Sub: Notification of high-grade sources with quality parameters

Dear Sir,

It is to bring to your notice that CIL is taking various steps towards the GOI Initiative for substitution of imported coal with domestic coal for the purpose of reduction of foreign exchange outflow.

In this respect coal companies are requested to notify the list of high-grade sources/mines (G1-G6 & equivalent) along with necessary quality parameters like GCV range, Ash% and VM% in their website for information to the customers for their planning purpose. Coal companies are also requested to update the list, as and when required.

Yours faithfully,

Executive Director(M&L)
