata. In his distinguished career he has also worked as Divisional Railway Manager of Raipur Division of South East Central Railway. In his illustrious career, Shri Shyam Sunder Gupta has attended various seminars and training programmes including Advanced Management Programme at INSEAD Singapore & ICLIF, Malaysia. Shri Gupta, having an in-depth understanding of Logistics and Transportation systems in India has been awarded the prestigious Railway Minister Award in the year 2001, General Manager's Award in 2010 and a gold medalist for Best Participant in 32nd Advance Management programme given by National Academy of Indian Railways, Vadodara. Prior to assuming his current role as Principal Chief Operations Manager for Central Railway, he has served as Chief Administrative Officer (Systems) for Northern Railway.

- The Ministry of Corporate Affairs ("MCA") vide its General Circular No 09/2023 dated 25.09.2023 in continuation to earlier General Circular No. 20/2020 dated: 05.05.2020,02/2022 dated: 05.05.2022and 10/2022 dated: 28.12.2022 (Collectively referred to as has "MCA Circulars") has permitted convening the Annual General Meeting ("AGM"/ "Meeting") through Video Conferencing ("VC") or Other Audio Visual Means ("OAVM"), without the physical presence of the Members at a common venue. In accordance with the MCA Circulars and provisions of the Companies Act, 2013 ('The Act'), the AGM of the Company is being held through VC/OAVM. The registered office of the Company shall be deemed to be the venue for the AGM.
- 2. Members attending the meeting through VC/OAVM shall be counted for the purpose of determining the quorum under Section 103 of the Act
- 3. Since this AGM is being held pursuant to MCA Circulars through VC / OAVM, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of proxies by the Members will not be available for the AGM and hence the Proxy Form and Attendance Slip are not annexed to this Notice. However, in pursuance of sections 112 and 113 of the Companies Act, 2013 representatives of the members may be appointed for participation and voting through VC or OAVM. For attending meeting through VC or OAVM, link shall be provided from the companies authorized e-mail ID well in advance and the facility for joining the meeting shall be kept open at least 15 minutes before the time scheduled to start the meeting and shall not be closed 15 minutes after such scheduled time.
- 4. Since the AGM will be held through VC/OAVM, the route map of the venue of the meeting is not annexed hereto.
- 5. Members are also requested to accord their consent for convening the meeting at a shorter Notice under section 101 of the Companies Act, 2013 / as per Articles of Association of Company.
- 6. Pursuant to the provision of Section 171(1) (b) and 189(4) of the companies Act, 2013, the registers required to be kept open for inspection at every Annual General Meeting of the company, shall be accessible during the continuance of the meeting to any person having the right to attend the meeting.
- 7. The Explanatory statement pursuant to Section 102(1) of the Act, relating to the Special Business to be transacted at the AGM is annexed hereto as "Annexure A".
- 8. Details of Director retiring by rotation/ seeking appointment/ re-appointment at this meeting are provided in the "Annexure B".

#### To,

Coal India Limited (Through Chairman, CIL), Kolkata Shri P M Prasad, Chairman, CIL, Kolkata Shri Mukesh Choudhary, Director (Marketing), CIL, Kolkata Shri Jai Prakash Dwivedi, CMD, WCL, Nagpur M/s. Bagaria& Co LLP, Statutory Auditors, WCL M/s Parikh & Associates, Secretarial Auditor, WCL Dr. Bhagchand Agarwal, Chairman, Audit Committee, WCL. All Directors, WCL.

#### ANNEXURE TO THE NOTICE FOR ANNUAL GENERAL MEETING OF WESTERN COALFIELDS LIMITED

EXPLANATORY STATEMENT UNDER SECTION 102(1) OF THE COMPANIES ACT, 2013

### **SPECIAL BUSINESS**

# Annexure A

#### ITEM NO.1:

#### Subject : Ratification of remuneration to Cost Auditors for conducting cost audit for FY 2023-24.

The Board of Directors of WCL in its 355th meeting held on 28/08/2023 passed a resolution to appoint cost auditors to conduct cost audit for financial year 2023-24 for an Audit Fees amounting to total of Rs.19,39,920/- inclusive of out of pocket expenses, travelling expenses and applicable GST@ 18%.

The Board of Directors approved the fees subject to the ratification by members of the Company in General Meeting in order to comply with Rule No. 14 of Companies (Audit & Auditors) Rules 2014 on Remuneration of the Auditors and sub section (3) of section 148 of Companies Act 2013.

In view of above mentioned provision, it has become mandatory that the remuneration as recommended by the audit committee and approved by the Board of Directors for conducting cost audit for the year 2023-24 be placed for ratification by the shareholders in the ensuing General meeting.

Accordingly, the resolution for approving the fees payable to cost auditors for conducting cost audit for 2023-24 is placed before the Annual General Meeting for consideration and approval.

None of the Directors, Key Managerial Personnel or their relatives are interested or concerned in the Resolution.

## Chairman's Statement

#### Dear Shareholders,

On behalf of the Board of Directors of Western Coalfields Limited, I welcome you to the 49thAnnual General Meeting of the Company. Your Company has mantained its performance with strong top line Gross Revenue of Rs. 23281.12 Crores.

I am happy to share that we are well positioned amongst the coal producers in the country on the strength of our sturdy performance year after year. Despite stiff challenges posed by adverse geo-mining conditions, paucity of reserves amenable to mega projects, highest stripping ratio amongst all the subsidiaries of CIL, strata control problems due to adverse geo-technical parameters etc., we have been able to sustain stellar physical and financial performance for the concluded fiscal. Your company has achieved prolific all-round performance in FY 2023-24 scaling record highs in all the parameters, viz. coal production, revenue, overburden removal (OBR), offtake, power sector dispatch and capital expenditure.On the financial front also, your Company has excelled in its performance and has maintained its profitability.

#### Vision

Energy is the prime mover for the growth of the nation and coal is the most dominant source in India's energy scenario. Over 70% of India's power generation is coal based with 50% of power consumed in country coming from Coal produced by Coal India Limited. In the present scenario, Coal will remain India's predominant energy source for at least next two to three decades although its share is likely to progressively shrink over the years.

Indian Coal Industry needs to augment the coal production at an unprecedented rate to reach the planned national level of 1.5 Billion Tonnes including CIL's share of 1 Billion Tonnes by FY 2026-27. Your company has also revisited its earlier long-term projection and has set its goal to enhance output to 70Million Tonnes by FY 2025-26.

The Company has set its vision to emerge as a key player in the primary energy sector committed to provide energy security to the country by attaining environmentally and socially sustainable growth through best practices from mine to market.

#### Performance FY 2023-24

Shattering the previous records, your Company's vital performance parameters like production, over burden removal (OBR), coal offtake, coal supply to power plants, Net Sales, PBT and PAT have peaked to a remarkable all-time high. With the synergic efforts of the team, your Company successfully overcame all the impediments and achieved the everhighest coal production of 69.113 Million Te with a growth of 7.5% over the last FY. Amidst challenging situations posed due to adverse geo-mining conditions and higher stripping ratio, our employees rose to the occasion and displayed stupendous resilience towards exploiting every opportunity for not only covering the shortfall of second quarter but also surpassing the annual target with considerable margin.

During the concluded fiscal, the company has recorded the ever-highest Overburden Removal of 407.694 Million Cubic meter registering a phenomenal growth of 25.2 % over the last FY. Your Company also handled the ever highest composite volume of 451.7 Million cubic meter surpassing 366.6 million cubic meter handled in FY 2022-23 by over 23.2%.

In continuation to the highest ever Coal Production and Overburden Removal, your Company has achieved the highest ever Coal Off-take of 70.245 Million Te during FY 2023-24. This achievement demonstrates the remarkable growth of (+) 13.02 % over the last FY's Offtake of 62.152 Million Te.

The Company continued to maintain the high Productivity even under constrained conditions. The overall output per man shift (OMS) stood at 7.98 Te. The underground OMS was 1.05 Te whereas Opencast OMS stood at 17.37 Te. Your Company's Overall system capacity utilization was 75.56% registering a positive growth of 7.85% over last FY.

#### Financial Performance

*The revenue from operations during the fiscal was* Rs.17,491.99 *Crore against last year's actual of* Rs.14,965.01 *Crore thereby registering a robust growth of* Rs. 2526.98 *Crores i.e* 16.89% *over last* FY.

In compliment to stellar performance in physical parameters, your Company has registered outstanding performance on financial front also. The Profit Before Tax stood at Rs.4181.67 Crore against Rs. 2161.34 Crore (Restated) in FY 2022-23. The increase in Profit is mainly attributed to the increase in Revenue from operations.

Major highlights of your Company's financial parameters are:

- The borrowing as on 31.03.2024 was Nil
- Investments and other Bank Balance as on 31.03.2024 stood at Rs. 1351.70 Crore as against Rs. 2244.41 Crore as on 31.03.2023.
- The Net worth of your Company has remarkably appreciated from Rs. 3239.72 Crore restated (as on 31st March, 2023) to Rs.6452.34 Crore (as on 31st March, 2024).

#### Creation of Assets

Company has invested Rs.1196.39 Crores during FY 2023-24 on development of new mines and infrastructure along with replacement of old assets, entirely from its internal resources.

#### **Planning Preparedness**

Your company is operating 35 Ongoing Projects with a sanctioned capacity of 79.65 MTY and capital of Rs.13767.05 Crores. During FY 2023-24, 8 Project Reports/ RPR with a sanctioned capacity of 35.705 MTY were approved. During FY 2023-24, coal production was started from the two new UG mines - Sharda UG, Kanhan Area and Amalgamated Dhankasa-Jamunia UG, Pench Area.

#### Exploration and addition in Reserves

*Exploratory drilling of 36341.30 meters was carried out during the FY 2023-24 by CMPDIL, RI-IV in CIL blocks. Reserves of 181.89 Million Tonnes was established during FY 2023-24.* 

#### Technology infusion in Underground and Opencast Mines

For sustaining the current production levels and to achieve the targeted growth in the coming years, production from UG mines needs to be augmented. Initiatives have been taken for adoption of mass production technology such as Continuous Miner (CM) package in UG mines for augmenting production and productivity. WCL's third Continuous Miner has been introduced at Tawa UG Mine. The Roadmap for introduction of 22 CM Packages in different mines has been formulated for implementation in coming years.

In order to eliminate long arduous travel, fatigue and to improve the efficiency of workmen in UG mines,16 Man Riding Systems have been installed in 14 UG mines.

Besides this, introduction of Surface Miner has gained momentum. In FY 2023-24, we have added around 7 MT production capacity by Surface Miner. Presently 06 (Six) Surface Miners with a Production capacity of 17 MT are operational and further 04 (Four) more Surface Miners with 10 MT capacity are planned to be introduced in near future.

#### Acquisition & Possession of Land

Through various initiatives for resolving contentious issues and trust building measures with Project Affected Persons(PAPs), your Company has made notable achievementsin acquisition of 265.23 Ha land and physical possession of 843.83 Ha of land for mining and allied activities during FY 2023-24.

During the fiscal, total 26 Project Affected (Displaced) Families were resettled by providing resettlement grant as opted by land oustees, within the provisions of R&R Policy of CIL. Company Board accorded administrative approval for Employment of 613 land oustees. Besides, monetary compensation in lieu of employment was provided to 39 land oustees.

In FY 2023-24, your Company has secured Stage-II Forestry clearance for 259.001 Ha of forest land and extension of Forestry Clearance permission for 175.91 Ha of Forest land. The Company has also secured wildlife clearance for 121.58 Ha of land involved in Durgapur Deep Extension OC Project of Chandrapur Area.

#### Corporate Social Responsibility

At WCL, webelieve that success is not measured solely by physical or financial performance. We are committed to operating responsibly and creating positive social and environmental impact alongside our business goals. This year, your Company continued to make significant strides in Corporate Social Responsibility (CSR) initiatives, focusing on Healthcare, Education, Skill Development, Drinking Water, Sanitation & Rural Development themes.

In FY 2023-24, we are proud to report that we exceeded our Corporate Social Responsibility (CSR) expenditure target, spending 13.97 crores compared to our goal of ₹11.75 crores. This demonstrates our unwavering commitment to social development. We're particularly excited about the launch of 02 (two) new flagship projects:

VESTERN COALFIELDS LIMITED

**TARASH** is the CSR project designed to bridge the opportunity gap for talented students from underprivileged and rural backgrounds. By providing them with high-quality coaching, we aim to empower them to crack challenging entrance exams like NEET and JEE, paving the way for careers in medicine and engineering.

**SUSHRUTA** is the project focused on preventive healthcare to identify people with genetic disorders like thalassemia and sickle cell disease at an early stage. Early detection allows for better management and improves the overall well-being of individuals and families.

These initiatives join our ongoing success story, PRAGATI, a skill development program that empowers rural youth and Project Affected Persons (PAPs) living near our mining areas. We are proud to share that PRAGATI has successfully trained 987 individuals in FY 2023-24, equipping them with valuable skills for better employment opportunities.

#### Welfare

During the FY 2023-24, the Company incurred an expenditure of Rs.147.96 Crores for improving the quality of life, medical & healthcare services and educational facilities for its employees and their wards. During the FY 2023-24, your Company has conducted Inter Company tournament in various sports besides hosting Inter Subsidiary tournaments for Table Tennis and Bodybuilding, Powerlifting & Weightlifting.

#### **Energy Efficiency Initiatives**

With sustained initiatives to save energy by rationalizing usage and adoption of various energy efficient measures, the Company has saved power to the tune of 1,12,58,298 KWh during FY 2023-24 as compared to FY 2022-23. These measures have resulted in saving of Rs.11.78 Crores and also resulted in reduction of 9231.8 tonnes of CO2 emission into the atmosphere.

The Company also generated 1681632 KWh of Solar power during FY 2023-24 from theroof top/ground mounted solar panels installed at various areas of WCL.

#### Material Management

Adhering to Government mandate for e-procurement, your Company has placed orders worth Rs. 424.22 crores against target set by CIL of Rs 400.00 crores for procurement on GeM portal. Commitment towards development of Micro and Small-scale industries is reflected by placement of orders of Rs 232.88 crores which is 66.29% of total procurement value (excluding items not being manufactured by them) on MSE Firms during FY 2023-24. Percentage of Procurement from MSEs owned by Women entrepreneurs and SC/ST entrepreneurs is 9.26% and 0.46% respectively. Four vendor development programmes (VDP) were conducted in FY 2023-24 in association with MSME and National SC/ST hub, out of which, one VDP was exclusively conducted for SC/ST entrepreneurs.

Continual improvisation in Inventory Management has resulted in'Inventory in terms of month's consumption'to the tune of 0.94 months which is the lowest among CIL Subsidiaries. The stores cost per tonne of Production in your Company reduced by 18% when compared to FY 2022-23. The Scrap sale realization over last three years is Rs 118.44 Crores.

#### **Environment Management**

*Coal mining is environmentally sensitive activity and mitigation of its adverse impacts is imperative for sustainable development. Your company is aware of its responsibility and has taken slew of initiatives for environmental protection and pollution mitigation measures in all the operating mines.* 

During the concluded fiscal, EC for 7 Projects were secured from MoEF& CC which also includes an incremental capacity of 0.56 MTPA secured in respect of Tawa-III UG (0.48 MTPA) and Singhori OC Expansion (0.08 MTPA).

Your company is dedicated to restoring degraded land through reclamation, afforestation, and green belt development. In the fiscal year FY 23-24 alone, 5.31 lakh saplings have been planted. To date, we have successfully planted a total of approximately 2.05 crores saplings across 7,521.22 hectares of land.

In addition to regular monitoring of environmental quality parameters, Continuous Ambient Air Quality Monitoring Stations (CAAQMS), have been installed in 16 sites (13 Nos. in Maharashtra and 3 nos. in Madhya Pradesh) covering all the 10 areas of WCL for continuous monitoring of ambient air quality parameters. Further, additional 21 nos. of CAAQMS have been supplied recently, which are under the process of installation.

For improvement in air quality, 69 (Sixty-nine) number of Trolley mounted mist Foggers & 4 (Four) numbers of tyre washing systems have been commissioned in FY 2023-24.

In order to hold the scarce resource of fresh water, your Company has also undertaken water conservation measures and created rainwater harvesting facilities in the mines and colonies, which acts as water recharge basins. 8 Number of NOCs have been secured from CGWA in FY 2023-24.

#### Safety & Rescue

Safety of our men and machines is of paramount importance to us. In continuity to earlier activity, slew of measures were taken throughout the year for inculcating safety as work culture and increasing safety awareness amongst the workmen. Our Rescue team won the overall 2nd Prize in all India Mines Rescue Competition 2023.

The Coal India Inter Subsidiary First Aid Competition 2023 was organized by WCL at Mines Rescue Station, Nagpur from 26.02.24 to 28.02.24 in which total 29 (Departmental, Contractual and Women's) teams of different subsidiaries of CIL have participated. Our First Aid team have won the overall 1st prize in Coal India Inter Subsidiary First Aid Competition 2023.

#### Industrial Relations

Industrial Relations during the fiscal 2023-24 have been peaceful, cordial and harmonious in the Company. There were no Industrial dispute and disruption on account of Industrial relations.

#### New Initiatives

Your Company has taken a major step towards Diversification and creating business verticals for boosting the top line through "Surface Coal Gasification Project". It is proposed for setting up of a Coal-to-Synthetic Natural Gas (SNG) Project at Majri Area. The Pre-Feasibility Report (DPR) is under preparation through Project & Development India Limited (PDIL).

With a holistic vision to facilitate 'Ease of living with Ease of doing business, your Company has taken steps to upgrade the mechanized coal transportation and loading system under 'First Mile Connectivity' projects in two phases. This shall facilitate seamless movement of coal along with computerized loading system thereby mitigating the adverse impact on environment and health around the coal mining projects by reducing carbon footprints, beside improving the offtake efficiency. Under this, two Projects namely CHP-Silo at MKD-III OC and CHP- SILO at Mungoli OCare under execution and CHP-SILO at Sasti OC is under tendering process.

Integrated Command and Control Centre (ICCC) for e-surveillance: This is the first of its kind initiative in CIL and is slated for replication in other Subsidiaries of CIL also. This set up provides continuous recording and real time monitoring of video footages from 500 CCTV cameras installedat various strategic locations viz weighbridges, check posts, mine viewpoints, coal stocks and railway sidings for e-surveillance across the WCL command areas with AI based video analytics, enabling 24x7 centralized live monitoring.

Your company has also introduced Drone Technology (Remotely Piloted Unmanned Aerial Vehicles) for enhanced surveillance in its OC mines. The insights gained from ICCC and Drone surveillance have enabled better decision-making and corrective actions, showcasing the utility of advanced technologies in improvising the safety and performance standards of mining operations.

#### Corporate Governance

"Excellent" rating was accorded by DPE in the field of Corporate Governance to your Company for the FY 2022-23. For FY 2023-24 also, as per self-evaluation, your company is slated to secure Excellent Rating for compliance in Corporate Governance.

#### Awards and Accolades

Your Company was bestowed with following awards during the FY 2023-24:

- 1st Prize for "Corporate Award on Swachhta Pakhwada" during the 49th Foundation Day celebration of CIL on 01.11.2023.
- 3rd Prize for **"Award on Swachhta Pakhwada"** by Ministry of Coal sponsored by Ministry of Drinking Water & Sanitation.
- WCL First Aid team won the Overall 1st prize in 'Coal India Inter Subsidiary First Aid Competition 2023'.
- WCL Rescue Team won 2nd Prize in Overall category in 'All India Mines Rescue Competition 2023' at Ramagundam of M/s Singerani Coal Companies Ltd (SCCL).
- 'Golden Peacock Innovation Management Award 2023' from Institute of Directors(IOD) in December 2023 for AI/ML based Video Analytics innovation work at ICCC.
- CIL Award: 'Special Achievment Award for ICCC' on 49th CIL foundation day on 01.11.2023.

#### Last but not the least

We are committed to achieve and surpass the assigned targets for the current fiscal with all round growth while according highest priority to Safety, Corporate Governance, Environment and Corporate Social Responsibility.

*We firmly believe that we will continue to maximize the returns to Company's key stakeholders, its shareholders, customers, employees and local populace.* 

I call upon WCL family to rise and move towards attaining the goal of coal production and off take during FY 2024-25. Thus, we will be fulfilling our bounden duty to energize India and in turn contributing to the progress of the Nation.

#### Acknowledgement

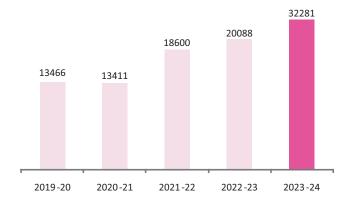

On behalf of your Company's Board of Directors, I acknowledge and express my profound gratitude to the indispensable role of all the shareholders of the Company, Ministry of Coal, Govt. of India, DGMS, Coal India Limited, various Central Government Authorities, State Government Authorities, People's Representatives, Local villages, Local Bodies, all Employees, Trade Unions, Auditors, our Valued Customers, Suppliers and Media for their whole-hearted support and continued co-operation.

With Best Wishes, Sd/-(J.P. Dwivedi) CMD, WCL

## Statutory Report

#### **BOARD'S REPORT**

То

The Members/Shareholders. Western Coalfields Limited.

Your Directors have pleasure in presenting the 49th Annual Report of Western Coalfields Limited and Audited Accounts for the year ended 31st March, 2024 together with the report of the Statutory Auditors and review of the Comptroller and Auditor General of India thereon.

#### **1. PERFORMANCE:**

During the financial year 2023-24, your company has attained stellar performance in all the Physical and Financial Parameters besides creating new benchmarks for allied initiatives. It gives me immense pleasure to present before you the summarized highlights of few of the remarkable achievements during the concluded fiscal:

#### **Highlights**

- Highest ever Coal Production- 69.113 Million Te.
- Highest ever OB removal 407.694 Million CuM.
- Highest ever Offtake 70.245 Million Te.
- Highest ever annual average Rake Loading -27.30 Rakes Per Day.
- Commencement of coal production from two New UGmines - Sharda UG, Kanhan Area and Amalgamated Dhankasa-Jamunia UG, Pench Area.
- Drone Technology introduced for enhanced Surveillance in all OC Mines of WCL in addition to the AI based IT platform of ICCC - 1st of its kind in CIL.

#### **Location of Units**

The mines of your Company are located in Maharashtra and South-West Madhya Pradesh. For Effective administrative control and operations, the mines have been grouped in 10 (Ten) Areas as follows:

| Areas  | District                            | State             | Mines in FY 20 | ``´´     |
|--|-------------------------------------|-------------------|----------------|----------|
|  | District                            | olalo             | Underground    | Opencast |
| Nagpur and Umrer<br>Chandrapur,<br>Ballarpur, Majri,<br>Wani and Wani<br>North | Nagpur,<br>Chandrapur<br>& Yavatmal | Maharashtra       | 09             | 31       |
| Pench, Kanhan & Pathakhera   | Chhindwada<br>& Betul               | Madhya<br>Pradesh | 10             | 02       |
| Total No. of Mines-  |                                     | 52                | 19             | 33       |

#### **Coal Production**

Your Company has scaled a new peak in coal production despite all odds arising out of difficult geo-mining conditions and relatively smaller capacity mines. Overcoming all constraints, the Company has achieved the highest ever Coal production of 69.113 MT surpassing its previous peak coal production of 64.283 MT of previous FY, registering a growth of 7.5 % over Last FY.

The Coal production from OC mines exceeded the target but Underground Coal production was 2.871MT against the target of 3.540 MT. This is mainly attributable to adverse geo-mining conditions and sub-optimal production from Continuous Miners at Tawa UG & Tawa-II UG owing to spares sourcing issues.

#### **Overburden Removal**

In line to the highest ever Coal Production, the Company has attained the highest OB Removal ever recorded in the history of the Company, registering a phenomenal growth of over 82 Million CuM i.e. 25.20% growth over Last FY. The detail follows:

| 2023-24 | 1632 | 1613      | 98.8 | 39.19               |
| 2022-23 | 1664 | 1386      | 83.3 | 33.55               |

WCL has dispatched 39.19 MT coal through Rail Mode as against the AAP target of 40.50 MT and against last year's actual of 33.55 MT. Thus, it has achieved 96.7% of target with growth of (+) 16.8% over Last FY.

#### **Sales realization**

The Sales Realization during the FY 2023-24 has been Rs. 23,734.09 Crores which was 13.36 % more than the last FY 2022-23 realization of Rs. 20,936.84 Crores The realization has been increased by Rs. 2,797.25 Crores over the previous FY.

#### **E-Auctions**

The details of quantity offered & allocated based on successful bids under Spot/CIL e-Auction for FY 2022-23 and CIL e-Auction for FY 2023-24 are as under:

| FY      | Scheme              | Quantity offered<br>(in Lakh tone) | Quantity Allocated<br>(in Lakh Te) |
|---------|---------------------|------------------------------------|------------------------------------|
| 2023-24 | CIL e-Auction       | 51.93                              | 46.01                              |
| 2022-23 | Spot/ CIL e-Auction | 33.70                              | 32.94                              |

Coal is offered only under CIL e-Auction Scheme 2022 (Single Window Mode Agnostic e-Auction) from Feb' 2023, succeeding the earlier e-auction schemes.

#### **CONSUMER SATISFACTION**

WCL possesses ISO 9001:2015 QMS Certification w.r.t quality coal supplies; and with a view to further enhance consumer satisfaction, following specific measures were undertaken:

#### **Quality of Coal**

- i. Implementation of different Quality Control Measures / SOP at fields level from mine to dispatch point.
- ii. Application of motivational tools & techniques for upgrading quality consciousness levels of officials engaged in coal production, sizing, quality assessment and dispatch activities along with quality drives & workshops etc.
- iii. Posting of adequate Technical Inspectors / Chemists for effective implementation of Quality Control Measures from point of coal extraction to dispatch point and smooth conduct of samplingand analysis of coal strictly as per norms.
- iv. Ensuring 100 % crushing / sizing of coal before dispatch by enhancing crushing capacity.
- v. All Coal Testing Laboratories of WCL are NABL Accredited and have adequate provisions of enabling conditions for round the clock sampling of coal before dispatch by third party agencies.
- vi. Regularly organizing customers meet for timely redressal of consumers complaints, if any.
- vii. Timely updating of data in ERP as soon as 3rd party sampling results and referee results are received and registration of consumers on online reconciliation portal for speedy quality reconciliation.

## Measures taken and Milestones achieved are as under:

i. ABC Analysis: Mine-wise ABC Analysis based on % of Grade Materialization as per 3rd party sampling results are circulated to all Areas to assess the quality performance of various mines. ABC Grouping of Mines is done as below:

| Group of<br>Mines | Analysis as per Grade Materialization                   |
|-------------------|---|
| A-Group           | Mines having grade materialization above 80%            |
| B-Group           | Mines having grade materialization between 80 % to 50 % |
| C-Group           | Mines having grade materialization less than 50 %       |

Above analysis is being utilized for taking timely corrective action for increasing grade materialization.

- i. Out of the total quantity of 61.517 MT dispatched to Power Sector, quantity to the tune of 58.212 MT was covered under Third party sampling agreements by consumers i.e 94.62 %.
- ii. Grade Materialization was 79.00 % in the FY 2023-24 as compared to 73.00 % in the FY 2022-23. However, referee results of CIMFR have been received upto July 2023 only, whereas all the referee results of QCI have been received except for the month of November 2023 & March 2024. The grade materialization of the FY 2023-24 may increase after receipt of complete referee results of CIMFR & QCI.
- iii. Increase in grade materialization is by 6% (as per Third Party & Joint Sampling Results) compared to previous FY, thereby consumer's satisfaction has also improved.

#### **Crushing/Sizing of Coal**

An arrangement for supply of 100 % sized coal; i.e (-) 100 mm size to the power sector is in place at each Area of WCL.

#### **Quality Complaints and Redressal**

- i. A proper complaint redressal mechanism is in place to address the consumer complaints in a time bound manner.
- ii. Total 77 complaints were received from Power sector about receipt of lumpy coal, and some complaints regarding extraneous material and wet & sticky coal. Remedial actions were taken for timely redressal and settlement of grievances and communicated to respective consumers, due to which 100 % consumers complaints were resolved timely & satisfactorily.

#### 4. PLANNING

Group-wise production program and achievement during the FY 2023-24 and target for the FY 2024-25 is as furnished below:

| S. |                                  | 202             | 23-24           | 2024-25  |
|----|----------------------------------|-----------------|-----------------|--|
| NO | Particulars                      | Target<br>in MT | Actual<br>in MT | Target (As per<br>Annual Action<br>Plan) in MT |
| 1  | Existing / Completed<br>Projects | 22.215          | 21.713          | 15.530   |
| 2  | Ongoing / future<br>projects     | 45.785          | 47.420          | 53.470   |
|    | TOTAL                            | 68              | 69.113          | 69   |

#### **DRILLING & EXPLORATION**

Drilling & Exploration during FY 2023-24 is 36341.30 Meters (CIL- 31660.30 mts., Addl. CIL- 4681.00 mts). Drilling was undertaken by CMPDIL, RI-IV, Nagpur by departmental rigs with overall productivity of 516 m/rig/month i.e. achievement of 92.88%. No outsourced drilling was carried out during the F.Y. 2023-24.

#### GR/IGR submitted during FY 2023-24

Departmental: East of Ekarjuna, Wardha Valley CF (Addl. CIL)

#### **Resources for FY 2023-24**

Resource calculated in the FY2023-24 through the above-mentioned Geological Report is as follows:

| S.<br>NO. | Name<br>of GR  | Area of<br>the Block<br>(Sq.kms) | (MT)     | Indicated<br>Resource<br>(MT) | Inferred<br>Resource<br>(MT) | Total<br>Resource<br>(MT) |
|-----------|--|----------------------------------|----------|-------------------------------|------------------------------|---------------------------|
|           | Departmental   |                                  |          |                               |                              |                           |
| 1         | East of<br>Ekarjuna,<br>Wardha<br>Valley CF<br>(Addl. CIL) | 15.97                            | 103.7588 | 78.0858                       | 0.0424                       | 115.293                   |

#### **Report Formulation**

#### **During FY 2023-24, following 10 Project Reports** were formulated.

| S N | Name of PR                                    | Target<br>Capacity<br>(MT) | Incremental<br>Capacity<br>(MT) |
|-----|---|----------------------------|---------------------------------|
| 1   | BORDA UG WITH CM                              | 3.06                       | 3.06                            |
| 2   | GAURI-PAUNI<br>EXPANSION OC<br>AMALGMT.       | 9.00                       | 3.75                            |
| 3   | MUNGOLI NIRGUDA<br>DEEP OC -<br>NORTHERN EXTN | 6.125                      | 1.75                            |
| 4   | NILGAON OC<br>(SAONER-II)                     | 2.00                       | 2.00                            |
| 5   | GONDEGAON<br>GHATROHAN<br>EXPN OC             | 4.00                       | 0.50                            |
| 6   | KOLAR PIMPRI<br>STRIKE EXTN OC                | 2.50                       | 1.00                            |
| 7   | THESGORA UG TO<br>OC RECAST                   | 2.50                       | 2.23                            |

| 10  | GAURI CENTRAL OC<br>MINE RECAST               | 7.00                       | 6.40                            |

#### **PLANNING PREPAREDNESS**

At present, there are 35 ongoing projects with a sanctioned capacity of 79.65 MT/annum with a total sanctioned capital of Rs 13,767.054 Crores out of which, 25 ongoing projects have contributed 47.3991 MT coal production during FY 2023-24 and rest are under implementation.

#### LONG TERM PLANNING:

WCL has projected the following production for the next 3 Financial Years:

| FISCAL YEAR | Coal (MT) |
|-------------|-----------|
| 2024-25     | 69        |
| 2025-26     | 70        |
| 2026-27     | 70        |

#### **PROJECTS / SCHEMES APPROVAL**

**Approval of Project Reports:** Following PR/ RPR were approved in the FY 2023-24. The detail follows:

| S N | Name   | Approved<br>in Board<br>Meeting | Capacity<br>Mty | Capital<br>in Crs<br>including<br>WDV |
|-----|--|---------------------------------|-----------------|---------------------------------------|
| 1   | Gauri Central<br>(cost plus basis)                   | 353                             | 7.00            | 1015.0660                             |
| 2   | RPR Gadegaon   | 357                             | 3.00            | 497.4118                              |

| 8   | Borda UG   | 362                             | 3.06            | 1742.6748                             |
|     | Total  |                                 | 35.705          | 8036.21                               |

Gauri Central on cost plus basis has been approved by CIL Board in its 456th meeting held on 08.08.2023.Amalgamated Gauri Pauni Expansion has been approved by CIL Board in its 463rd meeting held on 26.03.2024.

#### **APPROVAL OF MINING PLAN**

Eleven Mining Plans were Approved during the FY 2023-24, namely:

| SN | Name of project  | Capacity<br>MTPA | Approval in<br>WCL Board |
|----|--|------------------|--------------------------|
| 1  | Vishnupuri II UG   | 0.26             | 351                      |
| 2. | Revised Mining plan<br>Ballarpur OCM sand<br>segregation plant | 0.625            | 354                      |
| 3. | Revised Mining plan<br>Pauni II                                | 3.25             | 355                      |
| 4. | Revised Mining plan<br>Urdhan OCP                              | 1.00             | 355                      |
| 5. | Ghonsa Expn Deep OCP   | 1.50             | 356                      |
| 6. | Amg Yekona I & II OCP  | 4.125            | 356                      |
| 7. | Revised Mining Plan<br>Gokul Expn OCP                          | 2.5              | 358                      |
| 8. | Mining plan<br>Mahadeopuri UG                                  | 0.25             | 358                      |
| 9  | Revised mining plan<br>Umrer OCP                               | 4.9              | 359                      |
| 10 | Mining Plan Chatarpur I<br>& II UG Expn                        | 1.00             | 359                      |
| 11 | Mining Plan Mohan<br>colliery(Maori incline)                   | 0.45             | 360                      |

#### **CAPEX:**

Total Capital expenditure during the concluded fiscal was Rs 1196.39 Crores against the target of Rs. 1000 Crores.

#### **ACHIEVEMENTS OF COST PLUS PROJECT:**

During the concluded fiscal, WCL has executed MoU for FSA on Cost Plus Basis for two Mines as follows:

| Projects  | ACQ in MT | Agreement with |
|-----------|-----------|----------------|
| Sharda UG | 0.4335    | MPPGCL         |
| Kolgaon   | 0.68      | MAHAGENCO      |

#### **ACHIEVEMENTS IN ISO:**

WCL is presently having 90 numbers of units certified under Integrated Management System complying with ISO 9001:2015, ISO 14001:2015 and ISO 45001:2018. All these 90 units are certified and also continued.

## IMPLEMENTATION OF MOSPI MONITORED PROJECTS:

28 projects were monitored on OCMS portal. Out of this, 6 projects are time over-run and none of the projects are cost overrun.

#### 5. ACQUISITION OF LAND Modes of acquisition

Coal Bearing Areas (Acquisition & Development) Act, 1957 continues to be the main stay for acquiring land. Since the enactment of RFCT-LARR Act, 2013, land compensation and R&R benefits are to be determined either in accordance to provisions of Schedule - I & II of RFCT-LARR Act, 2013 or Section 14(1) of CBA (A&D) Act, 1957 wherein the land compensation rates are determined in accordance to rate notified by the State Government and R&R benefits as per R&R Policy -2012 of CIL as per the option selected by land owner. The process of land acquisition and possession is implemented under the supervision of concerned District Collector and the determined land compensation amount and R&R benefits are extended to the PAPs to obtain possession of land.

Land is also being acquired under RFCT-LARR Act, 2013 through State Government and benefits as per the provisions of Schedule - I & II of RFCT-LARR Act, 2013 are being extended. To meet urgent requirements, in isolated cases, land is also acquired through Direct Purchase.

In FY 2023-24, total 265.23 Ha land was acquired under the provisions of Coal Bearing Areas (Acquisition & Development) Act, 1957. The possession of land is obtained after disbursement of land compensation and R&R benefits to the PAPs which is a continuous process. The details of land acquisition during FY 2023-24 is as follows:

|             | Name of<br>Mine                         | Land<br>area | Acquisition under |            |            |            |
|-------------|---|--------------|-------------------|------------|------------|------------|
|             |   | in Ha        | Sec 4             | Sec 7      | Sec 9      | Sec 11     |
| FY<br>2023- | Gokul OC<br>Expansion                   | 228.12       | 18.06.2022        | 13.07.2023 | 23.01.2024 | 01.03.2024 |
| 24          | Makard-<br>hokra I<br>(Balance<br>Land) | 37.11        | 27.11.2021        | 19.07.2022 | 12.04.2023 | 19.06.2023 |
|             | Total                                   | 265.23       |                   |            |            |            |

#### **Rehabilitation and Resettlement:**

In FY 2023-24, physical possession of 843.83 Ha of land was obtained & 26 Project Affected (Displaced) Families have been resettled after disbursement of R&R amount of Rs.14.152 Cr. The details follow:

| Year    | Employment<br>approved by<br>Competent<br>Authority | Compensation in lieu of employment | Total No. of<br>R&R benefits<br>against<br>Agricultural land |
|---------|---|------------------------------------|--|
| 2023-24 | 613   | 39                                 | 652  |

#### 6. EXCAVATION : POPULATION & PERFORMANCE OF EQUIPMENT Population of HEMM :

| S.No | Equipment      | Population As on 31st March |      |  |
|------|----------------|-----------------------------|------|--|
|      |                | 2024                        | 2023 |  |
| 1    | E.R.Shovel     | 10                          | 11   |  |
| 2    | Hyd. Excavator | 113                         | 106  |  |
| 3    | Dumper         | 337                         | 323  |  |
| 4    | Dozer          | 142                         | 142  |  |
| 5    | Drill          | 69                          | 69   |  |
|      | TOTAL          | 671                         | 651  |  |

#### Performance of HEMMs Availability & Utilization of HEMMs'

- i. Shovel(>1.7 Cu.M), Dumper, Dozer and Drill have achieved CMPDIL Norms for availability.
- Availability of Shovel(>1.7 Cu.M) during FY 2023-24 (Prog. March 2024) was more than that of previous FY (i.e. Prog. March 2023).
- iii. WCL was ranked 1st in Availability of Dozer and 2nd in Shovel and Drill among all subsidiaries of CIL.
- iv. WCL was ranked 3rd in Utilization of Dozer and 4th in Dumper among all subsidiaries of CIL.

#### **Special Achievements**

- i. Supply orders for 13 Nos. new basic equipment has been placed as per shopping list 2023-24 and all are commissioned, which include 9 Nos. 320HP Dozers, 2 Nos. 28KL Water Sprinklers and 2 Nos. 180HP Tyre Handlers.
- ii. Training of Excavator Operators through Simulatorat HEMM Training institute, Durgapur: 134 Excavator Operators were trained during FY 2023-24 through a simulator installed at HEMM Training institute, Durgapur.
- iii. Rank-wise performance of WCL in System Capacity Utilization during FY 2023-24 is 2nd among all subsidiaries of CIL.

#### 7. ELECTRICAL AND MECHANICAL Underground Mine Mechanization

WCL aims to develop new capabilities for the mining industry and improved safety, profitability and sustainability, particularly with reference to Underground Mining. Embarking upon futuristic development of Underground Mines, the concluded fiscal year had been appreciable with introduction of third Continuous Miner at Patharkhera Area.

## Population & Equipment Population as on 31st March 2024

| Equipment        | 2023 | 2022 |
|------------------|------|------|
| SDL              | 47   | 35   |
| LHD              | 86   | 71   |
| UDM              | 44   | 58   |
| Continuous Miner | 02   | 03   |

#### **Power Availability and Consumption**

|                                   | 2022-23 | 2023-24 | Variation |
|-----------------------------------|---------|---------|-----------|
| Average Contract<br>Demand in MVA | 137.28  | 137.57  | 0.21%     |
| Average Billed<br>Demand in MVA   | 109.79  | 115.24  | 4.96%     |

#### **Special Achievements**

- 1) Sustained effort in increasing coverage of New technologies such as Continuous Miner Technology & Man Riding System in mines.
- 2) WCL has total installed Crushing Capacity 110MT which is more than 150% of the targeted production of 23-24.
- 3) Commissioning of following equipment for sustainable working:
- a. Pay-loader :17
- b. Trolley mounted fogging machine : 69
- c. Hydraulic ladder :11
- d. Diesel Bowser :04
- e. Tran-switch unit : 14
- f. Belt conveyor set :03
- g. Truck mounted Dust Suppression System :05

#### 8. SAFETY

Safety of men and machines is of paramount importance to the Company. In continuation to earlier efforts, slew of measures were taken throughout the year for inculcating safety as work culture and increasing safety awareness amongst the workmen. Various Safety Initiatives & Guidelines were undertaken for inculcating a 'Collective Consciousness' towards Safety and to excel further in developing a progressive Safe Work Culture in mines of WCL. Affirming "Zero Harm Potential," we are committed oupgrade all our mines to 'High Reliable Mines' for achieving Safe production. "Zero Tolerance" towards the violation of safety rules & guidelines are being adopted to realize Zero Accident & Zero Harm in true sense.

#### **Statistics of Fatal and Serious Accidents:**

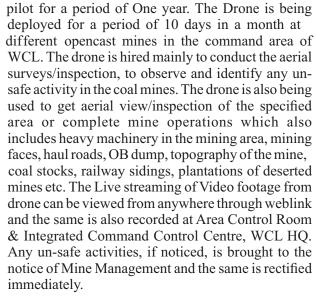

| Particulars  | 2022-23 | 2023-24 |
|--|---------|---------|
| No. of fatal accidents                             | 2       | 1       |
| Fatalities   | 3       | 1       |
| Fatality rate per million tonne production         | 0.05    | 0.01    |
| Fatality rate per 3 lakhs manshift                 | 0.05    | 0.03    |
| No. of Serious accidents                           | 9       | 4       |
| Serious Injuries                                   | 11      | 4       |
| Serious Injuries rate per million tonne production | 0.17    | 0.06    |
| Serious Injuries rate per 3 lakhs manshift         | 0.51    | 0.10    |
| Injury frequency (10 F+S)                          | 41      | 14      |
| Injury frequency rate per million tonne            | 0.64    | 0.20    |
| Injury frequency rate per 3 lakhs manshift         | 0.75    | 0.35    |

## Measures taken to improve safety standards in the mines during 2023-24:

 Integrated Command and Control Centre (ICCC) has been installed at WCL HQ for e-Surveillance through 500 CCTVs Cameras for continuous monitoring of mining activities and unsafe mining conditions, if any, in OC mines,.

The Artificial Intelligence (AI) based Analytics features of system are:

- Camera Tampering
- Crowd Detection
- Intrusion Detection
- Object Counting
- Wrong Way & Wrong Parking Detection
- Automatic Number Plate Recognition.
- 2. Drone technology (Remotely piloted Unmanned aerial vehicle) has been introduced for surveillance purpose in opencast mines of WCL command area on hiring basis with deployment of one drone along with

- 3. Scientific Studies under Reg 106 of CMR-2017 have been completed in all the mines of WCL.
- 4. Safety Management Plan (SMP) has been prepared under Reg 104 of CMR-2017. This exhaustive exercise identifies all principal hazards, risks arising out of the hazards and mitigating measures in a time bound manner.
- 5. Mine specific Codes of Practice & Safe Operating Procedures (SOP) have been prepared under Reg 110 of CMR-2017, and implemented for all mining operations in the mines.
- 6. Maintaining of multi-disciplinary Internal Safety Organization (ISO) at WCL HQ level for monitoring the implementation of the provisions of the Statute, DGMS circulars, recommendations of the National Conference on Safety in Mines, and the recommendations of all other meetings on safety.
- 7. In order to ensure safety of the men and machines deployed in the mine, Safety circulars are issued periodically for identified areas where additional precautions are required and precautionary steps to be taken.
- Safety Audit by Inter Area multi-disciplinary team is conducted for all producing mines of WCL. The risks / violations observed by the teams and recommendations made are being complied in time bound manner for enhancing standard of safety.
- 9. Periodic safety meetings like, Subsidiary-level Tripartite meeting, Area-level tripartite meeting & Bipartite meeting, Mine-level safety committee meeting, Area safety officers meeting etc are conducted to assess the safety status of the mines and

to suggest mitigating measures for identified hazards.

- 10. Roadmap for improvement in "safety culture" (such as Safety Attitude, Safety Behavior, Safety Consciousness) and "safety climate" (such as Safety policies, Safety procedures & practices, Safety guidelines & Statutes) of mine has been prepared and are being practiced.
- 11. Total Station is being used for monitoring of OB dumps and benches for their stability on regular basis by mine management & Terrestrial Laser Scanner (TLS) is used for surveying work in the mine.
- 12. One Simulators (Excavator) for training of HEMM operators is commissioned at HEMM- Training Institute Durgapur at Chandrapur, WCL.
- 13. 15 Man riding Systems have been installed in 13 mines. One Man Riding system is under installation at Patansaongi UG mine, Nagpur Area. Man Riding Systems are proposed for Mahadeopuri UG mine, Dhankasa UG mine of Pench Area & Sharda UG mine of Kanhan Area.
- 14. One Environment Telemonitoring System (ETMS) has been commissioned at Chatarpur-I UG mine of Patahkhera Area on 15.02.2024. Additionally, four ETMS to be installed at BC 3&4 UG mine of Ballarpur Area, DRC &Nandgaon UG mine of Chandrapur Area and Nehariya UG mines of Pench Area.
- 15. 11 no. of Hydraulic Ladders are in use in different areas of WCL. Additionally, supply order has been placed on 15.02.2024 for 11 Nos of Truck mounted hydraulic ladders to mitigate the danger while working in heights.
- 16. 5 Nos of Portable Gas Chromatograph have been installed at MRS, Nagpur (02 nos), and 01 no. each at RRRT Pathakhera, Tadali and Parasia for precise analysis of mine air samples.
- 17. Emergency Mock drills in each mine on Principal Hazards are conducted from time to time at regular intervals.
- 18. Lock out-Tag out (LOTO) System of Electrical Shutdown has been implemented in all mines of WCL.
- 19. WhatsApp Group have been created in all mines for sharing Safety Video clips / animation films on accident and other safety matter for enhancing safety awareness amongst departmental and contractual Workers.
- 20. 44 nos. of short duration Safety Video clips / animation films on recent accidents/incidents, SOP etc. have been prepared & shared in WhatsApp

groups in all mines of WCL. Dos-&-Don'ts related to operation and accident analysis prepared in WCL and other Subsidiaries of CIL. These presentation materials are widely circulated to impart training at VTCs and other establishments like contractor camps, canteen and resting areas to enhance safety awareness and to develop the best safety culture at grass root level.

21. Initial Medical Examination (IME) & Periodical Medical Examination (PME) are conducted at regular interval, as per statute.

Training on Mine Safety: Safety is of paramount importance for both contractual as well as departmental employees. Initial & Refresher training and On-The-Job training as per statute are imparted to every employees & contractor worker at VTC's. In addition to these, three other training centersare operational for skill up-gradation.

- a) Supervisory Training Institute (STI) Chhindwara for imparting training to front line mine officials & sensitization of members of Safety Committee & Workmen Inspector's on regular basis.
- b) Worker's Training Institute (WTI) Wardha, for E&M discipline employees and c) HEMM- Training Institute Durgapur at Chandrapur, for Excavation discipline employees.
- 22.SIMTARS accredited trainers are regularly imparting training on SMP in all the Areas of WCL.
- 23. Special training is being imparted for skill development of contractor workers and supervisors at Group VT Centers.
- 24. For personal safety, Personal Protective Equipment (PPE) & safety gadgets are provided to every employee.
- 25. To ensure blast free mining, 03 Continuous Miner is commissioned at Tawa UG mine, Tawa -II UG mine and Chhatarpur-I UG. Moreover 09 nos. of UG mines are also identified for commissioning of CM in near future.
- 26.06 Nos. of Surface Miners are in operation at Mungoli OC (02Nos), Penganga OC (01No.), Yekona II OC (01No.), Sasti OC (01No.) and Pauni II OC (01No.) Mines. Further 04 opencast mines are identified for introduction of 06 Sets of Surface Miners in near future.
- 27. To enhance Safety Standard, Special Safety Awareness Drives were undertaken with specific theme:
- a. Ventilation system, Status of Stoppings & Pace of Extraction' from 09.03.23 to 14.03.2023.

- b. "Operation of Contractual Workmen, Safety of Contractor Workers, Provision of LMV road in OC mines and Road Worthiness of Contractors' from 24.08.2023 to 02.09.2023.
- c. Green roof Support' in UG mines from 03.10.2023 to 09.10.2023.
- d. Safety Drive was conducted under 1st phase in 18 OC mines on 'Transport Rule, Code of Practice, Separate Road for Light Motor Vehicles & Road worthiness of Contractual vehicles plying in OC mines, IME/PME, VTC, Driving Liscence of Contractor's worker and their Competency Evaluation by the Board constituted under Reg 216(5) of Coal Mines Regulation 2017' from 01.03.2024 to 07.03.2024.
- e. Safety Drive was conducted under 2nd phase in 14 OC mines on 'Transport Rule, Code of Practice, Separate Road for Light Motor Vehicles & Road worthiness of Contractual vehicles plying in OC mines, IME/PME, VTC, Driving Licence of Contractor's worker and their Competency Evaluation by the Board constituted under Reg. 216(5) of Coal Mines Regulation 2017" from 04.04.2024 to 06.04.2024.
- 28. Annual Safety fortnight -23 has been conducted in all the producing mines of WCL from 23-11-2023 to 09-12-2023.
- 29. The Final Day function of Annual Safety fortnight -23 was held at Wani Area on 11.01.2024
- 30. The 50th WCL Tripartite Safety Committee meeting was held on 19th April 2023 at WCL HQ.
- 31. The Coal India Inter Subsidiary First Aid Competition 2023 was organized by WCL at Mines Rescue Station, Nagpur from 26.02.24 to 28.02.24 in which total 29 (Departmental, Contractual and Women's) teams of different subsidiaries of CIL have participated. The Prize distribution and Valedictory Function was organized on 28th February 2024 at WCL HQ.
- 32. WCL Rescue team won Overall 2nd Prize in all India Mines Rescue Competition 2023 held at Ramagundam of M/s Singereni Coalfields Ltd from 10.12.2023 to 15.12.2023.
- 33. WCL have been awarded during 49th Coal India Foundation Day on 1st Nov'2023 for:
- a. Special Contribution Award for the Integrated Command & Control Centre functioning at WCL HQ.

- b.Corporate Award on Star Rating -Best Performing Subsidiary.
- c.Corporate Award on Star Rating -Best Performing Opencast Mine.
- 34. Star Rating of Mines: Ministry of Coal has awarded Star Rating of Coal/Lignite mines for the performance base year 2022-23. The performance of following producing mines of WCL is as below:

| Details                                  | FY-2020-21         | FY-2020-21      | FY-2020-21   |
|--|--------------------|-----------------|--|
| No. of Mines<br>Evaluated<br>(OC+UG+Mix) | 60<br>(35+24+1)    | 58<br>(35+22+1) | 50<br>(31+18+1)  |
| 5 Star                                   | 1 (Adasa UG to OC) | 1 (Mungoli OC)  | 3 (Dinesh /Makardhokra-<br>III OC, Makardhokra-<br>I OC & Chattarpur-1 UG) |
| 4 Star                                   | 11                 | 18              | 25   |
| 3 Star                                   | 32                 | 21              | 21   |
| 2 Star                                   | 12                 | 18              | 1  |
| 1 Star                                   | 3                  | 0               | 0  |

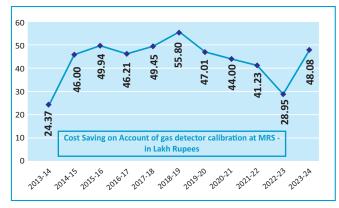

#### 9. RESCUE

#### Prompt Service in Emergency & Reopening

During 2023-24, the following operations under rescue cover were carried out:

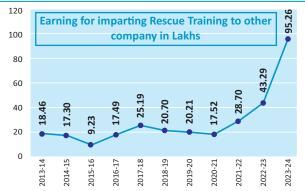

| S. | D        | ate        |                                   | Descens  |
|----|----------|------------|-----------------------------------|--|
| No | From     | То         | Colliery/Area                     | Reasons  |
| 1  | 23.05.23 | 30.05.2023 | Sillewara UG<br>Mine, Nagpur Area | Spontaneous<br>Heating in Sector<br>C of II Seam |

## In-House Calibration of Gas Detectors and resulting Cost Savings:

Rescue Services of WCL is the only company in CIL to acquire in-house expertise for the maintenance and calibration of gas detectors of a different make. This has not only led to increased reliability, availability and effficiency of the gas detectors in mines but also resulted in a saving of Rs. 48.08 Lakhs during the FY 2023-24 which otherwise would have been paid to external agencies. A total of 827 instrument calibrations were done in FY 2023-24.

#### **Revenue Generation on account of providing Rescue training to persons outside WCL:**

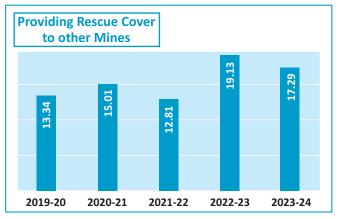

Mines Rescue Station, Nagpur imparts training in rescue and recovery to employees of the following companies on a payment basis.

- 1. M/s. Sunflag Iron & Steel Company.
- 2. M/sSialGogri Coal Mine (RCCPL)
- 3. MOIL Ltd.
- 4. Hindustan copper limited
- 5. Hindustan Zinc Ltd.
- 6. SML Ltd.
- 7. IMFALtd.
- 8. Ultra Tech Limited.
- 9. UCIL

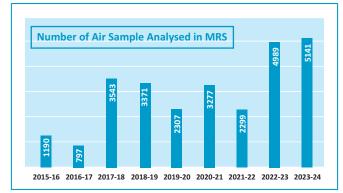

This generated revenue to the tune of Rs 95.26 Lakhs during FY 2023-24.

#### **Providing Rescue cover to other mines**

In addition to providing training in rescue and recovery works, providing Rescue cover (As Per Mines Rescue Rules 1985) to private mines has been started after obtaining approval from the competent authority. Presently two mines – SialGogri coal mine of M/S RCCPL and Belgaon coal mine of M/sSunflag Iron and Steel are being provided with rescue cover from Mines Rescue Station, Nagpur. Rs 17.29 lakhs was paid to WCL by these companies on this account during FY 2023-24.

#### **Gas Chromatograph:**

New 04 (four) no. of Portable Gas Chromatographs at Mines Rescue Station, Nagpur, and 03 (three) no. of Portable Gas Chromatographs at RRRTs have been installed for prompt and précised mine gas analysis. A total of 5141 mine air samples from different mines of WCL were analyzed in the FY 2023-24. WCL extends this facility of analysis of mine air samples to coal mining companies M/s. Sunflag Iron & Steel Company & M/sSialGogri Coal Mine on payment basis. An amount of Rs. 1.05 Lakhs was paid by these companies towards sample analysis (134 samples) done during FY 2023-24.

#### First Aid Training Center at MRS Nagpur

Mines Rescue Station- Nagpur has been notified by DGMS in November 2021 as a Centre for issuing certificates in First Aid after training and examination. This certification is equivalent to that being issued by St. John Ambulance Association. In FY 2023-24, 108 persons (4 batches) have obtained these certificates out of which, 5 were contractual workers employed in WCL mines. Till date, a total of 385 persons (14 batches) have obtained these certificates, 11 of them being women.

**Competition / Drives in Rescue Services:** Inter Rescue Units Competition: It Was held in the month of August 2023 and the winners in the competition are as follows: -

| : RRRT, Parasia. |
|------------------|
| :RRRT, Tadali.   |
| : RR, Mathani.   |
| : RR, Sasti      |
|                  |

Inter Area Rescue Competition - 2023:

The zonal rescue competition was held at Tawa-1 mine at Pathakhera area on 13th & 14th October 2023. The competition was held in underground mine in line with AIMRC conditions. The winners in the competition were as follows:

| Event             | Position | Team             |
|-------------------|----------|------------------|
| Overall           | 1st      | Nagpur           |
| Overall           | 2nd      | Pathakhera       |
| First Aid         | 1st      | Nagpur           |
| Fresh Air Base    | 1st      | Majri-Wani North |
| Rescue & Recovery | 1st      | Pathakhera       |
| Theory            | 1st      | Ballarpur Area   |
| Statutory         | 1st      | Pathakhera       |

## 52nd All India Mines Rescue Competition (AIMRC 2023-Coal & Metal):

52nd AIMRC was hosted by M/s. Singareni Collieries Company Limited at GDK-7 LEP Mines

from 10th to 15th December 2023. A total of 17 teams from coal companies and 11 teams from metal mining companies took part in the competition. In this competition, WCL Rescue Teams bagged the following prizes.

| Event             | Position | Team  |
|-------------------|----------|-------|
| Overall           | 2nd      | WCL-A |
| Overall           | 4th      | WCL-B |
| First Aid         | 3rd      | WCL-B |
| Fresh Air Base    | 2nd      | WCL-B |
| Fresh Air Base    | 3rd      | WCL-A |
| Rescue & Recovery | 3rd      | WCL-B |
| Best Captain      | 3rd      | WCL-A |

#### **First-Aid competitions:**

Inter-unit Competitions:

Between November 2023 and January 2024, rescue services successfully coordinated the conduct of First-Aid competition in all areas of WCL. A total of 120 teams participated in this year's competitions and the participation from women (31 teams) and contractual workmen (23 teams) was the highest ever in such competitions in WCL.

#### WCL Inter-Area First Aid competition:

WCLInter-Area competition was conducted on 18th and 19th January 2024 at Mines Rescue Station, Nagpur with a total participation of 39 teams, out of which, 20 were women's teams and 8 were teams of contractual workers. The winners in the competition were as follows:

| Event                 | Position | Team       |
|-----------------------|----------|------------|
| Overall – Team A      | 1st      | Nagpur     |
| Overall – Team B      | 1st      | Majri      |
| Overall – Women       | 1st      | Wani-North |
| Overall – Contractual | 1st      | Pathakhera |

#### **Coal India Inter-Subsidiary First Aid Competition:**

Inter-Subsidiary competition of CIL was conducted by WCL from 26th February 2024 to 28th February 2024 at Mines Rescue Station, Nagpur with a total participation of 29 teams, out of which, 8 were women's teams and 7 were teams of contractual workers. This competition was resumed after a gap of 14 years.

All the coal producing subsidiaries of CIL had participated in the competition.

| Event                 | Position | Team  |
|-----------------------|----------|-------|
| Overall – Team A      | 1st      | WCL   |
| Overall – Team A      | 2nd      | MCL   |
| Overall – Team B      | 1st      | WCL   |
| Overall – Team A      | 2nd      | MCL   |
| Overall – Women       | 1st      | WCL-2 |
| Overall – Women       | 2nd      | WCL-1 |
| Overall – Contractual | 1st      | WCL   |
| Overall – Contractual | 2nd      | ECL   |

#### 10. TELECOMMUNICATION VOICE & DATA Communication

1. Efficient Integrated Data Communication Network is in place based on high speed MPLS VPN Network connecting Company HQ, All AHQs, All Area Stores, Central Stores, Central Work Shop, all Area Hospitals and different units for ERP Applications in WCL.

- 2. Established MPLS VPN Managed network services by M/s RAILTEL as primary service provider, for connectivity of 419 different locations spread across all the Areas of WCL in the state of Maharashtra & Madhya Pradesh including Data Centre at New Delhi and Data Recovery Centre at Mumbai for ERP in WCL.
- 3. Established MPLS VPN Managed network services by M/s BSNL as secondary service provider, for connectivity of 453 different locations spread across all the Areas of WCL in the state of Maharashtra& Madhya Pradesh including Data Centre at New Delhi and Data Recovery Centre at Mumbai for ERP in WCL.
- 4. Video Conferencing System is in place to facilitate various meetings and regular interactions between Company HQ, all the Area HQs & all the Area VTCs, as well as with CIL HQ and MoC based on MPLS VPN Network and with Public IP along with video end points at 29 different locations.
- 5. Established high speed Wi-Fi system & Internet through WAN-LAN for facilitating easy access to internet at Company HQ, all AHQs, all Sub-Areas, OC and UG Mine offices, Hospitals, Central & Regional Stores, Central & Regional Workshops and other locations of WCL.
- 6. Postpaid SIM are provided to all the officers and employees at key positions in WCL for Mobile communication for voice and data services.
- 7. Established IP based EPABX systems at HQ, all Areas & different Mines.
- 1174 nos. of VHF Walkie Talkie sets and 35 nos. VHF Repeaters provided to improve open cast mine communication up to coalface in all the OC Mines of WCL.

#### IT initiatives implemented:

- 1. GPS/ GPRS based Vehicle Tracking System (VTS) with 3195 nos. of GPS sets and Geo-fencing of Mine Areas is in place for effective live monitoring of movement of internal coal carrying vehicles & vehicles for OBR& Coal Production in Mines and prevent pilferage of coal.
- 2. Increased electronic surveillance with Centralized CCTV surveillance system at all vulnerable points like Weighbridges, mine entry/exit points, magazines, stores etc.
- 3. Established surveillance system through PTZ cameras at Coal stocks, Railway sidings and Mine view points for OC Mine Surveillance.

- 4. Integrated Command and Control Centre (ICCC) for e-surveillance, established at WCL HQ for 24x7 operation for live monitoring and recording of video footage from 500 CCTV Cameras installed and working at different Weighbridges, Check Posts, Mine View Points, Coal Stocks, Sidings etc. for esurveillance across WCL command area with AI based video analytics for Camera Tampering, Crowd detection, Intrusion detection, Object counting, Wrong way & Wrong parking detection,ANPR (Automatic Number Plate Recognition).
- 5. In case of any anomaly /discrepancies, alarms and event triggers are generated and sent to concerned authority through SMS/email for appropriate action.
- 6. Implemented RFID based Weighment integration at all the Road weighbridges with auto capturing vehicle number without any manual intervention.
- 7. RFID based Boom barrier access control system is implemented at all Check posts to prevent entry of unauthorized vehicles in mines.
- 8. IP Radio Network with the state-of-the-art technology established for integration of all above systems from remote units to the Area HQ Servers

#### **Road and Rail Weighbridges:**

- 1. 155 nos. of Road Weigh bridges and 17 nos. of 'In motion Rail weigh bridges' are in operation for weighment of coal dispatches.
- 2. Established FOIS connectivity at 12 nos of In Motion Rail weighbridges.
- 3. Installed 4 nos 150T new Road Weighbridges for weighment coal production through 60T dumpers & additional 4 nos are under process of installation.
- 4. 44 nos.of New 100 Te Road weighbridges installed and commissioned against replacement of old weigh bridges and new requirement.
- 5. Supply order placed for 13 nos of new Road Weighbridges.
- 6. Procurement action has been taken for 16 nos. of 100 Te Road weighbridges against replacement of old road weighbridges and new requirement.

#### Major Initiatives during 2023-24:

1. Successful operation of Integrated Command Control Center (ICCC) at WCL HQ for 24x7 live monitoring and recording of video footage from CCTVs with Artificial Intelligence (AI) based video analytics. Received Golden Peacock Innovation Management award for ICCC for e surveillance.

- 2. Drone Surveillance introduced on hiring basis for aerial inspection of opencast mines for Mine faces, haul roads, OB dump, topography of the mine, HEMM,coal stocks Railway sidings, Plantations and unauthorized activities in the mine area.
- 3. Centralized 1 Gbps high speed Internet lease line has been established at WCL HQ and distributed at Area offices, Sub-Area Offices, Manager Offices of UG and OC mines, Central Stores, Central Workshops, Hospitals, Stores, Workshops, and Weighbridges through the existing MPLS VPN end points.
- 4. Approval obtained for procurement of new IT initiative systems against replacement of survey off of old system and additional requirement. It includes integration of 1250 cameras at ICCC, additional 500 AI/ML video analytic license and integration of VTS, RFID and CCTV system on common ICCC platform to improve the effectiveness of IT initiatives. Pre-NIT meeting with prospective bidders conducted and procurement action initiated.
- 5. Two Supply Orders placed for procurement of 16 and 12 road weighbridges respectively with digital model.
- 6. 446 no. of new Walkie-Talkie sets and 5 no. of VHF Repeaters have been commissioned at different opencast mines.
- 7. 5 no. of DGMS approved intrinsically safe underground communication system have been installed and commissioned in five UG mines against survey-off/new requirement.
- 8. Tender floated for two DGMS approved intrinsically safe underground communication system for two UG mines.
- 9. Tender floated for procurement of additional 92 nos. of IP based PTZ & Multi-lens Camera system at all the coal stocks of WCL.
- 10. Tender floated for Establishment of Smart Technology-Information & Communication system for development of Koyla Vihar colony as a Smart colony.
- 11. DGMS approved Environment Tele-monitoring system has been installed and commissioned in Chhatarpur-II UG mine.
- 12. Tender floated for 4 no. of DGMS approved Environmental Tele-monitoring system for four underground mines against survey-off / new requirement

#### **11. IT INITIATIVES**

## Tasks accomplished in FY 2023-24: **ERP**

After successful implementation of ERP in the year 2021-22 and stabilization of business processes in ERP in the year 2022-23, following ERP module-wise new milestones had been achieved during FY 2023-24.

#### **1. PROJECTAND PLANNING:**

- a. 100% matching of Coal, OB, OBRH reporting with MIS on daily basis.
- b. Reports deriving Powder Factor (PF) & Detonator Factor (DF), Capturing Rainfall data & report generation.
- c. Report replacing MIS (Shift Note, Yellow book reports 1 to 3 series), Quick reports, MOC report, Top 35 mines, last 10 days, grade-wise, area-wise reports.
- d. OB measurement data capturing & report generation implemented.
- e. Daily production report based on AAP target.

#### 2. PROJECT SYSTEM:

- a. Planning, controlling, monitoring and Budget control, Financial & Physical progress of the project in dashboard.
- b. Project-wise land details, Environmental Clearance (EC) & First Mile connectivity in dash board.
- c. The CMPDIL's MDMS portal has been discontinued and the same system with improved functionality and authorization has been implemented in ERP.
- d. Creation and release of 05 new approved projects.
- e. Integration with National Coal Portal (Koyla Darpan) has been done.

#### **3. PLANT MAINTENANCE:**

- a. Equipment related Performance Monitoring data entry, PM notification and PM Order with Goods reservation and Preventive Maintenance scheduled for HEMMs and Survey-off, Grounding process and CBM Oil Analysis process etc.
- b. Equipment wise availability and utilization report.

#### 4. MATERIAL MANAGEMENT:

a. PR and PO creation, Live Receipt (GRN), Material requisition and issue transactions posting, Services hired for Civil, CMC, E&T, System and Others operational.

**Company Overview** 

- b. Dashboard to display real time inventory & Consumption figures. Inventory (Period-wise Material Type-wise comparison), Inventory in terms of month-wise consumption, ageing reports (Absolute Items ageing) and Scrap register & Capital & Revenue liability report.
- c. e-MB (Electronic Measurement Book) Portal for Civil department has been implemented.

#### 5. SALES AND DISTRIBUTION:

- a. The Sales & Distribution Cycle from Customer Creation to Contract creation, Sales Order Generation, Delivery Creation, Invoices, Credit/Debit Note generation (Cost Plus, Non-Cost Plus & Non-Sampling), Refund is operational.
- b. Interface with Auction Service Providers (mjunction) and Bank for both Collection (ICICI) and payment remittance (ICICI &SBI Bank) is operational. Interface with CMPDIL for auto capturing of BID and EMD data is being undertaken with the help of CIL for all coal companies.
- c. Interface with QCI to auto capture sampling results is being started.
- d. Collection of all differential payment for revision of STC, levies, prices and other outstanding dues also directly through Bank interface.
- e. Auto PGI for Road and other mode done.

#### 6. HUMAN CAPITAL MANAGEMENT:

- a. Centralized Payment of salary of all WCL employees by 2nd of every month.
- b. Centralized Implementation of NCWA XI -Activities like Pay fixation / Payment of salary in revised scale and payment of arrears was done centrally and at the same time throughout WCL.
- c. Unique HMS ID (Hospital Management System) was given for medical dependent of all employees.
- d. Go Live of CSR processes in ERP from 1st Dec, 2023.
- e. 100 % payments of terminal benefits to superannuated/retired employees.
- f. LSO (Learning solution) has been implemented.

#### 7. FINANCE AND CONTROLLING:

a. All major processes are in place and working. All day-to-day financial activities are being captured through ERP. Statutory compliances are being complied with. Annual Account Closing for the year (2022-23) and Q1, Q2 & Q3 (2023-24) done through ERP.

- b. Cost Sheet up to December 2023 successfully run for entire WCL.
- c. Automatic Consolidation of Trial Balance through ERP.
- d. Accounting is done automatically post integration with all modules (Except for WIP in CWS Tadali).
- e. Bill Tracking system available in ERP Dash Board. Alongwith ERP, several other remarkable initiatives have also been taken which are as follows:
- 1. The all new corporate website of WCL is fully deployed on the NIC cloud using the latest framework Laravel. New features such as chatbot, message box have been added to this user-friendly website. Live Feed of off cial social media accounts like Facebook, twitter, YouTube and Instagram account of WCL has been incorporated. The website has well-planned information architecture with clutter-free navigation & good internal linking. Furthermore, it is bilingual and responsive (mobile/tablet friendly).
- 2. Installation of Biometric Machines: 263 machines for the usage of Contractual workers have been received through GeM.The installation will be done after testing.The integration of employees' biometric data with ERP is under process testing.
- 3. A dedicated portal for downloading form-16 & additional details for individual employees has been made available on the WCL corporate website.
- 4. Visitor Management Portal, developed in-house, has been implemented in WCL HQ.
- 5. WCL has created CCMP (Cyber Crises Management) group to deal with the cyber security breaches in consultation with CIL.

#### **12. INVENTORY MANAGEMENT MSME Procurement**

WCL has placed orders for 66.29% of total Procurement Value on MSE firms during FY 23-24 (excluding items not being manufactured by them).

#### Scrap & Disposal

Realisation against disposal of scrap in FY23-24 is approx Rs 23.04 Cr and total realisation against disposal of scrap in last 3 years is Rs 118.44 Cr.

#### **Stores Inventory**

Inventory in terms of Months Consumption of WCL is less than one month (1), which is lowest amongst all coal producing subsidiaries of CIL.

Non-Moving spares and consumables are reduced by Rs 12.10 lakhs i.e., from Rs 2269.70 lakhs (in FY 22-23) to Rs 2257.60 lakhs (in FY 23-24).

#### **E-Procurement**

Total Procurement through GeM is Rs. 424.22 crores in FY 23-24 against target set by CIL of Rs 400.00 crores i.e., 106.05% of achievement.

#### **HEMM-Procurement**

WCL placed orders worth of Rs 56.83 crores in FY 23-24 for HEMM equipment with GPCC.

#### Vendor Development Programmes (VDP)

Four vendor development programmes were conducted in FY 23-24 in association with MSME and National SC/ST hub, out of which, one VDP was exclusively conducted for SC/ST entrepreneurs.

#### **13. HUMAN RESOURCE**

#### Human Resource Development

During the FY 2023-24, WCL achieved a total of 1,71,078 Training Man-days against the target Man-days of 1,46, 310. The total number of participants trained is 24,467 against the target of 19,476 through Internal and External training programmes for Executives, Supervisors and Workers.

#### **OVERALL TRAINING STATISTICS**

|    | b) E&M   | 87                                |
|    | c) Excavation  | 70                                |

#### Training of SC / ST / OBC :

Training for upliftment of SC/ST/OBCs has been an important thrust area for the company. Details of training imparted follows:

SC/ST/OBC Training (In-company & Out-company):

| SC    | -4,262  |
|-------|---------|
| ST    | -1,835  |
| OBC   | -11,391 |
|       |         |
| Total | -17,488 |

#### TRAINING UNDER APPRENTICE'S ACT.

During FY. 2023-24,total 1249 numbers of apprentices have been engaged at WCL, detailed as below:

| Graduate A | Apprentices | - 11 | [ |
|------------|-------------|------|---|
|------------|-------------|------|---|

| Technician Apprentices | - 225 |
|------------------------|-------|
|------------------------|-------|

Trade Apprentices - 914

Total - 1249

#### **SPECIAL ACHIEVEMENTS**

Skill Development Activity FY 2023-24

Total 1056 number of persons among Project Affected Persons (PAPs) and Eligible Unemployed Youth in the vicinity of mining fields were provided with different Skill Development Training.

| ACIEVEMENT |      | CATEGORY |     |     |     | GROUP |       |

## SCHEDULED CASTES AND SCHEDULED TRIBES/OBC

As on 31/03/2024, the details of number of employees including the number of SC/ST/OBC is furnished below:

| Total No. of employees<br>as on 31/03/2023 | SC   | ST   | OBC   |
|--|------|------|-------|
| 33352                                      | 5750 | 2015 | 14848 |

The Presidential directives of SC/ST and OBCs are being implemented in respect of recruitment as well as in promotion.

#### **WORKERS' PARTICIPATION IN MANAGEMENT:**

The Steering Committee at Company level comprising of CMD & all Functional Directors, GM(P&IR) and Trade Union representatives of operating central trade unions viz. BMS, AITUC, HMS, CITU & representatives of CMOAI are functioning smoothly. The broad functional areas of the Steering Committee:

- i. Formulation and evaluation of Action plans.
- ii. Resources utilization
- iii. Cost/profitability
- iv. Quality of coal

- v. Safety
- vi. Employees' welfare and
- vii. Environmental protection

The periodical meetings of the Steering Committee were held regularly which not only helped in inducing cordial industrial relations but also in achieving organizational goal.

Employment to dependent

During FY 2023-24, following Employment/Monetary Compensation as per provisions of NCWA have been offered:

|                       | 2023-24 |
|-----------------------|---------|
| Employment            | 397     |
| Monetary Compensation | 37      |
| Live Roster           | 11      |

#### Employment offered (Sanctioned) to the Land Oustees under R&R Policy:

| 2022-23 | 2023-24 |
|---------|---------|
| 912     | 613     |

#### **INDUSTRIAL RELATIONS:**

Industrial Relations scenario in WCL during the FY 2023-24 has been peaceful, cordial and harmonious.

Status of Industrial Relations situation for the last two years is given below:

| Law & order incidents       | 2022-23 | 2023-24  |
|-----------------------------|---------|----------|
| Relay Hunger Strike         | Nil     | Nil      |
| Gherao                      | Nil     | Nil      |
| Assault                     | Nil     | Nil      |

| No. of strikes              | Nil     | Nil      |
| Mandays lost                | Nil     | 7819     |
| Production loss (Te.)       | Nil     | 38.5 Te. |

\*National level strike by Joint forum of trade unions

#### Recruitment

In FY 2023-24 the recruitment of following posts has been done:

| Staff Nurse (Trainee) in T&S Gr-C | -   |
|-----------------------------------|-----|
| Surveyor in T&S Gr-B              | 28  |
| Mining Sirdar in T&S Gr. C        | 116 |

#### **Departmental Promotions:**

| Designation                  | No. of posts filled in FY 2023-24 |
|------------------------------|-----------------------------------|
| Mining Sirdar, T&S Gr. C     | -                                 |
| Overseer(Civil),             | 21                                |
| Legal Inspector              |                                   |
| Surveyor(Min.)               |                                   |
| Clerk(T), GrIII              | 198                               |
| Store Issue Clerk(T), Gr.III | 40                                |
| Jr. Technical Inspector      | 39                                |
| Paramedical Staff            | 03                                |
| Total                        | 301                               |

#### Promotions during 2023-24:

As part of career growth of employees, 2517 nonexecutive promotion orderswere issued.

#### Effectiveness of grievance redressal

In order to redress the grievances of employees and stake holders in WCL, a well-defined system is in vogue. During FY 2023-24, on CPGRAMS Portal, 198 grievances were received and 201 grievances including previous backlog grievances were disposed of, achieving a disposal rate of 101.5%.

During FY 2023-24, total 198 (183 at Area and 15 in HQ level) structured Industrial Relations Meetings were held with the operating Central Trade Unions at Area and HQ level respectively.

#### **Group Gratuity Scheme:**

WCL adopted LIC's Group Gratuity Scheme as a part of its sound financial management system for providing gratuity liability every year and claiming the tax benefit. The unique feature of the scheme is to ensure notional gratuity in the event of premature death.

The Group Gratuity Scheme is in vogue with effect from **10th March,2003.** The actuarial liability as on **31/03/2024** is ₹ **2589.87** crores and unpaid liability will be paid to Life Insurance Corporation of India. The trust has earned an interest amounting to

₹ 140.96 crores in to which is comprised of ₹ 137.13 crores from Gratuity Scheme version- I ₹ 1.98 crores from Gratuity Scheme version -II and ₹ 1.85 crores from Gratuity Scheme version -III in the FY 2023-24.

#### **Payment of Gratuity:**

### **Statutory Compliances:**

### Third Party Assessment, Certified Compliance Report and Half yearly Compliances of EC conditions

Environmental Audit and Environmental Performance Index Ranking were completed for 09 mines (New Majri UG to OC, Durgapur OC, Bhatadi OC, Penganga OC, Niljai OC, Mungoli OC, Sasti OC, Dinesh OC, Umrer OC) of WCL through ICFRE-Dehradun.

Certified Compliance report of two mines "Tawa-II UG, Amalgamated Yekona I&II OC" has been secured by IRO, MoEF&CC in this financial year.

Half-yearly reports of compliance of the Environment Clearance conditions with regard to all the operating mines having Environmental Clearance under EIA Notification, 2006 were submitted to MoEF&CC, New Delhi and regional offices located at Nagpur and Bhopal.

### Land reclamation and Afforestation

During FY 2023-24, WCL has planted 5,31,520 nos. of saplings in an area of 227.11 Ha (including grassing in 16.5 Ha), through MoU signed with Madhya Pradesh Rajya Van Vikas Nigam Limited (MPRVVN), Madhya Pradesh for 5 years from FY 2020-21 to 2024-25 with 4 years of maintenance.

In compliance to the EC conditions, CMPDIL, our sister company, has been monitoring the progress of land reclamation through remote sensing of OC mines on annual basis for mines producing 5 million cu.m and more (Coal+OB) per annum capacity and tri-annually for mines producing less than 5 million cu.m (Coal+OB) and for vegetation Cover mapping of major coalfields.

In FY 2023-24, satellite-based land reclamation monitoring has been executed for 14 nos. of open cast mines producing 5 million cu.m and more (Coal+OB), 13 nos. of open cast mines producing less than 5 million cu.m (Coal+OB) and vegetation mapping of Umrer coalfields and Satpura Valley Coalfields.

#### **Routine Environmental Monitoring**

In compliance to the EC, CTE/CTO conditions, Routine Environmental Monitoring of air, water and noise has been carried out by CMPDIL (NABL accredited lab) as per the methodology, frequency etc. as per the guidelines laid by MOEF&CC/Central Pollution Control Board (CPCB). In addition to this, WCL has 16 nos of Continuous ambient air quality Monitoring system (CAAQMS) in place and the same is directly connected to respective SPCB (MPCB & MPPCB) servers.

WCL has also issued supply order for 21 nos. of Continuous Ambient Air Quality Monitoring Stations (CAAQMS) which are under installation and commissioning.

#### **Status of Mine Closure Activities**

During FY 2023-24, Coal Controller Organization (CCO) has released Rs. 7.95 Crores for 12 Mines for Progressive Mine Closure activities.

Final Mine Closure Plans in respect of 21 mines and Temporary Mine Closure Plans in respect of 1 No. of Mine which has been abandoned/discontinued before 2009 has been approved by WCL Board in F.Y. 2023-24.

#### New Technologies to protect Environment

WCL has commissioned 69 nos. of Trolley Mounted Mist Foggers to control the dust pollution due to mining activities during this FY 2023-24.

WCL has commissioned 02 nos. of Automatic Tyre Washing System at Bhanegaon OC and Gondegaon OC of Nagpur Area. Also, 02 nos. of Manual Tyre Washing System have been installed in Amalgamated Yekona-I&II OC and New Majri UG to OC of Majri Area.

#### **Development of Neem Vatika Eco-Park**

In the due course of mining process, the waterbodies and the reclamation land developed in the mine lease area are being converted into eco-parks at WCL to conserve the Environment.

The development of "Neem Vatika" Eco Park at Chandrapur Area has been completed in this FY 2023-24.

# Environmental awareness:

# World Environment day celebration:

In this FY 2023-24, the Environment week (June 1st -7th, 2023) and World Environment Day (5th June,2022) was celebrated on the theme "Solutions to plastic pollution under the campaign #BeatPlasticPollution" by conducting various competitions like painting, slogan writing, extempore, poster presentation among the employees of WCL at Area and HQ level.

Apart from this, cotton bags, jute bags, saplings and seeds have been distributed among the employees and in

nearby villages to create awareness for the protection of environment.

### **Environmental Award:**

WCL has been awarded the 1st prize under the Sustainability category of Hon'ble Coal Minister's Award for the year 2022-23.

### **16. CORPORATE SOCIAL RESPONSIBILITY**

As per WCL's CSR policy, fund for CSR should be allocated based on 2% of average net profit of the company for three immediate preceding financial years or Rs.2.00 per Tonne of Coal Production of previous year, whichever is higher. Accordingly, CSR Budget for Financial year 2023-24 was calculated as Rs 14.92 Crores. An amount of Rs 3.17 Crores has been set-off from excess CSR Expenditure made in FY 2022-23, hence the final CSR Obligation for FY 2023-24 was Rs 11.75 Crores. CSR Expenditure made by WCL in FY 2023-24 is Rs 13.97 Crores.

| Fund provision & Expenditure on CSR during 2023-24 (Rs.in Crores) |       |  |  |  |  |
|---|-------|--|--|--|--|
| CSR Budget as per minimum statutory provisions                    | 11.75 |  |  |  |  |
| CSR Expenditure incurred  | 13.97 |  |  |  |  |

# Major CSR initiatives undertaken by WCL during the FY 2022-23

i. Project TARASH (Talent Amplification of Rural youth through Aggressive Skill Hunt) WCL's flagship Project TARASH aims to support underprivileged yet talented children secure admission into top engineering and medical institutes. The first batch of the project was inducted on 22nd May 2023 with 30 students selected from 30 Zilla Parishad Schools of Chandrapur & Nagpur District. WCL has tied up with Aakash BYJUs for providing JEE Coaching (for 15 Students) and NEET coaching (for 15 Students) at Nagpur.

**Company** Overview

First Batch of 30 Students of Project TARASH with CMD, Functional Directors of WCL and CSR Team during inauguration ceremony

ii. Project SUSHRUTA (Survey, Understand & Solve Healthcare issues in Rural, Underprivileged and Tribal Areas)WCL's flagship Healthcare Project SUSHRUTA aims to Screen Individuals between age group 15-35 years of WCL Command Area for genetic diseases like Sickle Cell & Thalassemia. Genetic Screening, early detection and counselling are part of the project which allows individuals to seek appropriate medical care and early intervention has led to better management and improved quality of life for those affected by these disorders.

Children getting tested during a Medical camp held by Lok Kalyan Diagnostics at Netaji Subhash Chandra Bose Vidyalay, Nagpur

- iii. Healthcare & Nutrition:
- a. Rs 24.50 Lakhs was spent for conducting 500 Free cataract surgeries for poor & elderly populace residing nearby our mining areas.
- b. Rs 29.69 Lakhs was utilised by providing Financial Assistance to Annamrita Foundation for purchase of 1000 SS Insulated Containers for Centralised kitchen in Nagpur for serving free meals to patients and relatives in Government Hospitals of Nagpur, Super

WESTERN COALFIELDS LIMITED

Speciality and cancer Hospitals.

- iv. Education & Skill Development:
- a. Rs 383.90 Lakhs was utilised for training 987 Rural Youth residing nearby our mining areas in Skill Development Programmes through Central Institute of Petrochemicals Engineering & Technology (CIPET), Apparel Training Design Center (ATDC), Confederation of Indian Industries(CII), Ashok Leyland Institute for Drivers Training & Research, Footwear Design and Development Institute (FDDI), Ambuja Cement Foundation and Foundation for Innovation in Health(FIH)
- b. Rs 40.00 Lakhs was utilised for providing Financial assistance to Assistant Commissioner Tribal Welfare Betul for implementation of Smart Class-room solutions for improving learning outcomes and education quality in 15 Govt Schools of Betul District
- c. Rs 17.36 Lakhs was utilised for Project-Nai Kiran for promoting literacy among women & dropout girls in Nagpur district in association with Zilla Parishad, Nagpur
- v. Women Empowerment:
- a. Various sustainable livelihoods options were provided to SHGs of Parasia Block, Chhindwara District &Umrer Block, Nagpur District by providing income generating equipment for which Rs 23.52 Lakhs was utilised.
- vi. Other Themes:
- a. Improved access to purified drinking water in villages/schools of WCL Command Area by providing 6 Nos of RO Plants, 17 Nos of RO Purifiers, Borewells, Handpumps, etc in for which Rs 96.21 Lakhs have been utilised.
- b. Various Rural Development Activities like Construction of Road, Community Centers, Classrooms in School, Borewells with Solar Pumps, etc were undertaken in villages near our mining areas for which Rs 94.09 Lakhs was utilised.

### Awards & Recognition

### **17. VIGILANCE**

### **Preventive Vigilance:**

- Vigilance department has conducted 08 major CTE type inspections, 24 surprise inspections and 36 regular inspections during the year. Following major systemic improvement suggestions have been initiated by vigilance department:
- i. Systemic improvement regarding choice of newspapers in which common windows will be for publication as per updated guidelines whether national, regional or local newspaper. A media policy/SOP is to be formulated and implemented.
- ii. SOP for checking of documents related to the vehicles deployed by the contractors in the HOE and coal transportation.
- iii. SOP for implementation of penalty orders issued by DA/CMD, WCL.

The following major works have been taken up for Intensive examination by vigilance department:

- i. 4 no of HOE Work at Adasa UG to OC Mine taken up for intensive examination, which includes Hard OB removal, Soft OB removal, OB Rehandling and Coal Evacuation.
- ii. Transportation of crushed coal from discharge end of semi mobile crusher of Gokul OCM and its transportation after weighment at colliery weighbridge (i.e, at loading point) to Umrer 0CM.
- iii. Transportation of ROM Coal from coal stock-yard heap no. 1 of Gokul OCM and unloading the same into hopper of semi mobile crusher.
- iv. Supply of hydraulic excavators 5-6 Cu m. along with spares & consumable.
- v. Construction of concrete road for coal transportation purpose from SAM Office to Gundlach crusher i/c patch length from turning of Padmapur canteen to main road junction POC at DOCSA of Chandrapur Area.
- vi. Construction of approach road to Gandhigram UG Mine of Pathakheda Area. Stake Holders Meet/Workshops and Seminars:
- i. 4 Gram Sabhas were arranged at Chandrapur area, 2 each at Pathakheda and Nagpur areas and 1 each at Pench Umrer Mairi Wani Wani North Ballarpur
- Pench, Umrer, Majri, Wani, Wani North, Ballarpur and CWS Tadali.ii. CVO, WCL conducted 08 seminars on PIDP1 in
- areas and establishments of WCL.
- iii. Public Talks conducted at 10 areas of WCL
- iv. Marathi video message of CVO, WCL has been created and played in all areas of WCL.

- v. PIDPI gallery displayed at WCL, HQ during the Vigilance Awareness Week-2023.
- vi. Ethics and Governance: 34 Officials were provided training at HRD, WCL HQ by vigilance department
- vii. Systems and Procedures of the organization: 47 Officials were provided training at HRD, WCL HO by vigilance department
- viii.Cyber hygiene and security: 101 Of ficials were provided training at Nagpur Area and through online mode by vigilance department
- ix. IO/PO training: 15 Officials were provided training at HRD, WCL HO and through seminars conducted at Areas of WCL by vigilance department.

### IT Initiatives:

IT initiative measures were undertaken throughout the year. The gist of the same is as below:

- i. GPS/GPRS based Vehicle Tracking System is operative and GPS are installed in all the internal coal carrying vehicles numbering 1054.
- ii. Cameras have been installed at all vulnerable points numbering 745. 741 CCTV Cameras are in operation out of 745 Nos. installed. Remaining 04 cameras are under shifting.
- iii. 116 Boom Barriers (including 06 Nos of Boom Barriers that are under Shifting), 316 RFID Readers, 2757 RFID tags are in working & operative.
- iv. 164 Road Weigh Bridges and 16 Rail Weigh Bridges are installed and under operation with realtime weighment data transfer to Central Server.
- v. 25 nos. Weighbridges out of planned 33 (includes 08 nos 150T road weighbridges) have been installed for weighment of production (Face to Stock). Installation of remaining 08 Nos are under process.
- vi. Successful operation of Integrated Command Control Center (ICCC) at WCL HQ for 24x7 live monitoring and recording of video footage from CCTVs with Artificial Intelligence (AI) based video analytics.
- a. Integrated 500 nos. of CCTV cameras installed and working at Coal Stocks, Railway sidings, Mine View Points, Weighbridges, Entry/ Exit of mines etc. across WCL command area for centralized monitoring at WCLHQ.
- b. 24x7 live monitoring and recording of video footage from all 500 CCTV Cameras.
- c. 16 X 6.7 ft Video Wall installed for virtual inspection and monitoring of coal mining operations.

VESTERN COALFIELDS LIMITED

- d. AI & ML based video analytics for following: Camera Tampering, Crowd detection, Intrusion detection, Object counting, wrong way & wrong parking detection, ANPR (Automatic Number Plate Recognition).
- e. 1380 nos. manual anomalies with 683 nos. Security, 259 nos. Safety and 438 nos. Despatch anomalies have been reported from ICCC with 100 % receipt of ATRs.
- vii. Drone Surveillance introduced on hiring basis for aerial inspection of opencast mines for Mine faces, haul roads, OB dump, topography of the mine, HEMM,coal stocks Railway sidings, Plantations and unauthorized activities in the mine area.
- a. A committee has been constituted at Area and HQ level to give observations regarding Safety, Environment and Security; the same observations are forwarded to AGMs for necessary action and submission of ATRs to competent authority.

Tender floated for procurement of new IT initiative systems against replacement of survey off of old system and additional requirement. It includes integration of 1250 cameras at ICCC, additional 500 AI/ML video analytic licenses and integration of VTS, RFID and CCTV system on common ICCC platform to improve the effectiveness of IT initiatives.

### **Punitive Vigilance:**

- i. Cases against 22 officials (including both executive and non-executive) were registered for disciplinary action.
- During this year Major penalty proceedings against 10 employees were concluded and penalty awarded. Minor penalty proceedings against 23 employees were also concluded and punishment orders were issued. 4 cautions/ warnings were issued.
- iii. Inquiry proceedings are in progress in 05 cases involving 14 officers by appointing IA/PO. Out of 14 officers, inquiry proceedings have been completed for 2 officers, who have been issued minor penalties.

### **Other activities:**

i. Other activities like observance of Vigilance Awareness Week, Preparation of "Agreed List" and "Officer of Doubtful Integrity" and rotation of employees on sensitive post have been carried out. Close liaison with Central Bureau of Investigation (CBI) and Central Vigilance Commission (CVC) are maintained.

- ii. The following major activities were conducted during Vigilance Awareness Week-2023:
- a. CMD, WCL administered the integrity pledge during the inauguration function of VAW 2023 where all Directors, HODs and other members of Team WCL were present.
- b. PIDPI Awareness workshops were held in all areas of WCL.
- c. Rallies were conducted at most of the establishment of WCL for mass awareness among the citizen.
- d. Painting competition was conducted in association with Dainik-Bhaskar for School children.
- e. Essay/ Debate/ drawing/ Elocution/ Quiz competitions were conducted involving students of schools & colleges for their awareness.
- f. An interactive session with students followed by elocution competition was conducted at VNIT, Nagpur.
- g. Essay/ Elocution competitions were conducted for employees on vigilance awareness program.
- h. Outreach activities with NMC were held by Vigilance Department.
- i. Short films on vigilance awareness and significance of integrity were shown to the employees by various areas of WCL.
- j. A poster designing competition for wards of employees was organized at various areas of WCL
- k. A Rangoli competition on VAW theme were organized at various areas of WCL.
- iii. E-Integrity Pledge under VAW-2023:
  - E-pledge link was made available on website for taking pledge by people either as individual employee, family members or other citizens such as customers, stakeholders and students of various schools located in the working Areas of WCL. During the year total 20942 count of e-pledge were recorded. 1620 Posters, Banners and Pamphlets on account of PIDPI awareness were displayed and distributed in WCL command areas of Maharashtra and Madhya Pradesh during VAW-2023.

### **18. AUDITORS:**

#### **18.1 Statutory and Branch Auditors**

In exercise of the powers conferred by the Company at the Extra-Ordinary General Meeting held on 30th August, 2001, pursuant to provisions of section 142(1) of the Companies Act, 2013 the Board of Directors in its 356th meeting held on 28th September, 2023 fixed the remuneration of Statutory

and Branch Auditors appointed by the Comptroller and Auditor General of India, under section 139(5) of the Companies Act, 2013 for the financial year 2023-24.

### **19. CORPORATE GOVERNANCE**

Corporate Governance is a commitment backed by transparency in functioning, value and mutual trust among all the constituents of an organization. It is a selfimposed discipline which guides the management and employees to function towards the goal of the organization. It essentially involves a creative, generative and positive thinking activity that adds value to the stakeholders.

### **19.1. COMPANY'S PHILOSOPHY**

In your Company, Corporate Governance philosophy stems from our belief that Corporate Governance is a key element in improving efficency and growth as well as enhancing confidence of other stakeholders. We are making continuous efforts to adopt the best practice in Corporate Governance with the belief that the practices we put into place for the company shall go beyond adherence to regulatory framework.

As per self-evaluation report on compliance of Corporate Governance Guidelines submitted to Ministry of Coal, Company achieved "excellent" rating i.e. 100% for the year 2023-24.

The Company has a well-defined policy framework consisting of the following:

- i. Code of Conduct for Directors and Senior Management Personnel.
- ii. The Code of Conduct to Regulate, Monitor and Report trading by Designated Persons of Coal India Limited.
- iii. Whistle Blower Policy.

### **20. BOARD OF DIRECTORS**

The Company is a government company within the meaning of Section 2 (45) of Companies Act, 2013 and a wholly owned subsidiary of Coal India Limited. The business of the company is managed by the Board of Directors and they are appointed by the President of India. The composition and structure of the Board is decided by the Ministry of Coal, Govt. of India as per the provisions of Articles of Association. The Directors are not required to hold any qualification shares.

# (ii) Steps taken by the company for utilizing alternate sources of energy

- i. Solar power generation during 2023-24 is 41.38% more than the last year 2022-23:
- Solar Power 2022-23 MWh: 1189.427
- Solar Power 2023-24 MWh: 1681.632
- % Solar Power increase in WCLYOY: 41.38%
- ii. During the year 2023-24 Solar Power of 1,681.632 MWh has been generated from Solar Power Systems in WCL.
- iii. Work of 15 MW SPP has been started & work in progress at the surface of Jamunia at Pench area.
- 35MW SPP DPR has been prepared for installations at Wardha Valley namely Chandrapur area, Wani area and Majri area.
- v. 70 MW SPP DPR has been prepared by M/s CMPDIL to be installed at Kanhan area.
- vi. 480 KWp Solar roof top has been processed for tendering in different areas of WCL namely Kanhan, Pench, Umrer and Wani area.
- vii. Energy Storage System- In the coal exhausted/abandoned mines of WCL, where coal excavation has been completed, 06 such sites has been identified in Pench and Kanhan areas and proposed for Pumped Storage Energy System Plant installation at WCL

### Form 'B'

# **Disclosure of Particulars with respect to Technology Absorption:** Efforts, in brief, made towards technology absorption, adaptation and innovation :

Concerted efforts are being made for technology absorption, adaptation and innovation in the sphere of mining with due emphasis on safety, environment control, conservation and quality improvement, details of which are furnished below:

# A. Mining Technology

# **Continuous Cutting Technology**

The technology is envisaged to be introduced in upcoming future projects namely Sharda UG Mine, Jamunia Block of

Amalgamated Dhankasa-Jamunia UG Mine, Tawa-III UG Mine, & Gandhigram, Waghoda UG Mine, Saoner-III UG

Expansion and Borda UG Mine after completion of development activities.

Three (3) nos. of Low Height Continuous Miner Package of 0.36 MTY has been introduced in Tawa-II UG, Chhatrapur-I UG Mine and Tawa UG Mine of Pathakhera Area on hiring basis. The Coal production in these mines is in progress.

Four (4) no. of standard height Continuous Cutting Technology Packages have been awarded for Saoner-I UG Expansion Mine, Nagpur Area and Dhankasa Block of Amalgamated Dhankasa-Jamunia UG Mine of Pench Area during this financial year.

The GeM Bid Document for hiring of 1 no. of Standard Height Continuous Miner (LHCM) Package for Sharda UG Mine, Kanhan Area has been floated.

**OB Processing Plant:** The OB Processing Plant for Segregation of Sand (Capacity:2000 cum/day) in Ballarpur OCM was commissioned and commercial operation will be started on confirmation of environmental clearance.

# The benefits derived as a result of the above efforts, e.g., product improvement, cost reduction, product development, import subsititution etc.

The deployment of CM technology resulted in Reduction of losses, Mass Production from UG Mines, Reduction of Manpower, Improvement in Quality of Coal etc.

The sand from OB processing plant will be used in sand stowing in nearby UG mines to ensure safe extraction of Coal. The sand will also be sold in open market to generate extra revenue for the company apart from intangible benefit of vacated land usage for further dumping of OB.

# In case of imported technology (imported during the last 5 years reckoned from the beginning of the financial year), following information may be furnished:

- a) Technology imported-NIL
- b) Year of Import-NIL
- c) Has technology been fully absorbed?-NIL
- d) if not fully absorbed, areas where this has not taken place, reasons there for and future plans of action-NIL

# **B. Research and Development (R&D)**

Specific Areas in which R&D carried out by the Company:

# 70 ANNUAL REPORT 2023-24

(₹ crores)

CIL R & D Project "Forensic investigation related to Geo-technical aspects in order to stabilize the foundation soil of expansive nature and implement suitable ground improvement technology to sustain and enhance the optimum overburden dump height". Implementing agency: CMPDI, RI-IV, Visvesvaraya National Institute of Technology, (VNIT), Nagpur & Western Coalfields Limited, Nagpur.

The core samples of soil (OB), surrounding the active OB dump in Dinesh OCM were taken for analysis of various characteristic of the soil in Laboratory. After the numerical modeling of rock mass, rock mass behavior and its effects on overburden dumps and on the optimum height up to which overburden can be dumped safely without any dump failure was carried out.

The detailed Design of retaining structure completed. Gabion structure of 5 m below GL is completed. Above GL, out of total 12 layered (9.6m) of geo reinforced earth retaining structure, 6 layers (4.8m) were completed.

# The benefits derived as a result of the above efforts, e.g., product improvement, cost reduction, product development, import substitution etc:

The study will facilitate in increasing the safe dumping height for storage of Overburden in OC Mines.

Expenditure on R&D:The project was funded by R&D fund of CIL. Total approved Cost is Rs 492.26 Lakhs. The project is yet to be concluded.

Future Plan of Action: Planning for Surface Coal Gasification

### **C** FOREIGN EXCHANGE EARNING AND OUTGO:

- i. Activities relating to exports, initiatives taken to increase exports, development of new export markets for products and services and export plans: Company is not engaged in export activities.
- ii. The Foreign Exchange earned in terms of actual inflows during the year and the Foreign Exchange outgo during the year in terms of actual outflows is as under:

|     | Particulars                      | Current year | Previous year |
|-----|----------------------------------|--------------|---------------|
| (A) | Foreign Exchange earned (inflow) | 0.00         | 0.00          |
| (B) | Foreign Exchange used (outflow)  | 0.00         | 0.00          |

WESTERN COALFIELDS LIMITED

## ANNEXURE-II ANNUAL REPORT ON CSR ACTIVITIES

### 1. Brief outline on CSR Policy of the Company

WCL is a subsidiary of Coal India Limited(CIL) and follows CSR Policy of CIL. With the rapidly changing corporate environment, Coal India Limited (CIL) has adopted CSR as a strategic tool for sustainable growth. In the present context, CSR means not only investment of funds for social activity but also integration of business processes with social processes. WCL has envisioned a Corporate policy of ensuring Sustainable Development with inclusive growth. Key elements of WCL's CSR strategy are:

- i. To cater to all stakeholders interests Public Sector Enterprise to act in Serving the Public.
- ii. To use CSR not just a legal Obligation but an opportunity to Emotionally connect with Community.
- iii. CSR to be in Sync with National Priorities & Global Agenda (SDGs).

### ANNEXURE-III MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Globally, demand for primary energy will continue to rise to meet the requirements of growing population and aspiration for development. As this in turn have increased the global appetite for every major fuel source, thermal power will continue to meet India's power needs. It is unlikely that wind and solar power will wipe out the need for coal for power generation as coal is the most abundant fossil fuel resource.

The inventory of Geological Resources of Indian Coal (as on 01.04.2023), prepared by the Geological Survey of India on the basis of resources estimated by CMPDI, GSI, MECL, SCCL and some Private/Public Entrepreneurs, is enclosed for kind information.

# The highlights of the inventory are:

i. A total of 3,78,207.28 Mt of geological resources of coal have so far been estimated in India, upto the maximum depth of 1200 m. Out of the total resources, the Gondwana coalfields account for 3,76,551.74 Mt (99.56%), while the Tertiary coalfields of Himalayan region contribute 1,655.54 Mt (0.43%) of coal resources. The type-wise and category wise break-up is given below:

(Resource in Million Tonne)

(Resource in Million Tonne)

| Coal Type              | Proved    | Indicated | Inferred | Total     | % share |  |  |  |
|------------------------|-----------|-----------|----------|-----------|---------|--|--|--|
| Prime Coking           | 5132.65   | 185.64    | 0.00     | 5318.29   | 1.41    |  |  |  |
| Medium Coking          | 16499.51  | 10266.18  | 1761.43  | 28527.12  | 7.54    |  |  |  |
| Semi Coking            | 529.68    | 1081.47   | 186.33   | 1797.48   | 0.48    |  |  |  |
| Sub-Total of<br>Coking | 22161.84  | 11533.29  | 1947.76  | 35642.89  | 9.42    |  |  |  |

# 76 ANNUAL REPORT 2023-24

# **Coal India structure and industry**

In India CIL has a dominant position in coal production, producing about 80% of India's coal through 07 coal producing subsidiary companies and one consultancy subsidiary. Western Coalfields limited has contributed production of 69.11 MT of coal which is 8.93 % of production of Coal India Ltd.

### **Company Outlook**

Geological reserves in WCL Command area as on 01.04.2023 is 16808.78 MT

| Proved in MT | Indicated in MT | Inferred in MT | Total in MT |
|--------------|-----------------|----------------|-------------|
| 9085.78      | 2344.78         | 5378.22        | 16808.78    |

Company has bright prospects with series of measures undertaken for continuous development and excellence through existing & new mining technologies, improvement in coal dispatch, development of coal transport infrastructure, new mining projects etc.

### **Contribution to 1 BT**

As on 01.04.2024, in WCL, 61 major coal projects (25 Underground projects,01 mixed mines and 35 Opencast projects), out of which 54 projects are in operation (excluding dropped/shelved projects). In order to augment the coal production, 07 new projects having capacity 17.08 MTY are being taken up for implementation.

As per Revised Roadmap for 1 Billion Tonne per annum Coal production of CIL by FY 26-27, WCL shall hold a share of 70 MT per annum. Preparation for 1 BT has been re-visited considering status of Land acquisition, Forestry & Environment clearances, Coal evacuation/ dispatch infrastructure which are already under implementation for Ongoing & Future projects. The target of WCL during FY 2024-25 considering above constraints has been fixed to 69 MT.

The major share of production will accrue from Dinesh Expansion (8.00 MTY), Penganga OCP (6.3 MTY) Neeljai Deep (4.5 MTY), Mungoli Nirguda Expansion (4.375 MTY), Durgapur Extn Deep (3.2 MTY), Amg. InderKamptee (3.2 MTY), Pauni II Expansion (3.2 MTY), Amg. GondegaonGhatrohana(3.5MTY).

### **Technology Absorption**

Surface Miners and Front End Loaders for coal evacuation is under operation in three projects of WCL. SILO and Rapid Loading System for coal evacuation is envisaged in three projects. Introduction of Blast free technology for coal exploitation has been made in three UG Mines of WCL i.e. through deployment of Continuous Miner (CM) Package.

### **Coal Evacuation and Infrastructure**

Creating transport infrastructure and facilitating logistics to move coal from the point of origin by consumers is a major challenge is logistic management. Development of rail infrastructure and adequate road network for coal movement is a challenging task and requires continuous effort. Railways play a major role in timely evacuation of coal and commensurate infrastructure for faster movement has been persistently addressed by taking new initiatives.

### **Railway Sidings**

Various developmental activities with respect to constructions of new sidings are being taken up considering increase in production of coal in the near future. At present, there are 19 Nos. of Railway Sidings for dispatch of coal. During financial year 23-24, Railway Siding at Gouri Deep has been commenced.

## First Mile Connectivity (FMC)

FMC initiative is the system of coal transportation aimed to replace the existing road transport of coal from pitheads to dispatch points with seamless mechanized transportation system like conveyor belts to decrease the transportation time and dust pollution. It will have multiple added advantages like easing the load on road network, saving in diesel cost, stoppage of possible pilferages of coal, elimination of chances of under loading/overloading of wagons due to precise pre-weighed quantity of coal being loaded to the wagons thereby bringing down of loading cycle time of rakes/idling of rakes due to quicker computer-aided loading of railways wagons, etc. apart from ensuring cleaner environment due to reduction in dust and air pollution.

03 FMC projects namely Dinesh Expansion OCP, Mungoli Nirguda Extn Deep OCP and Sasti expansion OCP are under implementation. WCL is setting coal handling plants (CHP) with Silo having rapid loading systems, which will have benefits like crushing, sizing of coal, quicker and better quality coal loading with advantage of precise pre-weighed quantity of coal being loaded.

VESTERN COALFIELDS LIMITED

### **Strengths:**

- i. Reasonable quantum of Reserves for Sustaining Production
- ii. Experienced personnel, productive work culture, participating management, good industrial relation.
- iii. Conducive Law and Order situation
- iv. Developed Infrastructure providing support to Production and Evacuation

### Weaknesses:

- i. Surplus manpower impeding gainful utilization
- ii. Opencast Mines with high stripping ratio and poor grade of Coal(G12-G14)
- iii. Reserve not amenable to highly mechanized opencast or mass production in UG.
- iv. Financial soundness with adequate reserves/ surplus to support growth plan and enhance infrastructure facilities.
- v. Heavy dependence on import for developing highly mechanized UG with CM's.

### **Opportunities**

- i. Strategic location for catering to Consumer of Central, Western and Southern India
- ii. Industrial outlook in proximity translating into perennial increase in Demand
- iii. Concentrated location of major Opencast projects will provide opportunity to install pithead power plants integrated with mining projects.
- iv. Potential for diversification in allied and non-allied mining activity.

### Threats

- I. Difficulty in getting physical possession of land.
- ii. Stringent Environment and Conservation Laws may create operational difficulties.
- iii. Decline in core competency due to outsource operations.
- iv. Renewable energy source

### **Mining Concerns**

Mining activity is site specific, having limitation in operation due to specific geological condition in coal deposits, geological reserves, stratigraphy of coal deposits, available technology etc. It broadly involves following major concerns:

- i. Under ground mining requiring surface rights for de-pillaring.
- ii. Multiple levels of clearances for environment issues and forests.
- iii. Low extraction and huge burden of Land value make even safe, scientific and environment friendly underground mine unviable.
- iv. Difficulties in getting land records, handling disputes, taking physical possession, evicting unauthorized dwellers etc.
- v. Greater dependence on the imported HEMMs, their parts and services may adversely affect operations in mechanized UG mines with CMs.
- vi. Concern for climate change and strong advocacy against fossil fuels without enabling access to alternate affordable energy resources, may threaten mining operations.

## ANNEXURE-IV Extracts of Annual Return in Form No. MGT-9 FORM NO. MGT 9

EXTRACT OF ANNUAL RETURN

As on Financial year ended on 31-03-2024 Pursuant to Section 92 (3) of the Companies Act, 2013 and Rule 12(1) of the Company (Management & Administration) Rules, 2014

FORM No. MR-3

### SECRETARIAL AUDIT REPORT

### FOR THE FINANCIAL YEAR ENDED MARCH 31, 2024

(Pursuant to Section 204 (1) of the Companies Act, 2013 and rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014)

To, The Members, Western Coalfields Limited

Tel.: 26301232/26301233

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Western Coalfields Limited (hereinafter called 'the Company'). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the company, to the extent the information provided by the company, its officers, agents and authorized representatives during the conduct of secretarial audit, the explanations and clarifications given to us and the representations made by the Management and considering the relaxations granted by the Ministry of Corporate Affairs and Securities and Exchange Board of India, we hereby report that in our opinion, the company has, during the audit period covering the financial year ended on March 31, 2024 generally complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records made available to us and maintained by the Company for the financial year ended on March 31, 2024 according to the provisions of:

- (i) The Companies Act, 2013 ('the Act') and the rules made thereunder;
- (ii) The Securities Contract (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;

Office: 111, 11th floor, Sai-Dwar CHS Ltd., SAB TV Lane, Opp. Laxmi Industrial Estate, Off Link Road,

Above Shabari Restaurant, Andheri (West), Mumbai-400 053 Email: cs@parikhassociates.com Website: www.parikhassociates.com Firm Unique Code: P1988M

- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder of Foreign Direct Investment to the extent applicable to the Company;
- The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act')

(a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011; (Not applicable to the Company during the audit period)

(b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015; (Not applicable to the Company during the audit period)

(c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 and amendments from time to time; (Not applicable to the Company during the audit period)

(d) The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021; (Not applicable to the Company during the audit period)

(e) The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021; (Not applicable to the Company during the audit period)

(f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Act and dealing with client; (Not applicable to the Company during the audit period)

(g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021; (Not applicable to the Company during the audit period) and

(h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018; (Not applicable to the Company during the audit period)

- (vi) Corporate Governance guidelines for Central Public Sector Enterprises (CPSEs) issued by Department of Public Enterprises (DPE), Govt. of India;
- (vi) Other laws specifically applicable to the Company namely:

- 41. The Minimum Wages Act, 1948;
- 42. Equal Remuneration Act, 1976;
- 43. The Contract Labour (Regulation and Abolition) Act, 1970.

We have also examined compliance with the applicable clauses of the following:

 Secretarial Standards issued by The Institute of Company Secretaries of India with respect to Board and General Meetings.

During the period under review, the Company has generally complied with the provisions of the Act, Rules, Regulations, Guidelines, standards etc. mentioned above.

We further report that:

The Board of Directors of the Company is constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors except appointment of a Woman Director on the Board of the Company as per second proviso to Section 149 (1) of the Companies Act, 2013. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice was given to all Directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance other than those held at shorter notice, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Decisions at the Board Meetings were taken unanimously.

We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the audit period no events have occurred which had bearing on the Company's affairs in pursuance of the above referred laws, rules, regulations, guidelines etc.

### CORPORATE GOVERNANCE CERTIFICATE

To, The Members, Western Coalfields Limited Coal Estate Nagpur-440001

We have examined the compliance of conditions of Corporate Governance by Western Coalfields Limited for the year ended 31<sup>st</sup> March, 2024 as stipulated in the Guidelines on Corporate Governance for Central Public Sector Enterprises (CPSEs) issued by the Department of Public Enterprises, Government of India.

The compliance of conditions of corporate governance is the responsibility of the Management. Our examination was limited to review of the procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of Corporate Governance as stipulated in the said guidelines. It is neither an audit nor an expression of opinion on the financial statements of the company.

In our opinion and to the best of our information and according to the explanations given to us, we certify that the company has complied with the conditions of the Corporate Governance as stipulated in the Corporate Governance Guidelines for Central Public Sector Enterprises (CPSEs) wherever applicable.

We further state that such compliance is neither an assurance as to the future viability of the company nor the efficiency or effectiveness with which the Management has conducted the affairs of the company.

This certificate is being issued on 13th June, 2024.

The Board of Directors,

### CEO AND CFO CERTIFICATION

We, Chairman-Cum-Managing-Director/CEO and Director (Finance)/CFO, responsible for the finance function certify that:

- a. We have reviewed the Financial Statements of the Company for the year ended on 31<sup>st</sup> March,2024 together with Accounting Policies and Additional Notes thereon as well as Financial Results for the year ending 31<sup>st</sup> March,2024 as per Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and that to the best of our knowledge and belief:
  - These statements do not contain any materially untrue statement or omit any material fact or contain statements that might be misleading;
  - These statements together present a true and fair view of the Company's affairs and are in compliance with existing Accounting Standards, applicable laws and regulations.
- b. There are, to the best of our knowledge and belief, no transactions entered into by the Company during the year ended on 31<sup>st</sup> March,2024 are fraudulent, illegal or in violation of the Company's code of conduct.
- c. We accept responsibility for establishing and maintaining internal controls for financial reporting and we have evaluated the effectiveness of internal control systems of the Company pertaining to financial reporting and we have disclosed to the Auditors and the Audit Committee, deficiencies in the design or operation of such internal controls, if any, of which they are aware and the steps they have taken or propose to take to rectify these deficiencies.
- d. We have indicated to the Auditors and the Audit Committee that:
  - There has not been any significant changes in internal control over financial reporting during the period under reference;
  - ii) There has not been any significant change in accounting policies during the period except for change in Accounting Policy on Stripping Activity (OBR); which have been adequately disclosed in appropriate places in Significant Accounting Policies and Notes to the Financial Statements, and
  - iii) We have not become aware of any instance of significant fraud with involvement therein of the management or an employee having a significant role in the Company's internal control system over financial reporting.

### ANNEXURE-VIII ADDENDUM TO DIRECTORS' REPORT UNDER SCTION 134(3) and 143(3) OF THE COMPANIES ACT, 2013 AUDITOR'S REPORT TO THE MEMBERS OF WESTERN COALFIELDS LIMITED

### Opinion

We have audited the accompanying financial statements of WESTERN COALFIELDS LIMITED (the "Company"), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date and notes to the financial statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as the "Finncial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024 and its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

### **Basis for Opinion**

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing ("SA" s) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

### **Emphasis of Matters**

We draw attention to the following notes / matters to the Financial Statements:

- i) Note No. 6.2.3, regarding the accumulated amount of Rs. 1788.3 Crore (P.Y. Rs. 1,350.84 Crore) represents the input tax credit pertaining to GST paid on input materials/services that can be utilized against the GST on output. This accumulation has occurred as a result of the inverted tax structure. The amount is not refundable in terms of notification issued in this respect and is therefore available only for utilization against duty on output. Since owing to the Inverted duty structure, the accumulation of such input tax credit is expected to continue and increase, the tax credit does not seem recoverable in the immediate next year unless there is a change in respective tax regime. However, the Company continues to classify the same under "Other Current Assets".
- Note No. 16(5)(1) regarding Balance Confirmations / reconciliation of Loans and Advances, Trade Receivables, Other Current Assets, Trade Payable and other Current Liabilities in most of the cases as on 31st March 24 is not received and the same is under process.
- iii) Note No. 16(5)(n) regarding restatement for the year ended 31st March 2023 and as at 1st April 2022 consequent to revision in accounting policy of the Company with respect to the Stripping Activity in accordance with Appendix-B Stripping Costs in the Production phase of a Surface mine, of Ind-AS: 16, Property, Plant, and Equipment. The Company has restated its Balance Sheet as at 31st March 2023 and 1st April 2022 (beginning of the preceding period; as restatement prior to that period is impracticable) and Statement of Profit and Loss and Statement of Cash Flows for the year ended 31st March 2023. This has resulted in Increase in the amount of Total Comprehensive Income by Rs. 1148.79 Crores for the year ended March 31, 2023. The Company has not separately quantified the differential impact for the Current year on account of such change in accounting policy. However the total Impact on account of Stripping Activity in the Statement of Profit & Loss for the year ended March 31, 2024 is Rs. 3212.62 Crores. The Company has not reversed the existing ratio variance reserve as at April 1, 2022 but has adopted the policy to reverse the same in a systematic manner based on the difference between standard ratio and current ratio.

WESTERN COALFIELDS LIMITED

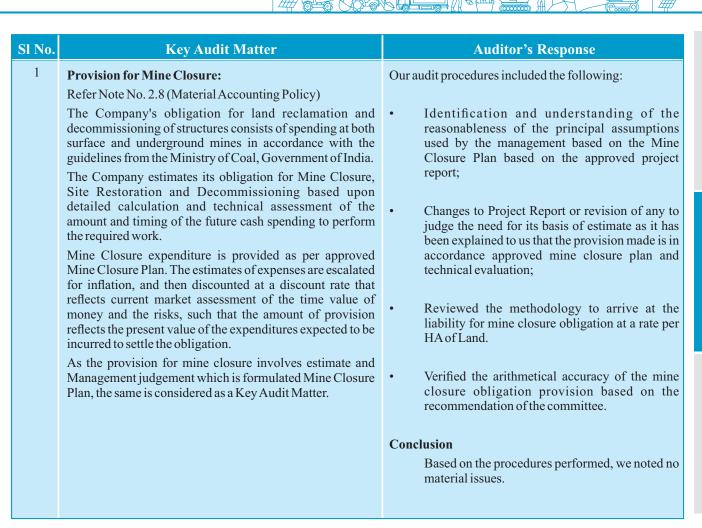

iv) Note No. 16(4)(a)(iii) of the Financial Statements, which states that the Competition Commission of India, on the basis of the complaints by few coal customers against certain conducts of M/s Coal India Limited, M/s Western Coalfields Limited, M/s South Eastern Coalfields Limited, M/s Mahanadi Coalfields Limited had inter-alia imposed penalty of 591.01 crores on Coal India Limited being the Holding Company. This has been contested by Coal India Limited at Group level and filed an appeal before the NCLAT against the fresh impugned order and a stay has been granted on the operation of the impugned order.

Our opinion is not modified in respect of the above matters.

### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Financial Statements of the current period. These matters were addressed in the context of our audit of the Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report

| SI No.             | Key Audit Matter  | Auditor's Response  |
|--------------------|---|---|
| <b>SI No.</b><br>1 | <ul> <li>Stripping Activity Expense Adjustment and Ratio Variance</li> <li>In case of opencast mining, the mine waste materials ("overburden") which consists of soil and rock on the top of coal seam is required to be removed to get access to the coal and its extraction. This waste removal activity is known as 'stripping'. In opencast mines, the company has to incur such expenses over the life of the mine (as technically estimated).</li> <li>This Stripping Activity is accounted during development and production phase based on the accounting principal IND AS 16, As mentioned in NOTE No. 2.19 (Material Accounting policy)</li> <li>For the accounting of Stripping ratio, The Calculation of Standard strip ratio is involved which is based upon technical project report (PR), Changes in geo-mining conditions may have an impact on the standard strip ratio.</li> <li>The Current Ratio is calculated on the basis of Actual Production of Coal and OB.</li> <li>In the case of a mine, where the ratio variance reserve has a credit balance the same involves reversal of Ratio Variance which also has a base of Standard Ratio and Current Ratio for Calculation as mentioned in NOTE No. 2.23 (Material Accounting Policy)</li> <li>As the calculation of Stripping activity and Reversal of Ratio Variance reserve Involves Estimate based upon</li> </ul> | <ul> <li>Auditor's Response</li> <li>Principal Audit Procedures</li> <li>Our audit procedures included the following:</li> <li>Obtained working data of stripping Adjustment<br/>and test checked that the total expense incurred<br/>during the year is allocated between Coal<br/>production and Overburden. Ensured about<br/>accuracy and completeness of expenses<br/>considered in calculation of cost of Overburden.</li> <li>Performed analytical procedures and test of<br/>details for reasonableness of expenses<br/>considered in mines during the development and<br/>production stage</li> <li>Checked the stripping ratio to be charged under<br/>amortization for mine development expenditure<br/>for balance period of mines.</li> <li>Checked that the accounting policy applied and<br/>management's judgments used for stripping<br/>Activity Adjustment are appropriate.</li> <li>Test checked that the systematic reversal of ratio<br/>variance, calculated on the basis of current ratio.</li> </ul> |
|                    | for Calculation as mentioned in NOTE No. 2.23 (Material<br>Accounting Policy)<br>As the calculation of Stripping activity and Reversal of   | Conclusion<br>Based on the procedures performed, we noted no  |

### Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility and Sustainability Report, Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements, Financial Statements and our auditor's report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including IndAS specified under section 133 of the Act.

**Company Overview** 

Statutory Reports

**Financial Statements** 

**VESTERN COALFIELDS LIMITED** 

### **Responsibilities of Management and Those Charged with Governance for the Financial Statements**

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management and Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors is also responsible for overseeing the Company's financial reporting process.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor' s report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(I) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to Financial Statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal financial controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### **Other Matters**

We did not audit the financial statements / information of 11 Areas (Branches) included in the financial statements of the Company whose financial statements / financial information reflects total assets of Rs.8930.44 Crores as at 31st March, 2024 and total revenues of Rs.14575.19 Crores for the year ended on that date. The financial statements / information of these areas (branches) have been audited by the area (branch) auditors whose reports have been furnished to us, and our opinion in so far as it relates to the amounts and disclosures included in respect of these areas (branches), is based solely on the report of such area (branch) auditors.

Our opinion is not modified in respect of the above matter.

The financial information of the Company for the comparative periods presented have been restated to include the retrospective change in accounting policy in relation to Stripping Activity and Ratio Variance (Refer Note 16(5)(n)) for the year ended 31st March, 2023 and as at April 01, 2022 corresponding to 31st March, 2022 included in these Ind AS Financial Statement. The Comparative financial statements for the year ended 31st March, 2023 and 31st March, 2022 have been audited by predecessor auditor, M/s. Rodi Dabir & Co., an independent firm of Chartered Accountants, whose report for the year ended 31st March, 2023 and 31st March, 2023 and June 11, 2022 expressed unmodified opinion on those Financial Statements. We have verified the effect of the restatement in accordance with Ind AS 8, 'Accounting Policies, Changes in Accounting Estimates and Errors' and Ind AS 1,

'Presentation of Financial Statements'. Our conclusion on the comparative financial statements, in so far as it relates to the amounts and disclosures included in respect of the comparative financial statement prior to restatement, is based solely on the report of predecessor auditor.

Our opinion is not modified in respect of the above matter.

### **Report on Other Legal and Regulatory Requirements**

1. As required under Section 143 (5) of the Companies Act, 2013, we give in the "Annexure – A", a statement on the Directions issued by the Comptroller and Auditor General of India after complying with their suggested methodology of audit, the action taken thereon and its impact on the accounts and Financial Statements of the Company;

- 2. As required by the Companies (Auditors' Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure B", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable;
- 3. Further to our comments in the annexure referred to in the paragraph above, as required by Section 143(3) of the Act, we report that:
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
  - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
  - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account;
  - d) In our opinion, the aforesaid Financial Statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time;
  - e) In terms of Notification no. G.S.R. 463 (E) dated 05thJune 2015 issued by the Ministry of Corporate Affairs, provisions of Section 164(2) of the Act regarding disqualifications of the Directors, are not applicable as it is a Government Company; and
  - f) With respect to the adequacy of the internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure C". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Financial Statements.
- 4. As per notification number G.S.R. 463 (E) dated 5th June, 2015 issued by the Ministry of Corporate Affairs, section 197 of the Act as regards the managerial remuneration is not applicable to the Company, since it is a Government Company.
- 5. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations on its financial position in its Financial Statements. Refer Note 16(4) to the Financial Statements.
- ii. The Company has made provision as required under applicable law or accounting standards for material foreseeable losses. The Company did not have any long-term derivative contracts.
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
- iv. (a) The Management has represented that, to the best of its knowledge and belief other than as disclosed in Notes to the financial statements, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner

whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The Management has represented, that, to the best of its knowledge and belief other than as disclosed in Notes to the financial statements, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

- v. The company has not declared or paid any dividend during the current financial year.
- vi. Based on our examination, which included test checks, the Company has used accounting software's for maintaining its books of account for the financial year ended March 31, 2024 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software's. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with.
- vii. As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended March 31, 2024.

### ANNEXURE "C" TO INDEPENDENT AUDITOR'S REPORT

### WESTERN COALFIELDS LIMITED FOR THE YEAR ENDED 31st MARCH 2024

# (Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Western Coalfields Limited of even date)

Report on the Internal Financial Controls with reference to Financial Statements under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 (the "Act")

We have audited the internal financial controls with reference to Financial Statements of **WESTERN COALFIELDS LIMITED** (the "Company") as of March 31, 2024 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

The Internal Financials Controls over financial reporting audited by us incorporate the: -

- a. 5 Areas (Branches) audited by us, and
- b. 11 Areas (Branches) audited by Area (Branch) Auditors which are as under:

i) Pench; ii) Pathakhera; iii) Kanhan; iv) Nandan Washery; v) Umrer; vi) Ballarpur; vii) Chandrapur; viii) Wani; ix) Wani North; x) Majri; and xi) Central Workshop, Tadali.

### Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls with reference to Financial Statements based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

### Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to Financial Statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Financial Statements included obtaining an understanding of internal financial controls with reference to Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to Financial Statements.

**VESTERN COALFIELDS LIMITED** 

### Meaning of Internal Financial Controls with reference to Financial Statements

A company's internal financial control with reference to Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### Inherent Limitations of Internal Financial Controls with reference to Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Financial Statements to future periods are subject to the risk that the internal financial control with reference to Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, to the best of our information and according to the explanations given to us, the Company has, generally maintained, in all material respects, an adequate internal financial controls with reference to Financial Statements and such internal financial controls with reference to Financial Statements were operating effectively as at March 31, 2024, based on the criteria for internal financial control with reference to Financial Statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

However certain areas need further improvement in designing the "Documentation on Internal Financial Controls" of the Company by way of adopting the changes in the financial reporting framework such as changes in accounting standards (to Ind AS), documentation in respect of its risk assessment process, risk analysis of different functional areas and incorporating the detailed risk control matrix & process flows including identifying the significant account balances of expenses, income, assets & liabilities including the fixed assets accounting, incorporating the process flow by which the aforesaid transactions are initiated, authorized, processed, recorded, and reported at departmental level.

### **Other Matters**

Our aforesaid reports under Section 143(3)(I) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to 11 Areas (Branches), which are Areas (Branches) of the Company, is based on the corresponding reports of the Area (Branch) auditors.

Our opinion is not modified in respect of the above matter.

Sir,

### COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA UNDER SECTION 143(6)(b) OF THE COMPANIES ACT, 2013 ON THE FINANCIAL STATEMENTS OF WESTERN COALFIELDS LIMITED FOR THE YEAR ENDED 31 MARCH 2024

The preparation of financial statements of Western Coalfields Limited for the year ended 31 March 2024 in accordance with the financial reporting framework prescribed under the Companies Act, 2013 is the responsibility of the management of the company. The statutory auditors appointed by the Comptroller and Auditor General of India under section 139 (5) of the Act is responsible for expressing opinion on the financial statements under section 143 of the Act based on independent audit in accordance with the standards on auditing prescribed under section 143(10) of the Act. This is stated to have been done by them vide their Audit Report dated 26 April 2024.

I, on behalf of the Comptroller and Auditor General of India, have conducted a supplementary audit of the financial statements of Western Coalfields Limited for the year ended 31 March 2024 under section 143(6)(a) of the Act. This supplementary audit has been carried out independently without access to the working papers of the statutory auditors and is limited primarily to inquiries of the statutory auditors and company personnel and a selective examination of some of the accounting records.

Based on my supplementary audit, I would like to highlight the following significant matter under section 143(6)(b) of the Act which have come to my attention and which in my view is necessary for enabling a better understanding of the financial statements and the related audit report:

### A. Comment on Disclosure

### A.1 Balance Sheet Assets Non-Current Assets Property, Plant and Equipment (Note 3.1)

Paragraph 16 of Ind AS 37 on Provisions, Contingent Liabilities, and Contingent Assets states that *in almost all cases it will be clear whether a past event has given rise to a present obligation. In rare cases, it may be disputed either whether certain events have occurred or whether those events result in a present obligation. In such a case, an entity determines whether a present obligation exists at the end of the reporting period by taking account of all available evidence, including the opinion of experts.* 

Paragraph 118 of Ind AS 1 on Presentation of Financial Statements states that *it is important* for an entity to inform users of the measurement basis or bases used in the financial statements because the basis on which an entity prepares the financial statements significantly affects users' analysis.

Coal India Limited (CIL) obtained (2021) an expert opinion from their statutory auditors (M/s Ray & Ray), wherein it was opined that *in respect of estimate amount payable to the PDF*, *a provision should be recognized based on best estimate of the expenditure require to* settle the obligation on the date of acquisition of land from such PDF irrespective of fulfilment of various conditions.

Despite having the opinion, CIL and its subsidiaries has neither framed any uniform accounting policy nor made any uniform disclosure as to what constitute "Acquisition of Land" and when to carry out capitalization of Land and to create liability for payment of compensation. Consequently, diverse approach have been adopted among the group subsidiaries for accounting the recognition of liability and accounting of Land in the Financial Statements. Thus, there is inconsistency in respect of the above among the group subsidiaries.

WCL released ₹ 705.34 crore (for 3646.99 Ha land) towards land compensation against₹ 740.41<sup>1</sup> crore (for 3842.31<sup>2</sup> Ha land) sanctioned for Wani and Ballarpur Areas as on 31 March 2024 . Notification under CBA (A&D) Act, 1957 for acquisition of total land area of 3842.31 Ha had already been issued, and approval for payment of final compensation was also given by Board of Directors of WCL. The balance payable amount of ₹ 35.07 crore in respect of remaining land area of 195.32 Ha was neither accounted for nor disclosed in the financial statements in deviation of the provisions of IND AS 01 and 37 on the plea that land could be capitalized as an asset only after the completion of 'acquisition process'.

Thus, the accounting policy as well as disclosure in respect of accounting treatment of obligation towards compensation is deficient to the above extent.

#### A.2 Material Accounting Policies (Note 2) Stripping Activity (Note 2.19)

Material Accounting Policy on Stripping Activity of WCL, *inter alia*, mentioned that *when the actual volume of overburden removed is greater than the expected volume of overburden removal, the stripping cost for excess overburden removed over the expected overburden removal is capitalized to the stripping activity asset.* **The stripping activity asset is amortized** *over the life of the mine.* 

Pursuant to change in Accounting Policy concerning Stripping Activity by Coal India Limited (CIL), systematically reversing the balance of Ratio Variance Reserve without further addition (Policy 2.23), and creation of only Stripping Activity Assets (Policy 2.19), all Subsidiaries were instructed through Uniform Process Notes to follow the same. By virtue of this change in accounting policy, Stripping Activity Asset is being consistently featured under Property, Plant, and Equipment (Note 3.1) w.e.f. 01.04.2022 onwards with retrospective effect of change, instead of the existing policy of adjusting the figure of such asset with ratio variance as and when the situation arose that was followed till 2022-23. The sentence '*The stripping activity asset is amortized over the life of the mine*' was also inserted by virtue of the above change in accounting policy.

Generally, amortization is given effect to on three account heads, *viz.*, Leasehold Land, Intangibles, and Stripping Activity Asset. Unlike Leasehold Land and Intangibles where the amortization for the related asset is charged in the same year, WCL chose to amortize

<sup>1 ₹ 408.59</sup> crore for Ballarpur Area (₹ 378.35 crore paid); and ₹ 331.82 crore under Wani Area (₹ 326.99 crore paid)

 $<sup>^2</sup>$  2156 Ha under Ballarpur Area (compensation paid for 1988.93 Ha); and 1685.61 Ha under Wani Area (compensation paid for 1658.06 Ha)

Stripping Activity Asset in the following year on the plea that the benefits to be accrued from advance stripping would only be realized from the succeeding year onwards. However, this deviation adopted by the Company from the usual application of amortization was not disclosed in the Material Accounting Policy. Further, the said policy was also silent on the fact whether the Stripping Activity Asset would be amortized over the 'entire' life of the mine or the 'balance' life of the mine.

Paragraph 29 of Ind AS 8: Accounting Policies, Changes in Accounting Estimates and Errors states that when a voluntary change in accounting policy has an effect on the current period or any prior period, an entity shall disclose (a) the nature of the change in accounting policy; (b) the reasons why applying the new accounting policy provides reliable and more relevant information. Further, Paragraph 121 of Ind AS 1: Presentation of Financial Statements states that an accounting policy may be significant because of the nature of the entity's operations.

Stripping activity being an integral part of the operations of a coal mine, disclosure about the basis and method of amortization on Stripping Activity Asset alongwith reasons thereto was necessary to cater to the requirements of the users of financial statements in taking informed decisions which, incidentally, was absent in the policy statement.

Thus, disclosure on Material Accounting Policy No.2.19 on Stripping Activity is deficient to that extent.

For and on behalf of the Comptroller & Auditor General of India

(Bibhudutta Basantia) Director General of Audit (Coal) <u>Kolkata</u>

Place: Kolkata Dated: 27 June 2024

#### Management Reply to the Comments of Comptroller and Auditor General

Principal Director of Audit (Coal) have given their Comments under Section 143(6)(b) of the Companies Act, 2013 on the Financial Statements of Western Coalfields Limited for the year ended 31 March 2024 vide letter dated 27/06/2024. These comments are to be included the Annual report of WCL for the year 2023-24. The Management reply to such comments is as follows:

#### Sr. No. COMMENTS OF COMPTROLLER AND AUDITOR GENERAL OF INDIA

#### MANAGEMENT REPLY

(Note 3.1) w.e.f. 01.04.2022 onwards with retrospective effect of change, instead of the existing policy of adjusting the figure of such asset with ratio variance as and when the situation arose that was followed till 2022-23. Thesentence 'The stripping activity asset is amortized over the life of the mine' was also inserted by virtue of the above change in accounting policy.

Generally, amortization is given effect to on three account heads. viz. Leasehold Land, Intangibles, and Stripping Activity Asset. Unlike Leasehold Land and Intangibles where the amortization for the related asset is charged in the same year, WCL chose to amortize Stripping Activity Asset in the following year on the plea that the benefits to be accrued from advance stripping would only be realized from the succeeding year onwards. However, this deviation adopted by the Company from the usual application of amortization was not disclosed in the Material Accounting Policy. Further, the said policy was also silent on the fact whether the Stripping Activity Asset would be amortized over the 'entire' life of the mine or the 'balance' life of the mine.

Paragraph 29 of Ind AS 8: Accounting Policies, Changes in Accounting Estimates and Errors states that when a voluntary change in accounting policy has an effect on the current period or any prior period, an entity shall disclose (a) the nature of the change in accounting policy; (b) the reasons why applying the new accounting policy provides reliable and more relevant information. Further, Paragraph 121 of Ind AS 1:Presentation of Financial Statements states that an accounting policy may be significant because of the nature of the entity's operations.

Stripping activity being an integral part of the operations of a coal mine, disclosure about the basis and method of amortization on Stripping Activity Asset along with reasons thereto was necessary to cater to the requirements of the users of financial statements in taking informed decisions which, incidentally, was absent in the policy statement.

Thus, disclosure on Material Accounting Policy No.2.19 on Stripping Activity is deficient to that extent.

It is implied that the stripping activity asset will be a mortised over the expected useful life of the identified component of the body that becomes more accessible as a result of stripping activity.

Further, the depreciation/amortisation of property, plant and equipment and intangible assets are covered by different policies.

The aforesaid policy is also similar in other mining companies which comply IndAS or IFRS.

However to comply with the observation given in supplementary audit, the policy of amortisation of stripping activity that will be modified suitably from the next financial year, 2024-25 and onwards. Statutory Reports

134 ANNUAL REPORT 2023-24

(A Miniratna Company)

#### Note: 1

#### **A. CORPORATE INFORMATION**

Western Coalfields Limited (WCL), a Mini Ratna (Category-1) Company with headquarters at Nagpur, Maharashtra, is a wholly owned subsidiary of Coal India Limited (CIL) listed on the Bombay Stock Exchange (BSE) and the National Stock Exchange (NSE).

WCL came into existence after Nationalization of Coal Mines and was incorporated on 29th October, 1975 upon take-over of assets and liabilities as at 1st November, 1975 vested with the Western Division of Coal Mines Authority Limited.

The Company is mainly engaged in mining and production of Coal and also operates Coal washery. The major consumers of the company are power and steel sectors. Consumers from other sectors include cement, fertilisers, brick kilns etc.

WCL is having 10 (Ten) coal producing Areas and 1 (one) service unit (Central Workshop) spread over 2 states (Maharashtra & Madhya Pradesh) in India.

#### **B. Statement of Compliance**

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the "Ind AS") as notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) read with Section 133 of the Companies Act, 2013 ("the Act"). The Ind ASs issued, notified and made effective till the financial statements are authorized and have been considered for the purpose of preparation of these financial statements.

The accounting policies are applied consistently except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

#### Note 2: MATERIAL ACCOUNTING POLICIES

#### 2.1 Basis of preparation of financial statements

The Financial Statements have been prepared under the historical cost convention on accrual basis except certain financial instruments that are measured in terms of relevant Ind AS at amortized costs or fair value at the end of each reporting period.

Historical cost convention is generally based on the fair value of the consideration given in exchange for goods and services.

The functional currency of the Company is determined as the currency of the primary economic environment in which it operates. The Financial Statements are presented in Indian Rupees and all values are rounded off to the 'rupees in crore' up to two decimal points.

#### 2.2 Current and Non-Current Classification

The Company presents assets and liabilities in the Balance Sheet based on current/ non-current classification. An asset is treated as current by the Company when:

- (a) it expects to realise the asset, or intends to sell or consume it, in its normal operating cycle;
- (b) it holds the asset primarily for the purpose of trading;
- (c) it expects to realise the asset within twelve months after the reporting period; or

(d) the asset is cash or a cash equivalent (as defined in Ind AS 7) unless the asset is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period. All other assets are classified as non-current.

A liability is treated as current by the Company when:

- (a) it expects to settle the liability in its normal operating cycle;
- (b) it holds the liability primarily for the purpose of trading;
- © the liability is due to be settled within twelve months after the reporting period; or

(d) it does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting period. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other liabilities are classified as non-current.

Having regard to the nature of the business being carried out by the Company, the Company has ascertained its operating cycle as twelve months for the purpose of current and non-current classification of assets and liabilities.

#### 2.3 Revenue recognition

#### **Revenue from contracts with customers**

Revenue is principally derived from the sale of coal, related ancillary services, and products. Revenue from sales of products is recognized when control of the products has transferred, being when the products are delivered to the customer. Delivery occurs when the products have been shipped or delivered to the specific location as the case may be, and the risks of loss have been transferred in accordance with the sales contract. The amount of revenue recognized reflects the consideration to which the Company is or expects to be entitled in exchange for those goods or services. Accumulated experience is used to estimate and provide for the variable consideration as per the sales contract, using the most likely method, and revenue is only recognized to the extent that it is highly probable that a significant reversal will not occur. The amount of consideration does not contain a significant financing component as payment terms are less than one year as per the sales contracts.

The Company has a number of long-term contracts to supply products to customers in future periods. Generally, revenue is recognized on an invoice basis, as each unit sold is a separate performance obligation, and therefore the right to consideration from a customer corresponds directly with our performance completed to date.

#### 2.4 Grants from Government

Government Grants are not recognised until there is reasonable assurance that the Company will comply with the conditions attached to them and that there is reasonable certainty that grants will be received.

Government grants are recognised in Statement of Profit and Loss on a systematic basis over the periods in which the Company recognises the related expenses or costs for which the grants are intended to compensate.

Government Grants related to assets are presented in the balance sheet by setting up the grant as deferred income and are recognised in Statement of Profit and Loss on systematic basis over the useful life of asset.

Grants related to income (i.e. grant related to other than assets) are presented as part of statement of profit and loss under the head 'Other Income'.

A government grant/assistance that becomes receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Company with no future related costs, is recognised in profit or loss of the period in which it becomes receivable.

The Government grants or grants in the nature of promoter's contribution is recognised directly in "Capital Reserve" which forms part of the "Shareholders fund".

#### 2.5 Leases

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

#### 2.5. 1 Company as a lessee

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the commencement date, a lessee shall recognise a right-of-use asset at cost and a lease liability at the present value of the lease payments that are not paid at that date for all leases unless the lease term is 12 months or less or the underlying asset is of low value

Subsequently, right-of-use asset is measured using cost model whereas, the lease liability is measured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and re-measuring the carrying amount to reflect any reassessment or lease modifications

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates of these leases. Lease liabilities are premeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option. Lease liability and ROU asset are separately presented in the Balance Sheet and lease payments are classified as financing cash flows. Lease liability obligations is presented separately under the head "Financial Liabilities".

Finance charges are recognised in finance costs in the Statement of Profit and Loss, unless the costs are included in the carrying amount of another asset applying other applicable standards.

Right-of-use asset is depreciated over the useful life of the asset, if the lease transfers ownership of the asset to the lessee by the end of the lease term or if the cost of the right-to-use asset reflects that the lessee will exercise a purchase option. Otherwise, the lessee shall depreciate the right-to-use asset from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term.

#### 2.5. 2 Companyas a lessor

Assets are given on lease either as finance lease or operating lease.

**Finance Lease:** A lease is classified as finance lease if it transfers substantially all the risks and rewards incidental to ownership of an underlying asset. Initially, asset held under finance lease is recognised in Balance Sheet and presented as a receivable at an amount equal to the net investment in the lease. Finance income is recognised over the lease term, based on a pattern reflecting a constant periodic rate of return on Company's net investment in the lease.

**Operating Lease:** A lease which is not classified as a finance lease is an operating lease. The Company recognises lease payments in case of assets given on operating leases as income on a straight line basis.

#### 2.6 Non-current assets held for sale

The Company classifies non-current assets and (or disposal groups) as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use. Actions required to complete the sale should indicate that it is unlikely that significant changes to the sale will be made or that the decision to sell will be withdrawn. Management must be committed to the sale expected to be completed within one year from the date of classification.

For these purposes, sale transactions include exchanges of non-current assets for other noncurrent assets when the exchange has commercial substance. The criteria held for sale classification is regarded met only when the assets or disposal Group is available for immediate sale in its present condition, subject only to terms that are usual and customary for sales of such assets (or disposal Group), its sale is highly probable; and it will genuinely be sold, not abandoned. The Company treats sale of the asset or disposal Company to be highly probable when:

- The appropriate level of management is committed to a plan to sell the asset (or disposal Group),
- > An active programme to locate a buyer and complete the plan has been initiated
- > The asset (or disposal Group) is being actively marketed for sale at a price that is reasonable in relation to its current fair value,
- > The sale is expected to qualify for recognition as a completed sale within one year from the date of classification, and
- Actions required to complete the plan indicate that it is unlikely that significant changes to the plan will be made or that the plan will be withdrawn.

Non-current asset or disposal Groups classified as held for sale are measured at the lower of carrying amount and fair value less costs to sell.

#### 2.7 Property, Plant and Equipment (PPE) and Depreciation

An item of PPE is recognized as an asset if it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

PPE are initially measured at cost of acquisition/construction including decommissioning or restoration cost wherever required.Cost of land includes expenditures which are directly attributable to the acquisition of the land like, rehabilitation expenses, resettlement cost and compensation in lieu of employment incurred for concerned displaced persons etc.

After recognition, an item of allother Property, plant and equipmentare carried at its cost less any accumulated depreciation and any accumulated impairment losses under Cost Model. The cost of an item of property, plant and equipment comprises:

- (a) its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates.
- (b) any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.
- (c) the initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located, the obligation for which the Company incurs either when the item is acquired or as a consequence of having used the item during a particular period for purposes other than to produce inventories during that period.

(d) Interest on Borrowings utilized to finance the construction of qualifying assets are capitalised as part of cost of the asset until such time that the asset is ready for its intended use.

Each part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item is depreciated separately. However, significant part(s) of an item of PPE having same useful life and depreciation method are Grouped together in determining the depreciation charge.

Costs of the day to-day servicing described as 'repairs and maintenance' are recognised in the statement of profit and loss in the period in which the same are incurred.

Subsequent cost of replacing parts which are significant in relation to the total cost of an item of property, plant and equipment are recognised in the carrying amount of the item, if it is probable that future economic benefits associated with the item will flow to the Company; and the cost of the item can be measured reliably. The carrying amount of those parts that are replaced is derecognised in accordance with the derecognition policy mentioned below.

When major inspection is performed, its cost is recognised in the carrying amount of the item of property, plant and equipment as a replacement if it is probable that future economic benefits associated with the item will flow to the Company; and the cost of the item can be measured reliably. Any remaining carrying amount of the cost of the previous inspection (as distinct from physical parts) is derecognised.

An item of Property, plant or equipment is derecognised upon disposal or when no future economic benefits are expected from the continuing use of assets. Any gain or loss arising on such derecognition of an item of property plant and equipment is recognised in profit and Loss.

Depreciation on property, plant and equipment, except freehold land, is provided as per cost model on straight line basis over the estimated useful lives of the asset as follows:

| : Life of the project or lease term whichever is lower |
|--|
| : 3-60 years   |
| : 3-9 years  |
| : 15 years   |
| : 1-40 years   |
| : 3 Years  |
| : 3-5 years  |
| : 10 years   |
| : 8-10 years   |
|  |

Based on technical evaluation, the management believes that the useful lives given above best represent the period over which the management expects to use the asset. Hence the useful lives of the assets may be different from the useful lives as prescribed under Part C of Schedule II of the Companies Act, 2013.

The estimated useful life of the assets is reviewed at the end of each financial year.

The residual value of Property, plant and equipment is considered as 5% of the original cost of the asset except for some items of assets such as other land, site restoration asset, other mining infrastructure, surveyed off assets. Useful life has been technically estimated to be one year with nil residual value for items such as Coal tub, winding ropes, haulage ropes, stowing pipes and safety lamps etc.

Depreciation on the assets added/disposed of during the year is provided on pro-rata basis with reference to the month of addition / disposal.

Value of "Other Land" includes land acquired under Coal Bearing Area (Acquisition & Development) (CBA) Act, 1957, Land Acquisition Act, 1894, Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement (RFCTLAAR) Act, 2013, Long term transfer of government landetc., which are amortised on the basis of the balance life of the project; and in case of Leasehold land such amortisation is based on lease period or balance life of the project whichever is lower.

Assets that are fully depreciated and retired from active use are disclosed separately as surveyed off assets at its residual value under Property, Plant Equipment and are tested for impairment.

Capital Expenses incurred by the Company on the construction/development of certain assets which are essential for production, supply of goods or for the access to any existing Assets of the Company are recognised as Enabling Assets under Property, Plant and Equipment.

#### **Transition to Ind AS**

The Company elected to continue with the carrying value as per the cost model (for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind ASs, measured as per the previous GAAP.

#### 2.8 Mine Closure, Site Restoration and Decommissioning Obligation

The Company's obligation for land reclamation and decommissioning of structures consists of spending at both surface and underground mines in accordance with the guidelines from the Ministry of Coal, Government of India. The Company estimates its obligation for Mine Closure, Site Restoration and Decommissioning based upon detailed calculation and technical assessment of the amount and timing of the future cash spending to perform the required work. Mine Closure expenditure is provided as per approved Mine Closure Plan. The estimates of expenses are escalated for inflation, and then discounted at a discount rate that reflects current market assessment of the time value of money and the risks, such that the amount of provision reflects the present value of the expenditures expected to be incurred to settle the obligation. The Company records a corresponding asset associated with the liability for final reclamation

and mine closure. The obligation and corresponding assets are recognised in the period in which the liability is incurred. The asset representing the total site restoration cost (as estimated by Central Mine Planning and Design Institute Limited) as per the mine closure plan is recognised as a separate item in PPE and amortised over the balance project/mine life.

The value of the provision is progressively increased over time as the effect of discounting unwinds; creating an expense recognised as a financial expense.

Further, a specific escrow fund account is maintained for this purpose as per the approved mine closure plan.

The progressive mine closure expenses incurred on year to year basis forming part of the total mine closure obligation are initially recognised as receivable from the escrow account and thereafter adjusted with the obligation in the year in which the amount is withdrawn after the concurrence of the certifying agency.

#### 2.9 Exploration and Evaluation Assets

Exploration and evaluation assets comprise costs that are attributable to the search for coal and related resources, pending the determination of technical feasibility and the assessment of commercial viability of an identified resource which comprises inter alia the following:

- acquisition of rights to explore
- researching and analysing historical exploration data;
- gathering exploration data through topographical, geo-chemical and geo-physical studies;
- exploratory drilling, trenching, and sampling;
- determining and examining the volume and grade of the resource;
- surveying transportation and infrastructure requirements;
- Conducting market and finance studies.

The above includes employee remuneration, cost of materials and fuel used, payments to contractors etc.

As the intangible component represents an insignificant/indistinguishable portion of the overall expected tangible costs to be incurred and recouped from future exploitation, these costs along with other capitalised exploration costs are recorded as exploration and evaluation assets.

Exploration and evaluation costs are capitalised on a project-by-project basis pending the determination of technical feasibility and commercial viability of the project and disclosed as a separate line item under non-current assets. They are subsequently measured at cost less accumulated impairment/provision.

Once proved reserves are determined and the development of mines/projectsare sanctioned, exploration and evaluation assets are transferred to "Development" under capital work in progress. However, if proved reserves are not determined, the exploration and evaluation asset is derecognised.

#### 2.10 Development Expenditure

When proved reserves are determined and the development of mines/projects are sanctioned, capitalised exploration and evaluation cost is recognised as assets under construction and disclosed as a component of capital work in progress under the head "Development". All subsequent development expenditure is also capitalised. The development expenditure capitalised is net of proceeds from the sale of coal extracted during the development phase. <u>Commercial Operation :-</u>

The project/mines are brought to revenue; when commercial readiness of a project/mine to yield production on a sustainable basis is established either on the basis of conditions specifically stated in the project report or on the basis of the following criteria:

- (a) From the beginning of the financial year immediately after the year in which the project achieves physical output of 25% of rated capacity as per the approved project report, or
- (b) 2 years of touching coal, or
- (c) From the beginning of the financial year in which the value of production is more than total, expenses.

#### Whichever event occurs first;

On being brought to revenue, the assets under capital work in progress are reclassified as a component of property, plant, and equipment under the nomenclature "Other Mining Infrastructure". Other Mining infrastructures are amortised from the year when the mine is brought under revenue in 20 years or the working life of the project whichever is less.

#### 2.11 Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. Cost includes any directly attributable expenses necessary to make the assets ready for its intended use. After initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses.

Subsequent expenditure is recognized as an increase in the carrying amount of the asset when it is probable that future economic benefits deriving from the cost incurred will flow to the Company and the cost of the item can be measured reliably.

An item of Intangible asset is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Gains or losses arising from the derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

Internally generated intangibles, excluding capitalised development costs, are not capitalised. Instead, the related expenditure is recognised in the statement of profit and loss and other comprehensive income in the period in which the expenditure is incurred. The useful lives of intangible assets are assessed as either finite or indefinite. Intangible assets with finite lives are amortised over their useful economic lives and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss.

An intangible asset with an indefinite useful life is not amortised but is tested for impairment at each reporting date.

Exploration and Evaluation assets attributable to blocks identified for sale or proposed to be sold to outside agencies (i.e. for blocks not earmarked for CIL) are however, classified as Intangible Assets and tested for impairment.

Expenditure on research is charged to expenditure as and when incurred. Expenditure on development is capitalized only if the expenditure can be measured reliably, the product or process is technically and commercially feasible, future economic benefits are probable and the Company intends to & has sufficient resources to complete development and to use or sell the asset.

#### 2.12 Impairment of Assets (other than financial assets)

The Company assesses at the end of each reporting period whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. An asset's recoverable amount is the higher of the asset's or cashgenerating unit's value in use and its fair value less costs of disposal, and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or Groups of assets, in which case the recoverable amount is determined for the cash-generating unit to which the asset belongs. The Company considers individual mines as separate cash-generating units for the purpose of a test of impairment.

If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount and the impairment loss is recognised in the Statement of Profit and Loss.

#### **2.13 Investment Property**

Property (land or a building or part of a building or both) held to earn rentals or for capital appreciation or both, rather than for, use in the production or supply of goods or services or for administrative purposes; or sale in the ordinary course of businesses are classified as an investment property.

Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs.

Investment properties are depreciated using the straight-line method over their estimated useful lives.

#### **2.14 Financial Instruments**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

#### 2.14.1 Financial assets

#### 2.14.1 Initial recognition and measurement

All financial assets are recognised initially at fair value, in the case of financial assets not recorded at fair value through profit or loss, plus transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset. However, trade receivables that do not contain a significant financing component are measured at transaction price.

#### 2.14.2 Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

#### 2.14.2.1 Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss.

#### 2.14.2.2 Debt instrument at FVTOCI

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the P&L. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to P&L. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

#### 2.14.2.3 Debt instrument at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the Company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). TheCompanyhas not designated any debt instrument as at FVTPL.

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

#### 2.14.2.4 Equity investments in subsidiaries, associates and Joint Ventures

In accordance of Ind AS 101 (First time adoption of Ind AS), the carrying amount of these investments as per previous GAAP as on the date of transition is considered to be the deemed cost. Subsequently Investment in subsidiaries, associates and joint ventures are measured at cost.

In case of financial statement, Equity investments in associates and joint ventures are accounted as per equity method as prescribed in para 10 of Ind AS 28.

#### 2.14.2.5 Other Equity Investment

All other equity investments in scope of Ind AS 109 are measured at fair value through profit or loss.

The Companymay make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrumentby-instrument basis. The classification is made on initial recognition and is irrevocable.

All fair value changes of an equity instrument classified at FVTOCI, are recognized in OCI. There is no subsequent reclassification of fair value gains and losses to the Statement of Profit and Loss. However, the Company may transfer the cumulative gain or loss within equity. Dividends from such investments are recognised in the Statement of Profit and Loss as "other income" when the Company's right to receive payments is established.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

#### 2.14.2.6 Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of agroup of similar financial assets) is primarily derecognised (i.e. removed from the balance sheet) when:

• The rights to receive cash flows from the asset have expired, or

• The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained. Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

#### **2.14.2.7 Impairment of financial assets(other than fair value)**

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

a) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, trade receivables and bank balance

- b) Financial assets that are debt instruments and are measured as at FVTOCI
- c) Lease receivables under Ind AS 116
- d) Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115.

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

- Trade receivables or contract revenue receivables; and
- All lease receivables resulting from transactions within the scope of Ind AS 116

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

#### 2.14.3 Financial liabilities

#### 2.14.3.1 Initial recognition and measurement

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

#### 2.14.3.2 Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

#### 2.14.3.3 Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognised in the profit or loss.

#### 2.14.3.4 Financial liabilities at amortised cost

After initial recognition, these are subsequently measured at amortised cost using the effective interest rate method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the effective interest rate amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate. The effective interest rate amortisation is included as finance costs in the statement of profit and loss.

#### 2.14.3.5 Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference between the carrying amount of a financial liability (or part of a financial liability) extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, shall be recognised in profit or loss.

#### **2.14.4 Reclassification of financial assets**

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Company's senior management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. Such changes are evident to external parties. A change in the business model occurs when the Company either begins or ceases to perform an activity that is significant to its operations. If Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

| Original classification | Revised<br>classification | Accounting treatment   |
|-------------------------|---------------------------|--|
| Amortised cost          | FVTPL                     | Fair value is measured at reclassification date.<br>Difference between previous amortized cost and fair<br>value is recognised in P&L.   |
| FVTPL                   | Amortised<br>Cost         | Fair value at reclassification date becomes its new gross carrying amount. EIR is calculated based on the new gross carrying amount.   |
| Amortised cost          | FVTOCI                    | Fair value is measured at reclassification date.<br>Difference between previous amortised cost and fair<br>value is recognised in OCI. No change in EIR due to<br>reclassification.  |
| FVTOCI                  | Amortised<br>cost         | Fair value at reclassification date becomes its new<br>amortised cost carrying amount. However,<br>cumulative gain or loss in OCI is adjusted against fair<br>value. Consequently, the asset is measured as if it<br>had always been measured at amortised cost. |
| FVTPL                   | FVTOCI                    | Fair value at reclassification date becomes its new carrying amount. No other adjustment is required.  |
| FVTOCI                  | FVTPL                     | Assets continue to be measured at fair value.<br>Cumulative gain or loss previously recognized in OCI<br>is reclassified to P&Lat the reclassification date.   |

The following table shows various reclassification and how they are accounted for

#### 2.14.5 Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

#### 2.14.6 Fair value measurement of financial instruments

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions.

The Company categorizes assets and liabilities measured at fair value into one of three levels depending on the ability to observe inputs employed for such measurement:

- (a) Level 1: inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- (b) Level 2: inputs other than quoted prices included within level 1 that are observable either directly or indirectly for the asset or liability.
- (c) Level 3: inputs for the asset or liability which are not based on observable market data (unobservable inputs).

The Company has an established control framework with respect to the measurement of fair values. This includes a finance team that has overall responsibility for overseeing all significant fair value measurements who regularly review significant unobservable inputs, valuation adjustments and fair value hierarchy under which the valuation should be classified.

#### 2.14.7 Cash and Cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and shortterm deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value. For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

#### 2.15. Borrowing Costs

Borrowing costs are expensed as and when incurred except where they are directly attributable to the acquisition, construction or production of qualifying assets i.e. the assets that necessarily takes substantial period of time to get ready for its intended use, in which case they are capitalised as part of the cost of related asset up to the date when the qualifying asset is ready for its intended use.

#### 2.16 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax is the amount of income taxes payable (recoverable) in respect of the taxable profit (tax loss) for a period. Taxable profit differs from "profit before income tax" as reported in the statement of profit and loss and other comprehensive income because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Company's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary difference to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries and associates, except where the Company is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Unrecognised deferred tax assets are reassessed at the end of each reporting year and are recognised to the extent that it has become probable that sufficient taxable profit will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realised, based on tax rate (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities, and when the deferred income tax assets and liabilities relate to income taxes levied by the same taxation authority on either the taxable entity or different taxable entities where there is an intention to settle the balances on a net basis.

#### 2.17Employee Benefits 2.17.1 Short-term Benefits

Short-term employee benefits are employee benefits (other than termination benefits) that are expected to be settled wholly before twelve months after the end of the annual reporting period in which the employees render the related service.

All short-term employee benefits are recognized in the period in which the services are rendered by employees.

### 2.17.2 Post-employment benefits and other long term employee benefits 2.17.2.1 Defined contributions plans

# A defined contribution plan is a post-employment benefit plan under which the Company pays a fixed contribution into a fund maintained by a separate body and the Company will have no legal or constructive obligation to pay further amounts. Obligations for contributions to defined contribution plans are recognised as an employee benefit expense in the statement of profit and loss in the periods during which services are rendered by employees.

#### 2.17.2.2 Defined benefits plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Company's net obligation in respect of defined benefit plans is calculated by estimating the amount of future benefit that employees have earned in return of their service in the current and prior periods. The benefit is discounted to determine its present value and reduced by the fair value of plan assets, if any. The discount rate is based on the prevailing market yields of Indian Government securities as at the reporting date that have maturity dates approximating the terms of the Company's obligations and that are denominated in the same currency in which the benefits are expected to be paid.

The application of actuarial valuation involves making assumptions about the discount rate, expected rates of return on assets, future salary increases, mortality rates etc. Due to the long-term nature of these plans, such estimates are subject to uncertainties. The calculation is performed at each balance sheet by an actuary using the projected unit credit method. When the calculation results in the benefit to the Company, the recognised asset is limited to the present value of the economic benefits available in the form of any future refunds from the plan or reduction in future contributions to the plan. An economic benefit is available to the Company if it is realisable during the life of the plan, or on settlement of plan liabilities.

Re-measurement of the net defined benefit liability, which comprises actuarial gain and losses considering the return on plan assets (excluding interest) and the effects of the assets ceiling (if any, excluding interest) are recognised immediately in the other comprehensive income. The Company determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in profit and loss.

When the benefits of the plan are improved, the portion of the increased benefit relating to past service by employees is recognised as an expense immediately in the statement of profit and loss.

#### 2.17.3 Other long-term employee benefits

Other long-term employee benefits are all employee benefits other than short-term employee benefits, post-employment benefits and termination benefits.

Other long-term employee benefits include items which are not expected to be settled wholly before twelve months after the end of the annual reporting period in which the employees render the related service.

For other long-term employee benefits, net total of the following amounts is recognized in the statement of profit or loss:

- (a) Service cost
- (b) Net interest on the net defined benefit liability (asset)
- (c) Re-measurements of the net defined benefit liability (asset)

#### 2.18 Foreign Currency

Transactions in foreign currencies are converted into the reported currency of the Company using the exchange rate prevailing at the transaction date. Monetary assets and liabilities denominated in foreign currencies outstanding at the end of the reporting period are translated at the exchange rates prevailing as at the end of reporting period. Exchange differences arising on the settlement of monetary assets and liabilities or on translating monetary assets and liabilities at rates different from those at which they were translated on initial recognition during the period or in previous financial statements are recognised in statement of profit and loss in the period in which they arise.

Non-monetary items denominated in foreign currency are valued at the exchange rates prevailing on the date of transactions.

#### 2.19 Stripping Activity

The process of removing overburden to access coal is referred to as stripping. Stripping is necessary to obtain access to coal and occurs throughout the life of an opencast mine. Stripping

costs during development and production phases are classified as other mining infrastructure in property, plant, and equipment. Stripping costs are accounted for separately for individual mines.

#### The Company accounts for stripping activities as follows:

#### Stripping costs during the Development phase

These are initial overburden removal costs incurred to obtain access to coal to be extracted. These costs are capitalised when it is probable that future economic benefits will flow to the Company and costs can be measured reliably. Once the production phase begins, capitalised development stripping costs are amortised over the mine life.

#### Stripping costs during the production phase:-

These are overburden removal costs incurred after the mine has been brought to revenue as per the policy of the Company. Stripping costs during the production phase can give rise to two benefits, the extraction of coal in the current period and improved access to coal which will be extracted in future periods. Stripping costs during the production phase are allocated between the inventory produced and the stripping activity asset using a standard strip ratio (overburdento-coal). The standard strip ratio is the total volume of Overburden expected to be removed over the life of the mine against the total coal to be extracted over the life of the mine. When the actual volume of overburden removed is greater than the expected volume of overburden removal, the stripping cost for excess overburden removed over the expected overburden removal is capitalised to the stripping activity asset. The stripping activity asset is amortised over the life of the mine. Changes in geo-mining conditions may have an impact on the standard strip ratio. Changes to the ratio are accounted for prospectively. Stripping activity asset are included separately under Property, plant, and equipment.

The Company recognises Stripping activity asset for stripping costs during the production phase in the mines with a rated capacity of one million Tonnes per annum and above.

#### 2.20 Inventories

#### 2.20.1 Stock of Coal

Inventories of coal/coke are stated at lower of cost and net realisable value. The cost of inventories are calculated using the Weighted Average method.Net realisable value represents the estimated selling price of inventories less all estimated costs of completion and costs necessary to make the sale.

Book stock of coal is considered in the accounts where the variance between book stock and measured stock is upto +/- 5% and in cases where the variance is beyond +/- 5% the measured stock is considered. Such stocks are valued at net realisable value or cost whichever is lower. Coke is considered as a part of the stock of coal.

Coal & coke-fines are valued at lower of cost or net realisable value and considered as a part of the stock of coal.

Slurry (coking/semi-coking), middling of washeries, and by products are valued at net realisable value and considered as a part of the stock of coal.

#### 2.20.2 Stores, Spares, and Other Inventories

The Stock of stores and spares including other inventories are valued at cost calculated on the basis of the weighted average method.

Provisions are made at the rate of 100% for unserviceable, damaged and obsolete stores and spares and at the rate of 50% for stores & spares not moved for 5 years

#### 2.21Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, and it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. Where the time value of money is material, provisions are stated at the present value of the expenditure expected to settle the obligation.

All provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate.

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future uncertain events not wholly within the control of the Company, are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

Contingent assets are possible assets that arise from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Contingent assets are disclosed in the financial statements when inflow of economic benefits is probable on the basis of the judgment of management. These are assessed continually to ensure that developments are appropriately reflected in the financial statements.

#### **2.22** Earnings per share

Basic earnings per share are computed by dividing the net profit after tax by the weighted average number of equity shares outstanding during the period. Diluted earnings per shares is computed by dividing the profit after tax by the weighted average number of equity shares considered for deriving basic earnings per shares and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

#### 2.23 Ratio Variance

The recognition of the Ratio Variance Reserve has consistently adhered to a policy instituted by CIL since its inception. This accounting method has been substantiated and validated by a multitude of authoritative bodies and forums, including income tax authorities.

The carrying amount of the ratio variance reserve shall be reversed systematically whenever the situation of reversal of provision/asset arises. Such reversal should be specific to mines for which the same provision/asset has been recognized.

In the case of a mine, where the ratio variance reserve has a credit balance, an excess Volume of overburden extracted over the volume of overburden expected multiplied by the opening average rate of stripping activity shall be recognised as stripping activity adjustment in the statement of profit and loss with corresponding debit to the ratio variance reserve.

In the case of a mine, where the ratio variance reserve has a Debit balance, an excess of Volume of overburden expected over the volume of overburden extracted multiplied by the opening average rate of stripping activity shall be recognised as stripping activity adjustment in the statement of profit and loss with a corresponding credit to the ratio variance reserve.

Where the Volume of overburden expected is the Volume of Coal extracted multiplied by the Standard Strip ratio where the Standard Strip ratio is the Total Overburden to be extracted during the mine life divided by the Total Coal to be extracted during the mine life.

#### 2.24 Judgements, Estimates and Assumptions

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments, and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of financial statements and the amount of revenue and expenses during the reported period. Application of accounting policies involving complex and subjective judgements and the use of assumptions in these financial statements have been disclosed. Accounting estimates could change from period to period. Actual results could differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and, if material, their effects are disclosed in the notes to the financial statements.

#### 2.24.1 Judgements

In the process of applying the Company's accounting policies, management has made the following judgments, which have the most significant effect on the amounts recognised in the financial statements:

#### 2.24.1.1 Formulation of Accounting Policies

Accounting policies are formulated in a manner that results in financial statements containing relevant and reliable information about the transactions, other events and conditions to which they apply. Those policies need not be applied when the effect of applying them is immaterial.

In the absence of an Ind AS that specifically applies to a transaction, other event or condition, management has used its judgment in developing and applying an accounting policy that results in information that is:

- a) relevant to the economic decision-making needs of users and
- b) reliable in that financial statements: and
- (i) represent faithfully the financial position, financial performance and cash flows of the Company;
- (ii) reflect the economic substance of transactions, other events and conditions, and not merely the legal form;
- (iii) are neutral, i.e. free from bias;
- (iv) are prudent; and
- (v) arecomplete in all material respects on a consistent basis

In making the judgment management refers to, and considers the applicability of, the following sources in descending order:

- (a) the requirements in Ind ASs dealing with similar and related issues; and
- (b) the definitions, recognition criteria and measurement concepts for assets, liabilities, income, and expenses in the Framework.

In making the judgment, management considers the most recent pronouncements of the International Accounting Standards Board and in the absence thereof those of the other standard-setting bodies that use a similar conceptual framework to develop accounting standards, other accounting literature, and accepted industry practices, to the extent that these do not conflict with the Indian accounting Standard and accounting policies and practices as stated in above paragraph.

The Company operates in the mining sector (a sector where the exploration, evaluation, and development production phases are based on the varied topographical and geo-mining terrain spread over the lease period running over decades and prone to constant changes), the accounting policies whereof have evolved based on specific industry practices supported by research committees and approved by the various regulators owing to its consistent application over the last several decades. In the absence of specific accounting literature, guidance and standards in certain specific areas which are in the process of evolution, theCompany continues to strive to develop accounting policies in line with the development of accounting literature and any development therein shall be accounted for prospectively as per the procedure laid down above more, particularly in Ind AS 8.

#### 2.24.1.2 Materiality

Ind AS applies to items which are material. Management uses judgement in deciding whether individual items orgroups of items are material in the financial statements. Materiality is judged by reference to the nature or magnitude or both of the items. The deciding factor is whether omitting or misstating or obscuring an information could individually or in combination with other information influence decisions that primary users make on the basis of the financial statements. Management also uses judgement of materiality for determining the compliance requirement of the Ind AS. Further, the Company may also be required to present separately immaterial items when required by law.

With effect from 01.04.2019 Errors/omissions discovered in the current year relating to prior periods are treated as immaterial and adjusted during the current year, if all such errors and omissions in aggregate does not exceed 1% of total revenue from Operation (net of statutory levies) as per the last audited financial statement of the Company.

#### 2.24.1.3 Operating lease

Companyhas entered into lease agreements. The Company has determined, based on an evaluation of the terms and conditions of the arrangements, such as the lease term not constituting a major part of the economic life of the commercial property and the fair value of the asset, that it retains all the significant risks and rewards of ownership of these properties and accounts for the contracts as operating leases.

#### 2.24.2 Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

The estimates, judgements and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

The application of accounting policies that require critical judgements and accounting estimates involving complex and subjective judgements and the use of assumptions in these standalone financial statements have been disclosed here in below:

#### 2.24.2.1 Impairment of non-financial assets

There is an indication of impairment if, the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. Company considers individual mines as separate cash generating units for the purpose of test of impairment. The value in use calculation is based on a DCF model. The cash flows are derived from the budget for the next five years and do not include restructuring activities that the Company is not yet committed to or significant future investments that will enhance the asset's performance of the CGU being tested. The recoverable amount is sensitive

to the discount rate used for the DCF model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes. These estimates are most relevant to other mining infrastructures. The key assumptions used to determine the recoverable amount for the different CGUs, are disclosed and further explained in respective notes.

#### 2.24.2.2 Taxes

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

#### 2.24.2.3 Defined benefit plans

The cost of the defined benefit plan and other post-employment medical benefits and the present value of the obligations are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates.

Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

The mortality rate is based on publicly available mortality tables of the country. Those mortality tables tend to change only at interval in response to demographic changes.

#### 2.24.2.4 Intangible asset under development

The Company capitalises intangible asset under development for a project in accordance with the accounting policy. Initial capitalisation of costs is based on management's judgement that technological and economic feasibility is confirmed, usually when a project report is formulated and approved.

# 2.24.2.5 Provision for Mine Closure, Site Restoration and Decommissioning Obligation

In determining the fair value of the provision for Mine Closure, Site Restoration and Decommissioning Obligation, assumptions and estimates are made in relation to discount rates, the expected cost of site restoration and dismantling and the expected timing of those costs. The Company estimates provision using the DCF method considering life of the project/mine based on

- Estimated cost per hectare as specified in guidelines issued by Ministry of Coal, Government of India
- The discount rate (pre-tax rate) that reflect current market assessments of the time value of money and the risks specific to the liability.

( **₹** in Crore)

#### 2. Title deeds of Immovable Properties not held in name of the Company

- 3 Land acquired in pursuance to Coal Mines (Nationalisation) Act 1973, does not require title deeds separately for corresponding land. All other title deeds for land acquired are in possession and are mutated in favour of company except in few cases of freehold lands, where
- same is under progress pending legal formalities.Building includes Water supply, roads and culverts.
- 5 Plant and Machinery above includes Plant and machineries including Stand by Equipment and stores and spares which satisfies criteria for recognition as PPE but not yet issued from stores
- 6 Other Mining Infrastructure consists of Development and Prospecting boring activity assets for mines which are brought to revenue.
- 7 Others includes fixed assets taken over by Company from Western Division of Coal Mines Authority of India Ltd, vested consequent to nationalisation of Coal Mines, appearing as "Assets taken over on Nationalisation" stood depreciated in the course of earlier years and are appearing in accounts at a total residual value of ` 0.01 crore only
- 8 Company took over various assets from the Coal Mines Labour Welfare Organisation (since repealed) situated at various locations and Coal Mines Rescue Station at Pench, in the years 1984 and 1986 respectively, consequent to decision by Government of India. These Assets have not been incorporated in the Accounts pending finalisation of purchase consideration thereof by the Central Government. Accounting adjustment would be made on final determination
- 9 DFD Plant and CBE Plant continue to remain inoperative during the year. Leasehold Land of DFD Plant is being amortized over the lease period of 30 years. Other assets of both these plants are carried in the books at a residual value of 5% of their cost.
- 10 Cost of Asset as well as provision for depreciation on final Surveyed off Assets(Grounded off) are taken out of the Gross Block and provision for depreciation respectively and the residual value at 5% of Book Value are shown as a separate line item as Surveyed off assets. In case of premature survey off, the difference between the WDV and residual value of 5% is charged to Statement of Profit and Loss, as loss on surveyed off assets.
- 11 Company has capitalised from the depreciation for the period, Rs 1.72 crores in Project Waghoda, Rs.0.27 crore in Project Sharda, Rs. 0.06 crores in Project Tawa II, Rs. 0.03 crores in Project Gandhigram, Rs 0.41 crores in project Jamunia & Rs 0.90 crores Dhankasa (Total Rs. 3.39 crores) which are under development stage.
- Prospecting Boring and Development expenses amounting to ₹38.54Crore (₹2.48Crore) along with provision for depreciation have been taken out from accounts during the period after expiry of two years, following the year in which these are fully amortized.
- 13 During the physical verification of Surveyed off assets by area level committee in the FY 2022-23, assets worth Rs.5.42 crores were not found. Those assets have been fully impaired in the books of accounts in FY 2022-23. During reverification made in current year Rs. 0.92 Crores assets were traced and Impairment has been reversed to the same extent. A higher level committee has been formed to further trace these assets.
- 14 Refer Note 16 (5) (n) for consequential impact of reclassification and restatement for stripping activity adjustment in note 9.1 as per Ind AS 8, 'Accounting Policies, Changes in Accounting Estimates and Errors' and Ind AS 1,' Presentation of financial statements'.

4.3.1 The Company has used the practical expedient by computing the expected credit loss allowance based on a provision matrix in determining allowance for credit losses of trade receivables. The provision matrix takes into account historical credit loss experience and forward looking information. The expected credit loss allowance is based on ageing of receivables that are due and the rates used in provision matrix.

#### The details of movement in allowance for expected credit loss

#### 4.6.2 Deposit with bank under Mine Closure Plan

Following the guidelines from Ministry of Coal, Government of India for preparation of Mine Closure Plan, an Escrow Account has been opened. Up to 50% of the total amount deposited including interest accrued in the ESCROW account may be released after every five years in line with the periodic examination of the closure plan as per the Guidelines. (Refer Note 9.1 for Provision for Site Restoration/Mine Closure).

#### 9.1.3 Provision for Site Restoration/Mine Closure

The company's obligation for land reclamation and decommissioning of structures consists of spending at both surface and underground mines in accordance with the guidelines from Ministry of Coal, Government of India. The estimate of obligation for Mine Closure, Site Restoration and Decommissioning based upon detailed calculation and technical assessment of the amount and timing of the future cash spending to perform the required work. Mine Closure expenditure is provided as per approved Mine Closure Plan. The estimates of expenses are escalated for inflation, and then discounted at a discount rate (@8%) that reflects current market assessment of the time value of money and the risks, such that the amount of provision reflects the present value of the expenditures expected to be required to settle the obligation. The value of the provision is progressively increased over time as the effect of discounting unwinds; creating an expense recognised as financial expenses. In reference tob above guidlines for preparation of mine closure plan, an escrow account has been opened. (Refer Note - 4.6)

Company Overview

Statutory Reports

(₹ in Crore)

# "Madhya Pradesh Gramin Avsanrachana Tatha Sadak Vikas Adhiniyam, 2005" (MPGATSVA 2005), some consumers as well as WCL has moved to the Hon'ble High Court of Madhya Pradesh, Jabalpur whereby vide interim order dated 15/02/2006 the Company is being directed not to deposit this tax to the State Government but to keep in a fixed deposit. The matter was later decided by the Jabalpur High Court in favour of MP Government against which the WCL has filed an SLP before the Hon'ble Supreme Court and the matter is still sub judice. The Hon'ble Supreme Court of India vide its interim order dated 02-08-2010 directed the Company to file its returns for all the years under protest as per MPGATSVA (2005) and also directed the assessing officer to complete the assessments of returns filed by the Company. In compliance with the Supreme Court directions, up to 31st Mar 2024 the assessing officer raised total demand of ₹ 787.80 Crores (PY ₹ 746.53 Crores) against the Company which is deposited under protest (including ₹ 5.91 Crores on accounts of for VAT/CST) in full as per the legal advice. Up to 31st Mar 2024, an amount of ₹ 825.31 Crores (₹ 787.81 Crores) has been collected from customers on account of MPGATSVA Tax (including VAT/CST thereon up to 31st March 2016). However, the Company has preferred Appeals against the assessment orders / demand notes with Competent Appellate Authority, Jabalpur and Bhopal.

10.2.1 Statutory dues include Rs. 37.52 crores on account of MPGASTVA. Against the levy of 5% tax under

Out of balance amount of  $\gtrless$  37.52 Crores,  $\gtrless$  33.22 Crores has been kept in deposit leaving balance of  $\gtrless$  4.29 Crores to be deposited. The cumulative interest accrued on fixed deposits made on this account is added to liability.

#### (b) Fair value hierarchy

Table below shows Judgments and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

A brief of each level is given below.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes Mutual fund which is valued using closing Net Asset Value (NAV) as at the reporting date.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case security deposits and other liabilities taken included in level 3.

#### (c) Valuation technique used in determining fair value

Valuation techniques used to value financial instruments include the use of quoted market prices (NAV) of instruments in respect of investment in Mutual Funds.

#### (d) Fair value measurements using significant unobservable inputs

At present there are no fair value measurements using significant unobservable inputs.

#### (e) Fair values of financial assets and liabilities measured at amortized cost

The carrying amounts of trade receivables, short term deposits, cash and cash equivalents, trade payables are considered to be the same as their fair values, due to their short-term nature.

> The Company considers that the Security Deposits does not include a significant financing component. The security deposits coincide with the company's performance and the contract requires amounts to be retained for reasons other than the provision of finance. The withholding of a specified percentage of each milestone payment is intended to protect the interest of the company, from the contractor failing to adequately complete its obligations under the contract. Accordingly, transaction cost of Security deposit is considered as fair value at initial recognition and subsequently measured at amortized cost.

Significant estimates: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques. The Company uses its judgment to select a method and makes suitable assumptions at the end of each reporting period.

# 2. FINANCIAL RISK MANAGEMENT

#### Financial risk management objectives and policies

The Company's principal financial liabilities comprise loans and borrowings, trade and other payables directly related to its operations. The main purpose of these financial liabilities is to finance the company's operations and to provide guarantees to support its operations. The Company's principal financial assets include loans, trade and other receivables, and cash and cash equivalents that is derived directly from its operations.

The company is exposed to market risk, credit risk and liquidity risk. The company's senior management oversees the management of these risks. The company's senior management is supported by a risk committee that advises, inter alia, on financial risks and the appropriate financial risk governance framework for the Company. The risk committee provides assurance to the Board of Directors that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarized below.

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the impact of hedge accounting in the financial statements

| Risk                             | Exposure arising from  | Measurement                                      | Management   |

| Liquidity Risk                   | Borrowings and other<br>liabilities  | Periodic cash<br>flows                           | Availability of committed<br>credit lines and borrowing<br>facilities  |
| Market Risk-<br>foreign exchange | Future commercial<br>transactions, recognised<br>financial assets and<br>liabilities not<br>denominated in INR | Cash flow<br>forecast<br>sensitivity<br>analysis | Regular watch and review by senior management and audit committee.   |
| Market Risk-<br>interest rate    | Cash and Cash<br>equivalents, Bank<br>deposits and mutual<br>funds   | Cash flow<br>forecast<br>sensitivity<br>analysis | Department of public<br>enterprises (DPE guidelines),<br>Regular watch and review by<br>senior management and<br>audit committee.  |

The company risk management is carried out by the board of directors as per DPE guidelines issued by Government of India. The board provides written principals for overall risk management as well as policies covering investment of excess liquidity.

#### A. Credit risk :

#### Credit risk management:

Receivables arise mainly out of sale of Coal. Sale of Coal is broadly categorized as sale through fuel supply agreements (FSAs) and e-auction.

Macro - economic information (such as regulatory changes) is incorporated as part of the fuel supply agreements (FSAs) and e-auction terms.

#### Fuel Supply Agreements (FSAs)

As contemplated in and in accordance with the terms of the New Coal Distribution Policy (NCDP), the company enters into legally enforceable FSAs with customers or with State Nominated Agencies that in turn enters into appropriate distribution arrangements with end customers. Our FSAs can be broadly categorized into:

- FSAs with customers in the power utilities sector, including State power utilities, private power utilities ("PPUs") and independent power producers ("IPPs");
- FSAs with customers in non-power industries (including captive power plants ("CPPs")); and
- FSAs with State Nominated Agencies.

#### **E-Auction Scheme**

The E-Auction scheme of coal has been introduced to provide access to coal for customers who were not able to source their coal requirement through the available institutional mechanisms under the NCDP for various reasons, for example, due to a less than full allocation of their normative requirement under NCDP, seasonality of their coal requirement and limited requirement of coal that does not warrant a long-term linkage. The quantity of coal to be offered under E-Auction is reviewed from time to time by the Ministry of Coal.

**Provision for Expected credit loss:** The Company provides for expected credit risk loss for doubtful/ credit impaired assets, by lifetime expected credit losses (Simplified approach). Refer Note -4.3, Trade Receivables.Expected Credit losses for trade receivables under simplified approach.

#### Significant estimates and judgments for Impairment of financial assets

The impairment provisions for financial assets disclosed above are based on assumptions about risk of default and expected loss rates. The Company uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

#### B. Liquidity Risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due. Due to the dynamic nature of the underlying businesses, Company treasury maintains flexibility in funding by maintaining availability under committed credit lines.

Management monitors forecasts of the Company's liquidity position (comprising the undrawn borrowing facilities) and cash and cash equivalents on the basis of expected cash flows. This is generally carried out at local level in accordance with practice and limits set by the Company.

The table below summarizes the maturity profile of the Company financial liabilities based on contractual undiscounted payments.

#### A. Market risk

#### a) Foreign currency risk

Foreign currency risk arises from future commercial transactions and recognised assets or liabilities denominated in a currency that is not the Company's functional currency (INR). The Company is exposed to foreign exchange risk arising from foreign currency transactions. Foreign exchange risk in respect of foreign operation is considered to be insignificant. The Company also imports and risk is managed by regular follow up. Company has a policy which is implemented when foreign currency risk becomes significant.

#### b) Cash flow and fair value interest rate risk

The Company's main interest rate risk arises from bank deposits with change in interest rate exposes the Company to cash flow interest rate risk. Company policy is to maintain most of its deposits at fixed rate. Company manages the risk using guidelines from Department of public enterprises (DPE), diversification of bank deposits credit limits and other securities.

#### **Capital management**

The company being a government entity manages its capital as per the guidelines of Department of investment and public asset management under ministry of finance.

#### Capital Structure of the company is as follows: (₹ in Crore)

|                          | As at <b>31<sup>st</sup> Mar 2024</b> | As at <b>31<sup>st</sup> Mar 2023</b> |

#### 3. Employee Benefits: Recognition and Measurement ReferNote-13.3 (Ind AS-19):

#### (a)Gratuity

The Company provides for gratuity, a post-employment defined benefit plan ("the Gratuity Scheme") covering the eligible employees. Gratuity payment is made as per policy of the company subject to maximum of ₹ 20 lacs at the time of separation from the company considering the provisions of the Payment of Gratuity Act 1972 as amended. The liability or asset recognised in the balance sheet in respect of the Gratuity Scheme is the present value of the defined benefit obligation at the end of the reporting year less the fair value of plan assets. The .

defined benefit obligation is calculated at each reporting date by actuaries using the projected unit credit method. Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the year in which they occur, directly in other comprehensive income (OCI).

The Gratuity Scheme is funded through trust maintained with Life Insurance Corporation of India. LIC also provides an insurance coverage (Life Cover Sum Assured- "LCSA") in case of death of a member during service, to compensate the shortfall in gratuity amount from estimated payable at normal retirement date based on last drawn salary subject to ceiling of maximum of ₹ 20 lacs.

Statutory Reports

Company Overview

#### b) Post-Retirement Medical Benefit – Executive (CPRMSE)

Company has post-retirement medical benefit scheme known as Contributory Post Retirement Medicare Scheme for Executive of CIL and its Subsidiaries (CPRMSE), to provide Medicare to the executives, their spouses and fully financially dependent Divyang child(ren) suffering from not less than 40% of any disability in Company hospital/empanelled hospitals or outpatient/Domiciliary only in India subject to ceiling limit, on account of retirement on attaining the age of superannuation or are separated by the Company on medical ground or retirement under Voluntary Retirement Scheme under common coal cadre or Voluntary Retirement Scheme formulated and made applicable from time to time. Membership is not extended to the executives who resigns from the services of the CIL and its subsidiaries. The maximum amount reimbursable during the entire life for the retired executives, spouse and dependent Divyang child (ren) taken together jointly or severally is ₹ 25 lakhs except for specified diseases with no upper limit. The Scheme is funded through trust for group, maintained with Life Insurance Corporation of India. The liability for the scheme is recognised based on actuarial valuation done at each reporting date.

#### c) Post-Retirement Medical Benefit – Non-Executive (CPRMSNE)

As a part of social security scheme under wage agreement, Company is providing Contributory Post-Retirement Medicare Scheme for non-executives (CPRMSE-NE) to provide medical care to the non-executives and their spouses and Divyang Child(ren) in Company hospital/empanelled hospitals or outpatient/Domiciliary only in India subject to ceiling limit, on account of retirement on attaining the age of superannuation or are separated by the Company on medical ground or retirement under Voluntary Retirement Scheme formulated and made applicable from time to time or resigns from the company at the age of 57 Years or above or on death to the spouse and Divyang Child(ren). The maximum amount reimbursable during the entire life for the retired nonexecutives and spouse taken together jointly or severally is ₹ 8 lakhs except for specified diseases with no upper limit. The maximum amount reimbursable during the entire life of Divyang child would be ₹ 2.5 lakh. The Scheme is funded through trust for group, maintained with Life Insurance Corporation of India. The liability for the scheme is recognised based on actuarial valuation done at each reporting date.

#### > DEFINED CONTRIBUTION PLANS:

#### a) Provident Fund and Pension:

Company pays fixed contribution towards Provident Fund and Pension Fund at pre-determined rates based on a fixed percentage of the eligible employee's salary i.e. 12% and 7% of Basic and Variable Dearness Allowance (VDA) towards Provident Fund and Pension Fund respectively. These funds are governed by a separate statutory body under the control of Ministry of Coal, Government of India, named Coal Mines Provident Fund Organization (CMPFO). The contribution towards the fund for the period is recognized in the Statement of Profit & Loss.

#### b) CIL Executive Defined Contribution Pension Scheme (NPS)

The company provides a post-employment contributory pension scheme to the executives of the Company known as "CIL Executive Defined Contribution Pension Scheme -2007" (NPS). NPS is being administered through separate trust at group level solely formed for the purpose. The obligation of the Company is to contribute to the trust to the extent of amount not exceeding 30% of Basic and Variable Dearness Allowance (VDA) less employer's contribution towards provident fund, gratuity, post-retirement medical benefits - Executive i.e. CPRMSE or any other retirement benefits. The current employer contribution of 6.99% of Basic and Variable Dearness Allowance (VDA) is being charged to statement of profit and loss.

#### > OTHER LONG TERM EMPLOYEE BENEFITS:

#### a) Leave encashment

The company provides benefit of total Earned Leave (EL) of 30 days and Half Paid Leave (HPL) of 20 days to the executives of the company, accrued and credited proportionately on half yearly basis on the first day of January and July of every year. During the service, 75% EL credited balance is one time encashable in each

calendar year subject to ceiling of maximum 60 days EL encashment. Accumulated HPL is not permitted for encashment during the period of service. On superannuation, EL and HPL together is considered for encashment subject to the overall limit of 300 days without commutation of HPL. In case of non-executives, Leave encashment is governed by the National Coal Wage Agreement (NCWA) and at present the workmen are entitled to get encashment of earned leave at the rate of 15 days per year and on discontinuation of service due to death, retirement, superannuation and VRS, the balance leave or 150 days whichever is less, is allowed for encashment. Therefore, the liabilities for earned leave are expected to be settled during the service as well as after the retirement of employee. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. The liability under the scheme is borne by the Company as per actuarial valuation at each reporting date.

#### b) Life Cover Scheme (LCS)

As a part of the social security scheme, the Company has a Life Cover Scheme known as "Life Cover Scheme of Coal India Limited" (LCS) which covers all the executive and non-executive cadre employees. In case of death in service, an amount of ₹ 1,56,250/- is paid to the nominees under the scheme w.e.f01.10.2017. The expected cost of the benefits is recognized when an event occurs that causes the benefit payable under the scheme.

#### c) Settlement Allowances

As a part of wage agreement, a lump sum amount of ₹ 12,000/- is paid to all the non-executive cadre employees governed under NCWA on their superannuation on or after 31.10.2010 as settling-in allowance. The liability under the scheme is borne by the Company as per actuarial valuation at each reporting date.

#### d) Group Personal Accident Insurance (GPAIS)

Coal India Limited (CIL) has taken group insurance scheme from United India Insurance Company Limited to cover the executives of the CIL Group against personal accident known as "Coal India Executives Group Personal Accident Insurance Scheme" (GPAIS). GPAIS covers all types of accident on 24-hour basis worldwide. Premium for the scheme is borne by the CIL.

#### e) Leave Travel Concession (LTC)

As a part of wage agreement, Non-executive employees are entitled to travel assistance for visiting their home town and for "Bharat Bhraman" once in a block of 4 years. A lump sum amount of ₹10000/- and ₹15000/- is paid for visiting Home town and "Bharat Bhraman", respectively. The liability for the scheme is recognised based on actuarial valuation at each reporting date.

#### f) Workmen's Compensation Benefits in Mine Accident

As a part of social security scheme under wage agreement, the company provide the benefits admissible under The Employee's Compensation Act, 1923. An amount of ₹ 15 lakhs is paid to the next of kin of an employee in case of a fatal mine accident w.e.f 07.11.2019. The expected cost of the benefits is recognized when an event occurs that causes the benefit payable under the scheme.

# g) Funding status of defined benefit plans, defined contribution plans and other long term employee benefits plans, which are valued on actuarial basis, are as under:

- (I) Funded-
  - Gratuity
  - Leave Encashment
  - Post-Retirement Medical Benefit Executive (CPRMSE)
  - Post-Retirement Medical Benefit Non-Executive (CPRMS -NE)

- (ii) Unfunded
  - ➢ Life Cover Scheme
  - SettlementAllowance
  - Group Personal Accident Insurance
  - Leave Travel Concession
  - > Compensation to dependent on Mine Accident Benefits

Total liability as on **31st Mar 2024** based on valuation made by the Actuary, details of which are mentioned below:

\* Claims from Customers for grade slippages pending at AMRCD

No interest is expected in the settlement of cases under contingent liabilities, except where management has an adverse view.

- i. There are other claims along with interest by the employees and others where the amounts are not specified and as such, the contingent liability cannot be quantified.
- ii. Pending finalisation of Purchase consideration by the Central Government for Fixed Assets acquired at the time of assets taken over from the Coal Mines Labour Welfare Organisation and Coal Mines Rescue Station at Pench in the year 1984 and 1986 respectively, amount unascertainable.
- iii. The Competition Commission of India (CCI), on the basis of complaints by few coal customers (called as 'informant' in the case) against certain conducts of M/s Coal India Limited, M/s Western Coalfields Limited, M/s South Eastern Coalfields Limited, M/s Mahanadi Coalfields Limited (called as 'opposite' party in the case) heard the case and vide its order dated 09.12.2013, had inter-alia imposed a penalty of ₹ 1,773.05 Crores. The appeal against the above order was filed with Competition Appellate Tribunal and as per their judgement dated 17.05.2016 appeal of Coal India Limited has been allowed, impugned orders of CCI have been set aside and the matters are remitted back to the Commission for deciding the issues arising out of the information afresh. The CCI passed the fresh impugned Order on 24th March,2017 with a reduction of penalty to ₹ 591.01 Crores. Coal India Ltd has filed appeal before the NCLAT against the Fresh Impugned Order and a stay has been granted on the operation of Impugned Order. The above amount is shown in books of CIL not in WCL.
- iv. A demand has been received from Railways for Land License Fee of ₹2,622.37 Crores for some sidings of WCL. However, there is no agreement between the WCL and Indian Railways(Central) for the enlisted Sidings against which Railway is raising such claim and as per records available, in respect of some siding, Land area falls under the ownership of WCL and other siding land was transferred to WCL under the provisions of Coal Mines Nationalization Act ,1973. This matter has already been taken up by the Management with Railways for providing documents, if any, in support of their claim and no such documents have been produced yet. As there is no uncertain future event in the instant case, this liability is not considered as Contingent Liability in the books of WCL.

#### b) Commitments

Estimated amount of contracts remaining to be executed on capital account and not provided for ₹ 1,673.94 Crore, Others (Revenue account) ₹12,584.40 Crores.

#### c) Letter of Credit and Bank Guarantee:

As on 31<sup>st</sup>Mar 2024 outstanding letters of credit is ₹ Nil crore (₹ NIL crore) and bank guarantee issued is ₹ 10.47Crore (₹ 10.08Crs).

### 5. Other Information

#### a) Government Assistance

Subsidy for Sand Stowing & Protective Works includes ₹0.00 Crore received from Ministry of Coal, Government of India in terms of Coal Mines (Conservation & Development) Act, 1974 towards reimbursement of expenditure incurred for the Sand Stowing & Protective Works.

#### b) Segment Reporting

The Company is primarily engaged in a single segment business of production and sale of Coal. The income from interest and other income is less than 10% of the total revenue; hence no separate segment is recognized for the same.

In accordance with the provisions of Ind AS 108 'operating segment', the operating segment used for presenting segment information are identified based on internal reports used by BOD to allocate resources to the segments and assess their performance. The BOD is the Company of Chief operating decision maker within the meaning of Ind AS 108.

The Board of directors considers a business from a prospect of significant product offerings and has decided that presently there is one single reportable segment being sale of Coal. Information of financial performance and net asset is presented in the consolidated information of P/L and Balance sheet.

Revenue by destination is a follows:

Estimated liability has been provided where actual liability could not be measured.

#### i) Ratios

| Description   | For The Year<br>Ended<br>31-03-2024 | For The Year<br>Ended<br>31-03-2023 | Variance |
|---|-------------------------------------|-------------------------------------|----------|
| (a) Current Ratio: The current ratio indicates a company's overall liquidity position. It is widely used by banks in making decisions regarding the advancing of working capital credit to their clients. Current ratio has been calculated as Current Assets divided by Current liabilities. | 1.63                                | 1.44                                | 0.18     |
| <b>(b) Debt-Equity Ratio:</b> Debt-to-equity ratio compares a Company's total debt to shareholder's equity. Both of these numbers can be found in a Company's balance sheet. Debt-Equity Ratio has been calculated as total debt divided by Shareholder's Equity.                             | -                                   | -                                   | -        |
| () Debt Service Coverage Ratio: Debt Service coverage<br>ratio is used to analyse the firm's ability to pay-off current<br>interest and instalments. Debt Service Coverage Ratio is<br>calculated as Earning available for debt service divided by<br>Debt Service.                           | NA                                  | NA                                  | NA       |
| Earning for Debt Service = Net Profit after taxes + Non-<br>cash operating expenses like depreciation and other<br>amortizations + Interest + other adjustments like loss on<br>sale of Fixed assets etc.   |                                     |                                     |          |
| Debt service = Interest & Lease Payments + Principal<br>Repayments  |                                     |                                     |          |
| "Net Profit after tax" means reported amount of "Profit /<br>(loss) for the period" and it does not include items of<br>other comprehensive income.   |                                     |                                     |          |

| Description  | Ended<br>31-03-2024 | Ended<br>31-03-2023 | variance |
| (d) Return on Equity Ratio: It measures the profitability<br>of equity funds invested in the Company. The ratio<br>reveals how profitability of the equity-holders' funds<br>have been utilized by the Company. It also measures the<br>percentage return generated to equity-holders. The<br>ratio is computed as: (Net Profits after taxes less<br>Preference Dividend (if any) divided by Average<br>Shareholder's Equity   | 0.67                | 0.67                | (0.01)   |
| (e) Inventory turnover ratio: This ratio also known as stock turnover ratio and it establishes the relationship between the cost of goods sold during the period or sales during the period. It measures the efficiency with which a Company utilizes or manages its inventory. Inventory turnover ratio is calculated as Cost of goods sold OR sales divided by Average Inventory. Average inventory is (Opening + Closing balance / 2) When the information opening and closing balances of inventory is not available then the ratio can be calculated by dividing COGS OR Sales by closing balance of Inventory.                                 | 10.40               | 11.10               | (0.70)   |
| <ul> <li>(f) Trade Receivables turnover ratio: It measures the efficiency at which the firm is managing the receivables.</li> <li>Trade receivables turnover ratio = Net Credit Sales / Avg. Accounts Receivable.</li> <li>Net credit sales consist of gross credit sales minus sales return. Trade receivables includes sundry debtors and bills receivables.</li> <li>Average trade debtors = (Opening + Closing balance /2) When the information about credit sales, opening and closing balances of trade debtors is not available then the ratio can be calculated by dividing total sales by closing balances of trade receivables.</li> </ul> | 0.80                | 1.29                | (0.49)   |

#### a) Others

- By virtue of enactment of Mineral Validation Act, 1992, the Company has raised supplementary bills on customer's up to 04.04.1991 on a/c of Cess and Other Taxes amounting to ₹3.21Crores(₹3.21 Crores). Pending outcome of Special Leave Petition in Supreme Court, against the judgment of Ranchi Bench of Hon'ble Patna High Court in favour of the Company the same is shown as liability for Cess on Royalty under the head Other Current Liabilities.
- 2. The Rate Contracts (RC) for supply of explosives by different suppliers was expired on 28th February'2006 and pending renewal of the same the suppliers were asked to continue the supplies at the same prevalent rates, subject to the condition that supplies during such extended period would be governed by the rates as may be fixed in the new RC. This continued up to 28th July, 2006.

The new RC was finalised and came into effect from 29th July, 2006 with a reduced price of the explosives and recovery of excess amount paid was made from the suppliers against which some of the suppliers filed a Civil Suit before Hon'ble Calcutta High Court which granted a stay against recovery in December 2006. Accordingly, CIL directed WCL to refund the amount deducted from the six suppliers.

The Hon'ble High Court of Calcutta asked these suppliers to deposit the disputed amount in question in an account with the Joint Receiver appointed by the Hon'ble High Court. But the suppliers failed to do so and the Hon'ble Calcutta High Court in July 2008 vacated the stay of recovery of excess payment made to such suppliers.

Hence, CIL directed WCL to restart the recovery of such amount from the running bills of the suppliers as per directives of Court. However, pending disposal of the case since 2008-09 the recovery of ₹2.58 Crores is kept under liability in the books of account.

- During the year 1993-94 a suspected fraud case was detected at Nandgaon Incline of Chandrapur Area, guantified by the Internal Audit Department to the tune of ₹0.12 Crores. Thereafter an amount of ₹0.02 Crores has been recovered from the party and for balance figure matching provision is done in books. The same is under CBI investigation vide case no. RC1(A)/96 DTD 03.01.1996, Chandrapur.
- 4. During the year 1995-96, a theft case at CWS Stores was suspected and police complaint was lodged. During the course of departmental enquiry many kardex were seized / taken out for investigation. Pending final outcome of the enquiry, the workshop continues to maintain a provision of ₹0.14 Crores
- 5. No proceedings have been initiated or pending against the company on the date of the Balance Sheet for holding any benami property under the Benami Transactions (Prohibition) Act, 1988.
- 6. There is no system to ascertain and provide comprehensive list of transactions with struck off companies. However, based on the information to the extent available with the company, there were no transactions with the companies struck off under section 248 of the Companies Act, 2013.
- k) Apex Office Charges and Interest to Holding Company
  - I. Apex office charges of Holding Company are allocated to revenue mines on the basis of coal production.
  - ii. An amount of ₹ 42.11 Crores (₹ 37.30 Crores) has been charged to P&L A/c being additional Apex Charges @ ₹6.00 per ton of coal dispatch to meet the rehabilitation & firefighting expenses of Jharia and Raniganj areas of BCCL / ECL as per advice of CIL.
- I) **Balance Confirmations**

3.

- I. The Company has a procedure for obtaining periodic confirmation of balances from banks. There are no unconfirmed balances in respect of bank accounts and borrowings from banks. With regard to other parties, reconciliations are made and the balance confirmation letters/emails are also sent on a periodic basis. Some of such balances are subject to confirmation/reconciliation. Adjustments, if any will be accounted for on confirmation/reconciliation of the same, and are not anticipated to materially affect the results.
- ii. Joint reconciliation with major sundry debtors is done periodically. Reconciliation with MPPGCL upto Mar'23, NTPC upto Mar'23 for Some Plants and GUVNL upto Sept'22 & MSPGCL completed upto Jun'22.

#### m) **Significant accounting policy**

Significant accounting policy (Note-2) has been drafted to elucidate the accounting policies adopted by the Company in accordance with Indian Accounting Standards (Ind AS) notified by Ministry of Corporate Affairs (MCA) under the Companies (Indian Accounting Standards) Rules, 2015.

#### n) Restatement for the year ended 31<sup>st</sup> March 2023 and as at 1<sup>st</sup> April 2022

In accordance with Ind AS 8, 'Accounting Policies, Changes in Accounting Estimates and Errors' and Ind AS 1, 'Presentation of Financial Statements', the Company has retrospectively restated its Balance Sheet as at 31<sup>st</sup> March 2023 and 1<sup>st</sup> April 2022 (beginning of the preceding period; as restatement prior to that period is impracticable) and Statement of Profit and Loss and Statement of Cash Flows for the year ended 31<sup>st</sup> March 2023 for the reasons as stated below:

In case of opencast mining, CIL has consistently adhered to its accounting policy of stripping activity (Overburden removal) since its inception. Under the existing policy stripping activity cost comprises two components viz. Advance stripping and Ratio variance. Advance stripping was recognized as current assets based on physical measurement. Ratio variance recognized as non-current provisions to spread the overburden removal cost evenly over the life of the project, based on Standard Ratio.

During the year, based on an opinion from the Accounting Standard Board (ASB) of the Institute of Chartered Accountants of India (ICAI) on the stripping activity policy of the company, a revised policy on stripping activity in accordance with Appendix-B Stripping Costs in the Production Phase of a Surface Mine, of Ind-AS: 16, Property, Plant, and Equipment has been implemented by the company. Existing Advance Stripping balance as at 31<sup>st</sup> March, 2022 has been considered as Stripping Activity Assets as at 01.04.2022 under Note: 3.1 property plant and equipment, in the restated financial statements.

Reconciliation of financial statement line items which are retrospectively restated are as under:
