Ref.No. WCL/HQ/GM(QC)/ 2715

Dt. Feb 26, 2020

Area General Manager
WCL/Wani Area

Sub: Permission / Approval for Transhipment (Stacking & Dispatch) of G10 Grade coal of Mungoli OC to Ghugus New railway Siding, Wani Area

Ref: Proposal received from Wani Area vide file No. WCL/WA/MUN/SA/2020/352, dt. 28/01/2020.

Dear Sir,

This is to inform that Mungoli OC Mine of Wani Area has been included as an additional feeding colliery, to the Ghugus New Railway Siding of Wani Area for G10 grade. Accordingly, the updated list of the feeding collieries of above railway siding (transhipment point) of Wani Area shall be as under for the FY 2019-20 (Remaining Period):

Railway Siding (Transhipment Point)	Feeding Collieries		Corresponding grade of ROM/Cr.ROM fraction
Ghugus New Siding	i)	Penganga OCM	G10
	ii)	Mungoli OCM (Bot)	G10

With the above decision, since above siding shall henceforth receive coal of 2 different mines, you are requested to ensure that the said coal received at the siding does not get mixed together but stacked separately at the pre-demarcated places and is loaded into rail wagons accordingly.

This issues with the approval of the competent authority and has come into immediate effect and shall remain valid till 31st March 2020.

Yours faithfully,

General Manager (QC)
