Ref.No. WCL/HQ/GM(QC)/ 3441 (1)

Dt. October 13, 2020

प्रति,

Area General Manager
Nagpur Area

Sub : Stacking and despatch of G11 & G12 Cr. ROM Coal of Singhori OCM and Bhanegaon OCM respectively from Dumri Siding

Ref : Note Sheet No. WCL/AGM/NA/SALES/277 dt.7.10.2020

Dear Sir,

This is to inform that Singhori OCM and Bhanegaon OCM have been included as additional feeding collieries to the Dumri Siding of Nagpur Area. The updated list of the feeding collieries of the railway sidings (transshipment points) of Nagpur Area for Dumri Siding shall be as under for FY 2020-21(Remaining Period):

Transshipment Point	Proposed Feeding Collieries (2020-21)	Corresponding ROM/Cr. ROM
Dumri Siding	Bhanegaon OC	G12
	Singhori OC	G11
	Kamptee UG to OC Conv.	G12
	Gondegaon OCM	
	Inder UG to OC Conv.	

With the above decision, since Dumri siding shall henceforth receive coal of 2 different grades, you are advised to ensure that the said coal received at the siding does not get mixed together but stacked separately at the pre-demarcated places and is loaded into rail wagons accordingly, depending on the availability of stock of each grade at the time of loading and ensure compliance of other relevant guidelines of the company.

This issues with the approval of the competent authority and comes into force with immediate effect and shall remain valid for FY 2020-21.

Yours faithfully,

General Manager (QC)
